The Honorable Board of Supervisors  
Maricopa County  
County Administration Building  
301 W. Jefferson Street  
Phoenix, AZ 85003

Arizona Revised Statute (A.R.S.) §41-1279.21 requires the Office of the Auditor General to conduct financial audits of the accounts and records of County governments. Pursuant to the statute, the Office of the Auditor General audited the Comprehensive Annual Financial Report (CAFR) of Maricopa County in accordance with generally accepted auditing standards for the year ended June 30, 2016.

This report consists of management's representations concerning the finances of Maricopa County. Consequently, management assumes full responsibility of the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of Maricopa County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for preparation of Maricopa County's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal control should not outweigh their benefits, Maricopa County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The goal of the independent audit was to provide reasonable assurance that the financial statements of Maricopa County for the fiscal year ended June 30, 2016, are free of material misstatement. The independent audit involves obtaining audit evidence about the amounts and disclosures in the financial statements. An audit includes assessments of risk of material misstatement of the financial statements, evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluating the overall financial statement presentation. The independent auditors expressed an unmodified opinion on the Maricopa County financial statements for the fiscal year ended June 30, 2016. The auditors concluded that the financial statements were considered fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Maricopa County was part of a broader, federally mandated Single Audit designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. This report will be available in Maricopa County's separately issued Single Audit Report to be issued at a future date.

GAAP requires management's discussion and analysis (MD&A) immediately following the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. This MD&A complements this letter of transmittal and should be read in conjunction with it.

## **County Profile**

Maricopa County was established on February 14, 1871, and is located in the south-central portion of the State of Arizona. According to the Arizona Office of Employment and Population Statistics, at July 1, 2015, Maricopa County contained 60.3 percent of the State's total population (<https://population.az.gov>). The County occupies 9,224 square miles making it the 14<sup>th</sup> largest county in land area in the United States. Phoenix is the capital of Arizona as well as the county seat for Maricopa County.

Maricopa County operates under a five member elected Board of Supervisors who appoints a County Manager. The County Manager is responsible for the general administration and overall operations of the various County departments. The County has several elected officials including the Assessor, Clerk of the Superior Court, Constables, County Attorney, Recorder, Sheriff, Superintendent of Schools, and the Treasurer.

Maricopa County offers a wide variety of governmental services, including:

- *Community Resources:* Library District, Parks and Recreation, Stadium District, and Superintendent of Schools
- *County Administration:* Board of Supervisors, County Manager, Assessor's Office, Clerk of the Board, Elections, Finance, Internal Audit, Research and Reporting, Office of Management and Budget, Recorder, Office of Procurement Services, Human Resources, Information Technology, Treasurer's Office, and Facilities Management
- *Public Safety, Justice and Law Enforcement:* Clerk of the Superior Court, County Attorney, Trial Court, Adult Probation, Juvenile Probation, Sheriff's Department, Public Defender, Emergency Management, Correctional Health, Planning and Development, Constables, Justice Courts, and Public Fiduciary
- *Public Health and Welfare Services:* Public Health, Air Quality, Employee Benefits and Health, Human Services, Animal Care and Control, Environmental Services, and Medical Examiner
- *Public Works:* Flood Control District, Transportation Department, and Waste Resources and Recycling

The annual budget serves as the foundation for Maricopa County's financial planning and control. The County is required by A.R.S. §42-17101 et. seq. to annually prepare and adopt a balanced budget. Arizona law further requires that no expenditure shall be made or liability incurred in excess of the amounts budgeted except as provided by law. Maricopa County's annual budget is available on the internet at the following address: <http://www.maricopa.gov/budget/>.

## **Economic Outlook**

Maricopa County has a variety of industries within its boundaries with the majority comprised of high tech, financial, and service industries. Some of the major employers located in the state include Banner Health Systems, Wal-Mart Stores, Fry's Food & Drug Stores, Wells Fargo, Dignity Health, and various local governments (The Phoenix Business Journal, Book of Lists).

Because of a favorable climate and mild weather conditions, tourism is also a large factor in the strength of the local economy. Major sporting events can be held year-round and many people come to the area during the winter months. Maricopa County is the home to teams from major league professional sports, which include the Arizona Cardinals of the National Football League (NFL), Phoenix Suns of the National Basketball Association (NBA), Phoenix Mercury of the Women's National Basketball Association (WNBA), Arizona Diamondbacks of Major League Baseball (MLB), and the Arizona Coyotes of the National Hockey League (NHL). Maricopa County also hosts several major league baseball teams for the annual spring training Cactus League. Maricopa County is also a host to other major sporting events such as the Waste Management Phoenix Open golf tournament and Phoenix International Raceway. Cities within Maricopa County also host college bowl games such as the Fiesta Bowl and the Cactus Bowl. In 2016, Arizona hosted the College Football Playoff National Championship which was held in Glendale, a major city within Maricopa County.

Arizona remains on a modest growth track and continues to add jobs and residents at a faster pace than the nation and most other states. The forecast calls for steady growth with gains across most indicators exceeding national results ([www.eller.arizona.edu](http://www.eller.arizona.edu)). Maricopa County's unemployment rate is 4.1 percent as of December 2016, which remains below the State of Arizona and the United States unemployment rates of 4.8 percent and 4.7 percent, respectively ([www.laborstats.az.gov](http://www.laborstats.az.gov)).

## **Financial Policies and Long-Term Financial Planning**

**Financial Planning** – Maricopa County has a fiscally conservative management philosophy, which has allowed the County to be financially successful. Maricopa County prepares a five-year financial forecast, with the assistance of an economist, which is updated on a quarterly basis for several major funds, including the General Fund and Detention Operations Fund. The five-year forecast provides a conservative estimate of the County's fiscal condition given realistic economic trends, current Board policies, and existing laws. The forecast does not incorporate anticipated policy changes, spending priorities, or proposed new revenue sources.

**Capital Improvement Program** – Maricopa County's Capital Improvement Program (CIP) identifies capital projects to be completed over the next five years. Because these projects typically span more than one fiscal year, the plans are updated annually to track existing projects, identify new projects, and update funding estimates and forecasts. It is the County's philosophy and policy that new capital projects will be undertaken only if future operating revenues are reasonably estimated to be sufficient to support associated future operating costs. Operating costs associated with new facilities are budgeted by the user department in conjunction with the partnering department such as Facilities Management and Enterprise Technology. Estimated operating costs, as well as anticipated savings in lease costs and operating costs of facilities to be replaced are factored into the County's ten-year financial forecast.

