 SINGLE AUDIT

Subject

The District is responsible for preparing financial statements, complying with federal and state laws, and maintaining strong internal controls over compliance and financial reporting. As the auditors, our job is to determine whether the District has met its responsibilities. The District's Single Audit Reporting Package includes our report on the District's financial statements, the District's financial statements including its schedule of expenditures of federal awards, and our reports on the District's compliance and internal control.

Our Conclusion

The information in the District's financial statements is fairly stated in all material respects and the financial statements can be relied upon. The District also maintained adequate internal controls over financial reporting and federal compliance, and complied with federal program requirements for the programs tested.

2002

Year Ended June 30, 2002

**New Standards
 Change the Focus of
 Financial Reporting**

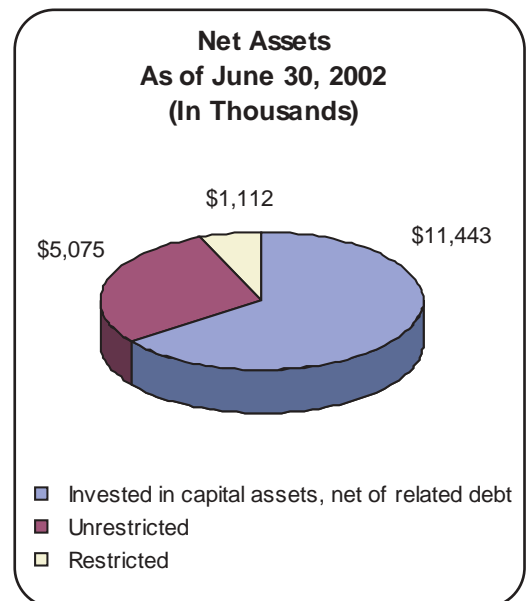

During fiscal year 2002, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements—and Management's Discussion and Analysis—for Public Colleges and Universities*. This Statement establishes new external financial reporting standards for public colleges and universities.

GASB Statement No. 35 requires the District to present financial statements on a consolidated basis to focus on the District as a whole; previously, financial statements focused on the accountability of individual fund groups. The new standards require three basic financial statements: Statement of Net Assets; Statement of Revenues, Expenses, and Changes in Net Assets; and Statement of Cash Flows.

Statement of Net Assets

The Statement of Net Assets reports all assets and liabilities using the accrual basis of accounting, which is similar to the accounting that most private-sector institutions use. Net assets, the difference between assets and liabilities, are one way to measure the District's financial health. Net assets include three major categories. The first category—invested in capital assets, net of related debt—shows the District's equity in property, plant, and equipment.

The next category—restricted net assets—shows the net resources available for certain District expenses. These net assets must be used for purposes determined by donors and external entities that have placed purpose restrictions on the use of those resources. The third category—unrestricted net assets—are net resources available to the District to fund general operations. The chart below illustrates the components of the District's net assets as of June 30, 2002.

Statement of Revenues, Expenses, and Changes in Net Assets

The Statement of Revenues, Expenses, and Changes in Net Assets presents the District's operating results, as well as nonoperating revenues and expenses. Revenues and expenses are classified as operating if they relate to the District's primary activities, such as instruction and student services. All other revenues and expenses, such as state

appropriations, property tax revenues, and interest expense on debt, are considered nonoperating, with one exception. Capital appropriations are reported separately following nonoperating revenues. The summaries below present the District's revenues and expenses for the year ended June 30, 2002.

The District Spent \$7.4 Million of Federal Monies

The District spent \$7.4 million of federal monies and additional required state matching monies this past year for 20 programs. The largest federal grants were for Student Financial Assistance. Under the guidelines established by the Single Audit Act, auditors tested the following federal programs, collectively referred to as the Student Financial Assistance Program Cluster:

- Federal Supplemental Educational Opportunity Grants
- Federal Family Education Loans
- Federal Work-Study Program
- Federal Pell Grant Program

The Single Audit Fact Sheet

- No weaknesses in financial reporting or federal compliance internal controls.
- No violations of federal compliance requirements.
- No program costs questioned as a result of our audit.