**Debt Management** – Maricopa County utilizes a modified "pay as you go" financial policy for large capital improvement projects, large technology projects, and other infrastructure. The County pays cash for many capital improvements, or utilizes lease reversions or other funding sources from the General Fund to pay for large dollar projects.

**Cash Management** – Maricopa County maintains deposits and investments in the Treasurer's Pool and outside of the Treasurer's Pool. The Treasurer's Pool invests all idle monies not specifically invested for a fund or program. In addition, the Treasurer determines the fair value of those pooled investments monthly and at June 30th. Deposits and investments held outside of the Treasurer's Investment Pool represent a small portion of the County's total deposits and investments.

It is the County's investment policy to: collateralize all deposits by at least 102 percent of the deposits not covered by depository insurance; preserve the principal value and the interest income of an investment; hold investments to maturity, where practical, to avoid any loss on investments resulting from an early sale or retirement of an investment; and require all of the Treasurer's securities be held by the agent or trust department and in the County's name.

**Expenditure Limitation** – On June 30, 1980, Arizona voters approved general propositions amending the Arizona Constitution to establish expenditure and revenue limitations for local governments. The purpose of the expenditure limitation is to control expenditures and to limit future increases in spending to adjustments for inflation, deflation, and population growth of the County. The Constitution also limits the amount of revenues that may be generated from property taxes. A two-percent plus new construction annual increase is the maximum allowed by law unless special voter approval is obtained. This report will be available in Maricopa County’s separately issued Expenditure Limitation Report to be issued at a future date.

**Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Maricopa County for its comprehensive annual financial report for the fiscal year ended June 30, 2015. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both U.S. general accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program’s requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation and audit of this report could not be accomplished without the efficient and dedicated services of the Department of Finance staff, the assistance of administrative personnel in the various departments, and the competent service of the Office of the Auditor General. We appreciate all of those who assisted in and contributed to the preparation of this report. We also wish to express our sincere appreciation to the Board of Supervisors for their support in planning and overseeing the financial operations of the County in a responsible and progressive manner.

Respectfully submitted,

---

Joy Rich  
County Manager

### **The Honorable Maricopa County Board of Supervisors**

The Maricopa County Citizens Audit Advisory Committee has prepared this letter for inclusion in the county's Comprehensive Annual Financial Report (CAFR) according to the committee's charter. Described herein are the committee's composition, responsibilities, and an account of how the responsibilities were discharged.

#### **Composition of the Committee**

The membership of the committee shall consist of five voting members and three non-voting members. The voting members shall be board of supervisor appointees from the public and shall serve two-year terms. The non-voting members shall be the county's chief financial officer, the county attorney, the auditor general, or their designees. The chairman of the board of supervisors shall appoint a committee chairman from the voting members. The committee chairman shall serve a one-year term.

#### **Responsibilities of the Committee**

The committee's primary function is to assist the board of supervisors in fulfilling its oversight responsibilities. The committee accomplishes this function by reviewing the county's financial information, the established systems of internal controls, and the audit process. The committee also suggests areas requiring audit emphasis. Specific duties of the committee are described in the committee charter.

#### **Accomplishments of the Committee (Fiscal Year 2015-2016)**

The Citizens Audit Advisory Committee:

- Reviewed the county's internal audit activities and management's responses thereto.
- Reviewed the county's annual financial statements and issues related to the external audit performed by the Arizona State Auditor General.
- Provided guidance and commentary as needed.
- Enhanced the communication between the internal and external auditors.
- Held meetings in accordance with charter requirements.

Respectfully,

---

OFFICE OF THE  
AUDITOR GENERAL

MELANIE M. CHESNEY  
DEPUTY AUDITOR GENERAL

Independent auditors' report

Members of the Arizona State Legislature

The Board of Supervisors of  
Maricopa County, Arizona

Report on the financial statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, discretely presented component unit, each major fund, and aggregate remaining fund information of Maricopa County as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of four departments and the discretely presented component unit, which account for the following percentages of the assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, and expenses or expenditures of the opinion units affected:

Opinion Unit/Department	Assets and Deferred Outflows	Liabilities and Deferred Inflows	Revenues	Expenses/ Expenditures
<u>Government-wide Statements</u>				
Governmental activities:				
Stadium District	5.12%	0.59%	0.53%	0.81%
Risk Management	0.57%	3.77%	1.06%	2.49%
Employee Benefits Trust	0.57%	0.85%	7.39%	7.56%
Business-type activities:				
Housing Authority	100%	100%	100%	100%
Discretely presented component unit	100%	100%	100%	100%

Opinion Unit/Department	Assets and Deferred Outflows	Liabilities and Deferred Inflows	Revenues	Expenses/ Expenditures
<u>Fund Statements</u>				
Major Fund:				
Housing Authority	100%	100%	100%	100%
Aggregate remaining fund information:				
Stadium District	0.83%	0.02%	0.17%	0.17%
Risk Management	1.03%	25.32%	0.24%	0.58%
Employee Benefits Trust	1.03%	5.69%	1.68%	1.75%

Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those departments and component unit, are based solely on the other auditors' reports. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, discretely presented component unit, each major fund, and aggregate remaining fund information of Maricopa County as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

### ***Emphasis of matter***

As discussed in Note 1 to the financial statements, for the year ended June 30, 2016, the County adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*. Our opinions are not modified with respect to this matter.

## ***Other matters***

### *Required supplementary information*

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages 5 through 15, budgetary comparison schedules on pages 93 through 96, schedule of the County's proportionate share of the net pension liability on page 97, schedule of changes in the County's net pension liability and related ratios on pages 98 through 99, schedule of county pension contributions on pages 100 through 101, schedule of agent OPEB plans' funding progress on page 102, and the modified approach for infrastructure assets information on page 103 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary and other information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules and the introductory and statistical sections listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The combining and individual fund statements and schedules are management's responsibility and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards by us and the other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

### *Compliance over the use of highway user revenue fund and other dedicated state transportation revenue monies*

In connection with our audit, nothing came to our attention that caused us to believe that the County failed to use highway user revenue fund monies the County received pursuant to Arizona Revised Statutes Title 28, Chapter 18, Article 2, and any other dedicated state transportation revenues the County received solely for the authorized transportation purposes, insofar as they relate to accounting matters. However, our audit

was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the use of highway user revenue fund monies and other dedicated state transportation revenues, insofar as they relate to accounting matters.

The communication related to compliance over the use of highway user revenue fund and other dedicated state transportation revenue monies in the preceding paragraph is intended solely for the information and use of the members of the Arizona State Legislature, the Board of Supervisors, management, and other responsible parties within the County and is not intended to be and should not be used by anyone other than these specified parties.

### **Other reporting required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we will issue our report on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Debbie Davenport  
Auditor General

February 28, 2017

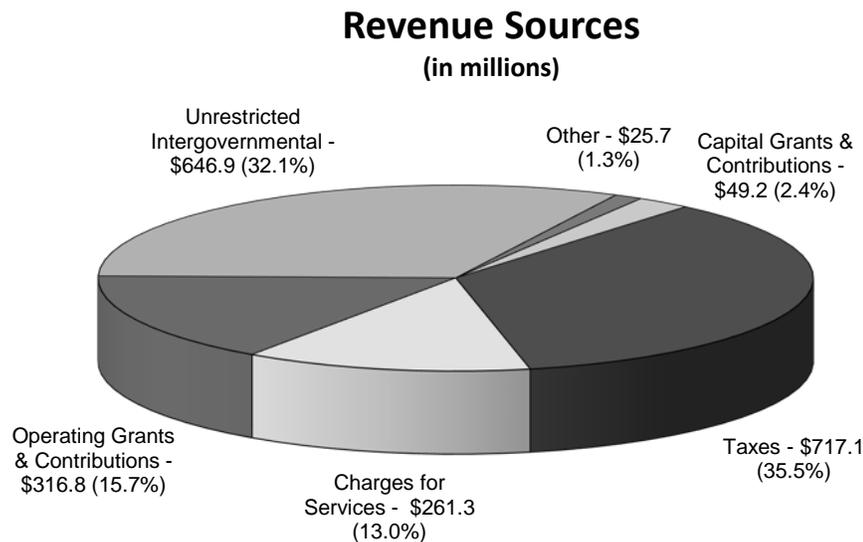

## Management's Discussion and Analysis

---

This discussion and analysis is intended to be an easily readable analysis of Maricopa County's (County) financial activities based on currently known facts, decisions or conditions. This analysis focuses on current year activities and should be read in conjunction with the Transmittal Letter that begins on page vii and with the County's basic financial statements following this section.

### Financial Highlights

- The total assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$3,171.5 million (net position), a decrease of .2 percent from the prior year restated amount. Of this amount, \$3,367.2 million is invested in capital assets, \$564.3 million is subject to external restrictions, and (\$760.0) million is unrestricted.
- The County's total net position as reported in the Statement of Activities decreased by \$6.3 million from the prior year. The County's primary sources of revenue are from taxes, intergovernmental, grants and contributions, and charges for services.

- The County's governmental funds reported combined fund balances of \$1,321.6 million, a decrease in fund balance of \$47.4 million from the prior fiscal year's restated balance. Approximately 98.6 percent of the combined fund balances, or \$1,303.4 million, is spendable and available to meet the County's current and future needs.
- Spendable fund balance for the General Fund increased by 49.5 percent to \$148.0 million; approximately 15.5 percent of total General Fund expenditures. See page 10 for a description of spendable fund balance. In accordance with Arizona Revised Statutes (A.R.S.), this entire amount is budgeted to be spent in the next fiscal year. A.R.S. §42-17151 requires that total estimated sources of revenue must equal the total estimated expenditures in the budget for the current fiscal year. In addition, A.R.S. §42-17102 stipulates that the estimated expenditures may include an amount for unanticipated contingencies or emergencies.

## Management's Discussion and Analysis (Continued)

---

- The County's enterprise fund, the Housing Authority Fund, reported net position of \$31.4 million, of which \$22.5 million is invested in capital assets, \$1.4 million is restricted, and \$7.5 million is unrestricted.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the basic financial statements. Required Supplementary Information is included in addition to the basic financial statements. The Combining and Individual Fund Statements and Schedules – Nonmajor Funds begin on page 114.

**Government-wide Financial Statements** are designed to provide readers with a broad overview of the County's finances, in a manner similar to private-sector businesses.

- The *Statement of Net Position* presents information on all County assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.
- The *Statement of Activities* presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government; public safety; highways and streets; health, welfare and sanitation; culture and recreation; education; and interest on long-term debt. The business-type activities of the County consist of the Housing Authority of Maricopa County.

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. The Housing Authority of Maricopa County, Maricopa County Flood Control District, Maricopa County Library District, Maricopa County Public Finance Corporation, Maricopa County Special Assessment Districts, Maricopa County Stadium District, and the Maricopa County Street Lighting Districts are reported as blended component units. The Industrial Development Authority of Maricopa County is reported as a discretely presented component unit.

*The Government-wide financial statements can be found on pages 21-23 of this report.*

**Fund Financial Statements** are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into three categories: *governmental funds*, *proprietary funds* and *fiduciary funds*.

## Management's Discussion and Analysis (Continued)

---

- **Governmental funds** are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a county's near-term financing requirements. Governmental funds include the general, special revenue, debt service, and capital projects funds.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds Balance Sheet and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County reports seven major governmental funds. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Detention Operations Fund, County Improvement Debt Fund, County Improvement Fund, Detention Capital Projects Fund, General Fund County Improvements Fund, and Technology Capital Improvement Fund.

Data from the other governmental funds (nonmajor) are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements*, which begin on page 114 of this report.

*The governmental funds financial statements can be found on pages 24-28 of this report.*

- **Proprietary funds** are maintained two ways. *Enterprise Funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses an enterprise fund to account for the Housing Authority Fund. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its equipment services, telecommunications, reprographics, risk management, employee benefits trust, and sheriff warehouse functions. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Fund financial statements for the enterprise fund provides the same type of information as the government-wide financial statements, only in more detail. The Housing Authority Fund is considered to be a major fund of the County. The County's internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the internal service funds is provided in the form of combining statements, which begin on page 257 of this report.

*The proprietary funds financial statements can be found on pages 30-32 of this report.*

- **Fiduciary funds** are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

*The fiduciary funds financial statements can be found on pages 34-35 of this report.*

**Notes to the Financial Statements** provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 39-89 of this report.

## Management's Discussion and Analysis (Continued)

**Required Supplementary Information** is presented concerning the County's General Fund and Detention Operations Fund. A budgetary comparison schedule has been provided for both of these funds to demonstrate compliance with budget and additional information is provided in the Note to Budgetary Comparison Schedules. In addition, the following schedules related to the County's pension plans are presented: Schedule of the County's Proportionate Share of Net Pension Liability, Schedule of Changes in the County's Net Pension Liability and Related Ratios, Schedule of County Pension Contributions, Schedule of Agent OPEB Plans' Funding Progress, and Notes to the Pension Plan Schedules. Also presented are infrastructure assets reported using the modified approach. Required supplementary information can be found on pages 93-103 of this report.

### Government-wide Financial Analysis

#### Net Position

Net position may serve over time as a useful indicator of a government's financial position. The following table reflects the condensed Statement of Net Position of the County for June 30, 2016, as compared to the prior year.

#### Statement of Net Position As of June 30 (in millions)

	Governmental Activities		Business-type Activities		Total		% Chg P/Y
	2016	2015 (as restated)	2016	2015 (as restated)	2016	2015 (as restated)	
Current and other assets	\$ 1,521.8	\$ 1,595.8	\$ 14.2	\$ 6.4	\$ 1,536.0	\$ 1,602.2	(4.1)%
Capital assets	3,577.1	3,476.8	28.1	32.1	3,605.2	3,508.9	2.7
Total assets	<u>5,098.9</u>	<u>5,072.6</u>	<u>42.3</u>	<u>38.5</u>	<u>5,141.2</u>	<u>5,111.1</u>	.6
Deferred outflows	297.0	306.0	0.3	0.4	297.3	306.4	(3.0)
Current liabilities	187.9	198.4	0.7	1.0	188.6	199.4	(5.4)
Long-term liabilities	1,993.2	1,873.0	10.0	10.1	2,003.2	1,883.1	6.4
Total liabilities	<u>2,181.1</u>	<u>2,071.4</u>	<u>10.7</u>	<u>11.1</u>	<u>2,191.8</u>	<u>2,082.5</u>	5.2
Deferred inflows	74.7	156.6	0.5	0.6	75.2	157.2	(52.2)
Net position							
Net investment in capital assets	3,344.7	3,290.7	22.5	26.3	3,367.2	3,317.0	1.5
Restricted	562.9	541.6	1.4	1.3	564.3	542.9	3.9
Unrestricted	<u>(767.5)</u>	<u>(681.7)</u>	<u>7.5</u>	<u>(0.4)</u>	<u>(760.0)</u>	<u>(682.1)</u>	(11.4)
Total net position	<u>\$ 3,140.1</u>	<u>\$ 3,150.6</u>	<u>\$ 31.4</u>	<u>\$ 27.2</u>	<u>\$ 3,171.5</u>	<u>\$ 3,177.8</u>	(.2)

\*\*Governmental activities and business-type activities liabilities were adjusted in fiscal year 2015 for beginning balance adjustments. See Note 3-Beginning Balances Restated for additional information. In addition, total net position for fiscal year 2015 was reallocated from restricted to unrestricted for comparability purposes.

By far, the largest portion - \$3.4 billion - of the County's net position reflects the investment in capital assets (e.g., land, buildings and improvements, machinery and equipment, infrastructure and construction in progress), less accumulated depreciation and any related debt used to acquire those assets which is still outstanding. Net position invested in capital assets increased by \$50.2 million due to an increase in net capital assets of \$96.3 million, an associated decrease in unspent bond proceeds of \$84.3 million, compounded by a decrease in capital asset related debt of \$38.2 million. The decrease in capital related debt is a result of regularly scheduled debt service payments, which were partially offset by a net increase in capital leases of \$9.7 million. The increase in capital assets is mainly attributed to an increase in construction in progress and other non-depreciable assets of \$134.1 million offset by a decrease in all other net depreciable assets of \$37.8 million. See page 13 for additional detail on capital asset changes.

## Management's Discussion and Analysis (Continued)

The County uses capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The second component of the County's total net position, \$564.3 million, represents resources that are subject to external restrictions on how they may be used. This component increased by \$21.4 million from the prior year. This increase can be attributed to revenues exceeding expenditures for the fiscal year. Primarily, this increase in restricted net position can be attributed to lower than anticipated capital project expenditures and an increase in HURF revenues in the Transportation Capital Project fund.

The final component consists of an unrestricted deficit of \$760.0 million. Unrestricted net position decreased from fiscal year 2015 by \$77.9 million. This net position decrease is primarily the result of an increase in net pension liabilities of \$145.0 million, a decrease in deferred outflows related to pensions of \$9.3 million, and a decrease in deferred inflows related to pensions of \$82.1 million.

### Changes in Net Position

As discussed previously, the County's total net position of \$3.2 billion decreased by \$6.3 million as reported in the Statement of Activities. The following table reflects the condensed Statement of Activities of the County for the fiscal year 2016 compared to the prior year and indicates the changes in net position for governmental and business-type activities:

	Governmental Activities		Business-type Activities		Total		% Chg P/Y
	2016	2015	2016	2015	2016	2015	
Revenues:							
Program revenues:							
Charges for services	\$ 256.7	\$ 244.2	\$ 4.6	\$ 5.7	\$ 261.3	\$ 249.9	4.6%

Net position – beginning, as restated*	<u>3,150.6</u>	<u>3,381.5</u>	<u>27.2</u>	<u>28.0</u>	<u>3,177.8</u>	<u>3,409.5</u>	(6.8)
Net position – ending	<u>\$3,140.1</u>	<u>\$3,150.6</u>	<u>\$ 31.4</u>	<u>\$ 27.2</u>	<u>\$3,171.5</u>	<u>\$ 3,177.8</u>	(0.2)

\* Governmental activities, business-type activities, and total columns' amounts beginning net position at July 1, 2015, were adjusted for prior period liabilities. See Note 3 – Beginning Balances Restated for additional information.

\*\* The functions of culture and recreation, education, and interest on long-term debt are shown in the condensed Statement of Activities above as other expenses.

## Management's Discussion and Analysis (Continued)

---

One of the main differences a reader will see between the governmental funds reported in the fund financial statements and the Statement of Activities is that governmental funds in the fund financial statements report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is reported as a capital asset and the expense of those assets is allocated over their estimated useful lives and reported as depreciation expense within the expense line items. Capital outlay expenditures exceeded depreciation expense in the current period by \$91.9 million.

In the government-wide Statement of Activities, the significant revenues reported included taxes, unrestricted intergovernmental, charges for services, and operating grants and contributions, which represent 35.5, 32.1, 13.0, and 15.7 percent, respectively, of total revenues for fiscal year 2016. Tax revenues in total increased \$42.6 million primarily as a result of an increase in property taxes of \$38.4 million and from jail excise tax of \$5.7 million. The increase in property taxes can be attributed to an increase in assessed values as a result of the improved economy, compounded by an increase in the property tax levy rate. The increase in jail excise tax revenue is a result of the improving economy. Intergovernmental revenue, which consists of state shared sales taxes, vehicle license taxes and unrestricted grants, increased \$32.6 million from the prior fiscal year. This increase is attributable to increases in the state shared sale taxes and vehicle license taxes of \$20.9 and \$11.2 million, respectively, which are a result of the improving economy. Charges for services revenue increased \$11.4 million from the prior year. The increase primarily incurred in the Sheriff's Department, Recorder's Office, and Clerk of the Superior Court of \$1.7 million, \$3.8 million, and \$2.5 million, respectively. Operating grants and contributions revenue increased \$20.3 million from the prior year primarily due to additional Highway User Revenue Fund revenue of \$5.8 million, as a result of the improved economy. Additionally, there were increases in grants related to Elections, Human Services and Public Health of \$3.4 million, \$7.1 million, and \$3.4 million respectively.

Tax and other operating revenues provide the principal support for the functions of the County, which include general government; public safety; highways and streets; health, welfare and sanitation; culture and recreation; and education. Total expenses decreased \$94.7 million or 4.5 percent from the prior fiscal year. This decrease is primarily a result of a decrease in public safety and highways and streets function expenses of \$29.2 and \$86.8 million, respectively. The decreases in public safety and highways and streets are due to the County expensing capital assets annexed to other cities and towns in the prior year in the amounts of \$41.4 and \$80.3 million, respectively.

### Financial Analysis of the County's Funds

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements. In order to provide comparative discussion of fund balances to the prior year, the analysis below of 'spendable' balance represents restricted, committed, assigned, and unassigned fund balance.

**Governmental Funds.** Governmental activities are contained in the general, special revenue, debt service, and capital projects funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *spendable fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2016, the governmental funds reported combined fund balances of \$1,321.6 million which was a decrease in fund balance of \$47.4 million from the prior fiscal year. Approximately 98.6 percent of the combined fund balances, or \$1,303.4 million, is available to meet the County's current and future needs (spendable fund balance). The remaining fund balance is reserved for inventories and intergovernmental loans.

## Management's Discussion and Analysis (Continued)

---

The following funds are the County's major governmental funds:

### *General Fund*

The General Fund is the County's primary operating fund. At the end of the current fiscal year, spendable fund balance of the General Fund was \$148.0 million, while total fund balance was \$162.0 million. This represents an increase in the spendable fund balance from the prior year of \$49.0 million, or 49.5 percent. As a measure of the General Fund's liquidity, it may be useful to compare both spendable fund balance and total fund balance to the total fund expenditures. Spendable fund balance represents 15.5 percent of the total fiscal year 2016 General Fund expenditures, while total fund balance represents 17.0 percent of that same amount. These ratios indicate a strong fund balance position in comparison to expenditures, taking into account that Maricopa County operates on a structurally balanced budget in that fiscal year 2017 operating expenditures are expected to be fully funded by fiscal year 2017 revenues.

During fiscal year 2016, the General Fund experienced a change in fund balance of \$45.6 million, an increase of \$67.3 million from the prior fiscal year change in fund balance of (\$21.7) million. Revenues increased by \$75.0 million from the prior fiscal year as a result of an increase in property tax, state shared sales tax, and state shared vehicle tax revenue of \$31.1, \$20.9, and \$11.2 million, respectively and an increase in elections operating grants of \$3.4 million. Transfers out decreased by \$22.0 million and expenditures increased by \$25.3 million. The decrease in transfers out is a result of a decrease in transfers to the General Fund County Improvements Fund of \$38.2 million, which was offset by increases in transfers out to the County Improvement Debt Fund and the Detention Operations Fund of \$2.2 million and \$13.8 million, respectively. The increase in expenditures is primarily attributable to an increase in salaries and benefits of \$27.7 million as a result of retention pay and market range salary adjustments.

### *Detention Operations Fund*

The Detention Operations Fund is a special revenue fund that was established under the authority of propositions 400 and 401, which were passed in the General Election of November 3, 1998. These propositions authorized a temporary 1/5 of one-cent sales tax to be used for the construction and operation of adult and juvenile detention facilities. On November 5, 2002, the voters approved the extension of the 1/5 of one-cent sales tax in the General Election to be used for jail facility operations. The extension begins in the month following the expiration of the original tax and may continue for not more than twenty years after the date the tax collection begins. The Detention Operations Fund accounts for the receipt of tax revenue, jail operations expenditures, and transfers to the Detention Capital Projects Fund and Detention Technology Capital Improvement Fund for construction of the adult and juvenile detention facilities and detention technology infrastructure.

The Detention Operations Fund accounts for the jail tax revenue along with transfers from the General Fund for maintenance of effort (MOE). The MOE transfer from the General Fund is used to support the jail detention operations. Arizona Revised Statutes require the County to calculate the maintenance of effort transfer on an annual basis. The Detention Operations Fund transfers monies to the Detention Capital Projects Fund and Detention Technology Capital Improvement Fund for the construction of the jail and detention facilities and detention technology infrastructure. At the end of the current fiscal year, total fund balance of the Detention Operations Fund was \$42.6 million, of which 96.2 percent is restricted and considered spendable. This was a decrease in total fund balance of \$1.5 million, or 3.5 percent from the prior fiscal year. Although the fund had more expenditures than revenues by \$191.8 million, positive net transfers of \$189.6 million offset the net loss in the fund. Operating transfers consisted of the transfer in for MOE from the General Fund of \$190.8 million and transfers out to the Detention Capital Projects Fund, County Improvement Debt Fund, and General Fund County Improvements Fund of \$587.5 thousand, \$444.9 thousand, and \$300.0 thousand, respectively. The amounts transferred out of the Detention Operations Fund for any given year are determined through the budget planning process.

### *County Improvement Debt Fund*

The County Improvement Debt Fund is a debt service fund that accounts for the debt service on Lease Revenue Bonds, Series 2007A; Certificates of Participation, Series 2015; and other long-term obligations. At the end of the current fiscal year, spendable fund balance of the County Improvement Debt Fund was \$19.7 million, of which \$7.3 million is restricted for debt service. This represents an increase of \$3.2 million

## **Management's Discussion and Analysis (Continued)**

---

from the prior fiscal year and is attributed to the continued payment of debt service obligations. The primary activity in this fund is debt service payments.

### *County Improvement Fund*

The County Improvement Fund is a capital projects fund that was established in fiscal year 2015 and accounts for capital projects funded through the issuance of long-term debt obligations. Projects that are funded include technology infrastructure refresh, detention and administrative technology upgrades, security and telephone system upgrades and administrative and justice projects. At the end of the current fiscal year, fund balance of the County Improvement Fund was \$36.8 million, which represents the unspent proceeds, all of which is restricted and considered spendable.

### *Detention Capital Projects Fund*

The Detention Capital Projects Fund is a capital projects fund that accounts for construction associated with the 1/5 of one-cent sales tax approved by voters in the General Election on November 3, 1998, and extended by the voters on November 5, 2002. Funding is provided by transfers from the Detention Operations Fund for construction of the adult and juvenile detention facilities. At the end of the current fiscal year, fund balance of the Detention Capital Projects Fund was \$188.9 million, all of which is restricted and considered spendable. The fund balance in this fund decreased \$4.6 million from the prior fiscal year, which is attributed to certain capital projects that were completed during FY16.

### *General Fund County Improvements Fund*

The General Fund County Improvements Fund is a capital projects fund that accounts for capital projects funded by transfers from the General Fund. Projects that are currently funded include justice and administrative projects. At the end of the current fiscal year, fund balance of the General Fund County Improvements Fund was \$294.0 million, all of which is committed and considered spendable. The fund balance in this fund decreased \$26.0 million from the prior fiscal year as a result of negative net transfers of \$19.3 million and capital outlay expenditures of \$6.8 million. Fiscal year 2016 transfers consisted primarily of transfers in from the General Fund and Technology Capital Improvement Fund of \$19.7 million and \$4.9 million, respectively, which were offset by transfers out to the County Improvement Debt Fund and General Fund of \$41.3 million and \$2.9 million, respectively.

### *Technology Capital Improvement Fund*

The Technology Capital Improvement Fund is a capital projects fund that accounts for technology improvement capital projects funded by transfers from the General Fund and General Fund County Improvements Fund. Projects that are currently funded include technology infrastructure upgrades and administrative system projects. At the end of the current fiscal year, fund balance of the Technology Capital Improvement Fund was \$249.8 million, all of which is committed and considered spendable. The fund balance in this fund decreased \$2.0 million from the prior fiscal year as a result of net transfers in of \$3.5 million, capital lease agreements of \$8.1 million, and capital outlay expenditures of \$13.6 million. Fiscal year 2016 transfers consisted of transfers in from the General Fund of \$11.6 million which was offset by transfers out to the General Fund and General Fund County Improvements Fund of \$3.2 million and \$4.9 million, respectively.

## **General Fund Budgetary Highlights**

The difference between the original budget and the final amended budget for the General Fund resulted in no significant change in revenues and expenditures. A significant favorable expenditure variance, as compared to the budget, was incurred in the Non-Departmental Department (general government function), Office of Contract Counsel (public safety function), and Facilities Management Department (general government function), of \$51.3 million, \$9.9 million, and \$7.9 million, respectively. These savings were a result of the Non-Departmental Department spending less contingency funds than was anticipated, the Office of Contract Counsel incurring less than anticipated court assigned public defense attorneys, and the Facilities Management Department incurring less major maintenance expenditures. None of the variances between the budget and actual amounts were significant enough to affect the County's ability to provide future services.

## Management's Discussion and Analysis (Continued)

### Capital Assets and Long-Term Liabilities

#### Capital Assets

The County's capital assets balance for its governmental and business-type activities as of June 30, 2016, was \$3.6 billion (net of accumulated depreciation). Capital assets include land, buildings and improvements, infrastructure, machinery and equipment, and construction in progress. The County reports infrastructure assets, which consist of the Flood Control District and Transportation Department infrastructure, in the government-wide financial statements in accordance with GASB Statement No. 34. Additional information regarding infrastructure assets can be found in the Notes to the Financial Statements (Note 1 – Summary of Significant Accounting Policies and Note 12 – Capital Assets).

The Flood Control District infrastructure assets consist of drainage systems, dams, flood channels and canals. Flood Control infrastructure is reported using the depreciation approach and the County uses the straight-line method of depreciation on these assets. At June 30, 2016, Flood Control District infrastructure-related assets consisted of land, infrastructure and construction in progress of \$246.7, \$230.0, and \$179.9 million, respectively, net of any related accumulated depreciation.

The Transportation Department infrastructure assets consist of a roadway system and a bridge system. Both systems are reported under the modified approach, which means the County will maintain the assets using an asset management system and will document that the infrastructure assets are being preserved at the established condition level. During fiscal year 2016, the condition level of both systems was within the established condition level. Actual maintenance/preservation costs varied by \$3,988,360 and \$473,225 from the estimated costs for the roadway and bridge system, respectively. Roadway and Bridge System maintenance is predicated by the Federal clearance process. Additionally, bids on roadway projects were more favorable than estimated resulting in a positive variance in the actual costs under the estimated. See Required Supplementary Information on page 103 for additional information. At June 30, 2016, Transportation Department infrastructure-related assets consisted of land, infrastructure and construction in progress of \$383.7, \$740.7, and \$28.6 million, respectively.

Capital assets for governmental activities are presented below (in millions) to illustrate changes from the prior year:

	Governmental Activities		Business-type Activities		Total		% Chg P/Y
	2016	2015	2016	2015	2016	2015	
Land	\$760.1	\$749.5	\$4.7	\$4.7	\$764.8	\$754.2	1.4
Infrastructure	740.7	726.9			740.7	726.9	1.9
Buildings and improvements (net of accumulated depreciation)	1,367.3	1,386.8	23.1	27.1	1,390.4	1,413.9	(1.7)
Machinery and equipment (net of accumulated depreciation)	89.7	97.9	0.2	0.2	89.9	98.1	(8.4)
Construction in progress	389.3	279.7	0.1	0.1	389.4	279.8	39.2
Infrastructure (net of accumulated depreciation)	230.0	236.0			230.0	236.0	(2.5)
Totals	<u>\$3,577.1</u>	<u>\$3,476.8</u>	<u>\$28.1</u>	<u>\$32.1</u>	<u>\$3,605.2</u>	<u>\$3,508.9</u>	2.7

Capital assets, net of accumulated depreciation, increased by \$96.3 million, or 2.7 percent, from the prior year. The most significant impact on this increase in the fiscal year ended June 30, 2016, was the increase in construction in progress of \$109.6 million and that is due to ongoing projects in Flood Control and Transportation with net additions of \$45.1 million and \$13.0 million, respectively. Additionally, non-infrastructure technology capital projects such as the Radio System and Enterprise Resource Planning System projects accounted for increases in construction in progress of \$28.5 million, and \$9.7 million, respectively for the fiscal year ended June 30, 2016.

## Management's Discussion and Analysis (Continued)

---

### Long-Term Liabilities

Maricopa County has the following bond ratings:

<u>Debt Instrument &amp; Rating Agency</u>	<u>Rating</u>	<u>Date Awarded</u>
<i>General Obligation Bonds (implied or issuer credit rating)</i>		
Standard & Poor's	AAA	June 2015
Fitch Ratings	AAA	March 2015
Moody's Investor Services	Aaa	June 2015
<i>Lease Revenue Bonds</i>		
Standard & Poor's	AA+	June 2015
Fitch Ratings	AA+	March 2015
Moody's Investor Services	Aa1	June 2015
<i>Certificates of Participation</i>		
Standard & Poor's	AA+	June 2015
Fitch Ratings	AA+	June 2015
Moody's Investor Services	Aa1	June 2015

At June 30, 2016, the County had total long-term liabilities (noncurrent liabilities due within one year and more than one year) outstanding of \$2,003.2 million, which represents a \$120.1 million increase from the prior year balance of \$1,883.1 million. The majority of the \$120.1 million increase is attributable to a net increase of capital leases of \$9.6 million, a net increase in net pension liability of \$145.0 million, a net increase in reported claims and incurred but not reported claims \$11.4 million, debt service payments made during fiscal year 2016 for lease revenue bonds (\$12.5 million), Stadium District revenue bonds (\$3.3 million), and an extinguishment of lease revenue bonds (\$29.9 million). The largest components of long-term liabilities at June 30, 2016, consisted of lease revenue bonds of \$54.8 million, certificates of participation of \$185.6 million, reported claims and incurred but not reported claims of \$94.7 million, and net pension liability of \$1,606.0 million.

Lease revenue bonds and certificates of participation applicable to governmental activities are paid from the County Improvement Debt Fund (debt service fund), which is funded by transfers from the General Fund. At June 30, 2016, the fund balance in the County Improvement Debt Fund to pay future liabilities was \$19.7 million.

Stadium District revenue bonds are special obligations of the District. The bonds are payable solely from pledged revenues, consisting of car rental surcharges levied and collected by the Stadium District pursuant to A.R.S. §48-4234. In September 2012, the Stadium District issued revenue refunding bonds in the amount of \$25.1 million (par value) of which \$12.7 million remains outstanding.

Reported and incurred but not reported claims applicable to governmental activities of \$94.7 million are reported in the Risk Management and Employee Benefits Trust funds (internal service funds). This is an increase of \$11.4 million from the prior year as noted above. This liability is primarily related to actuarial estimates for the County's self-insured portion of future claims for general litigation related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters; and certain health benefits that are paid through the operations of the funds. Additional information regarding long-term liabilities can be found in the Notes to Financial Statements (Note 14 – Long-Term Liabilities and Note 18 – Risk Management).

Net pension liability applicable to governmental activities of \$1.6 billion represents the difference between: 1) the total amount due to retirees for their future benefit obligations from employee services, less 2) the actual amount of assets on hand to make those payments. Therefore, an unfunded pension liability indicates that future benefit obligations to retirees are greater than the assets on hand to make those payments. These amounts are determined annually based on actuarial assumptions.

## Management's Discussion and Analysis (Continued)

---

### Economic Factors and Next Year's Budget and Rates

- Arizona remains on a modest growth track and continues to add jobs and residents at a faster pace than the nation and most other states. The forecast calls for state growth with gains across most indicators exceeding national results ([www.eller.arizona.edu](http://www.eller.arizona.edu)).
- The unemployment rate in Maricopa County as of December 2016 was 4.1 percent, which remains below the state and the national average of 4.8 percent and 4.7 percent, respectively ([www.laborstats.az.gov](http://www.laborstats.az.gov)).
- The Arizona Office of Employment and Population Statistics reports that Maricopa County's population increased by 1.9 percent from fiscal year 2014 to 2015. Maricopa County's population increased 14.4 percent from 2006 to 2015, which is higher than the United States' overall population increase of 7.5 percent for the same time period (<https://population.az.gov>).

As part of the annual budget planning process, the County's Office of Management and Budget developed a financial forecast to assist in both short and long range financial planning. This forecast provides a conservative estimate of the County's fiscal condition through the next five years given a realistic economic forecast, current County policies and existing laws. The forecast was instrumental in the determination of the fiscal year 2017 budget and tax rate, which took into account several significant trends:

- Net assessed property tax valuations continue to increase in fiscal year 2016; however, the growth rate of net assessed valuations will be constrained beginning fiscal year 2016 for most property types due to the passage of Proposition 117, which caps the year-over-year property tax valuation increase to the lesser of the full cash value or 5 percent.
- A tax rate of 1.4009 was adopted for fiscal year 2017, increasing the tax levy by \$35 million. This amount is \$150 million less than the constitutional maximum and results in a \$170 median-valued residential property tax bill.
- In fiscal year 2017, annual collections of State Shared Sales Tax, Vehicle License Tax, Highway User Revenues and County Jail Excise Tax revenues are expected to surpass the fiscal year 2007 peak collections by \$153 million. Subsequent yearly growth rates are expected to fluctuate from 3.4 percent to 4.8 percent from fiscal year 2018 through 2021.

In accordance with A.R.S., the entire General Fund spendable fund balance amount (see page 11 for more information) will be budgeted in the next fiscal year. A.R.S. §42-17151 requires that total estimated sources of revenue must equal the total estimated expenditures in the budget for the current fiscal year. The estimated expenditures may include an amount for unanticipated contingencies or emergencies, per A.R.S. §42-17102.

### Request for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have any questions about this report or need additional financial information, please contact Maricopa County Department of Finance, 301 W. Jefferson, Suite 960, Phoenix, AZ 85003, or at [www.maricopa.gov](http://www.maricopa.gov).

## Definitions of Government-wide Financial Statements and Listing of Major Funds

---

### Government-wide Financial Statements

The **Statement of Net Position** presents information on all of Maricopa County's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position.

The **Statement of Activities** presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The above two statements are presented utilizing the following types of activities:

**Governmental Activities** – generally are financed through taxes and intergovernmental revenues.

**Business-type Activities** – are financed in whole or in part by fees charged to external parties.

### Major Funds

**General Fund** – is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

### Special Revenue Funds

**Detention Operations Fund** – was established under the authority of propositions 400 and 401, which were passed in the General Election of November 3, 1998. These propositions authorized a temporary 1/5 of one-cent sales tax to be used for the construction and operation of adult and juvenile detention facilities. On November 5, 2002, the voters approved the extension of the 1/5 of one-cent sales tax in the General Election to be used for jail facility operations. The extension begins in the month following the expiration of the original tax and may continue for not more than twenty years after the date the tax collection begins. The Detention Operations Fund accounts for the receipt of tax revenue, jail operations expenditures, and transfers to the Detention Capital Projects Fund and Detention Technology Capital Improvement Fund for construction of the adult and juvenile detention facilities and detention technology infrastructure.

### Debt Service Funds

**County Improvement Debt Fund** – accounts for the debt service on the Lease Revenue Bonds, Series 2007A; Lease Revenue Refunding Bonds, Series 2007B; Certificates of Participation, Series 2015; and other long-term obligations.

### Capital Projects Funds

**County Improvement Fund** – accounts for capital projects funded through the issuance of Certificates of Participation, Series 2015.

**Detention Capital Projects Fund** – accounts for construction associated with the 1/5 of one-cent sales tax approved by voters in the General Election on November 3, 1998, and extended by voters on November 5, 2002. Funding is provided by transfers from the Detention Operations Fund for construction of the adult and juvenile detention facilities.

# **Maricopa County Definitions of Government-wide Financial Statements and Listing of Major Funds (Continued)**

---

## **Capital Projects Funds (continued)**

**General Fund County Improvements Fund** – was established to fund current and future capital projects. Fund assets may be used to pay directly for capital projects or may be appropriated by the Board of Supervisors for debt service. None of the funds has been pledged for debt service, and fund assets may be transferred by the Board of Supervisors at any time for any other County purpose.

**Technology Capital Improvement Fund** – established by the Board of Supervisors to account for General Fund and other resources committed for technology improvement projects.

## **Enterprise Funds**

**Housing Authority Fund** – accounts for the activity of the Housing Authority of Maricopa County.

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.

Some receivables are not available to pay for current period expenditures and therefore, are deferred in the funds.

Internal service funds are used by management to charge the costs of equipment services, telecommunications, reprographics, risk management, employee benefits, and the sheriff warehouse to individual funds. The assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the internal service funds are included in governmental activities in the Statement of Net Position.

Long-term liabilities (e.g., net pension liabilities and bonds payable) are not due and payable shortly after June 30, 2016, and therefore, are not reported in the funds.

Deferred outflows and inflows of resources related to pensions and deferred charges on debt refundings are applicable to future reporting periods and, therefore, are not reported in the funds.

Net position of governmental activities

---

Net change in fund balances – total governmental funds (page 27) \$ (47,187,217)

Amounts reported for governmental activities in the Statement of Activities on page 23 are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period. 91,946,259

The net effect of various miscellaneous transactions involving capital assets is an increase to net position. 8,610,887

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. 20,065,235

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. 32,514,375

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds. (5,523,196)

Internal service funds are used by management to charge the costs of equipment services, telecommunications, reprographics, risk management, employee benefits, and the sheriff warehouse to individual funds. The net expense of internal service funds is reported with governmental activities. (20,043,916)

County pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability is measured a year before the County's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities. (90,939,764)

Change in net position of governmental activities (page 23) \$ (10,557,337)

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Maricopa County's accounting policies conform to generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

For the year ended June 30, 2016, the County implemented the provisions of GASB Statement No. 72, *Fair Value Measurement and Application* and GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. GASB Statement No. 72 establishes standards for measuring fair value and applying fair value to certain investments and disclosures related to all fair value measurements. GASB Statement No. 76 establishes the hierarchy of sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with generally accepted accounting principles. The implementation of this standard had no significant effect on the financial statements. The County also early implemented the provisions of GASB Statement No. 82, *Pension Issues*. GASB Statement No. 82 changed the measure of payroll that is required to be presented in required supplementary information.

### A. Reporting Entity

Maricopa County is a general purpose local government that is governed by a separately elected board of five county supervisors. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are so intertwined with the County that they are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. Each blended and discretely presented component unit discussed below has a June 30 year-end. Unless noted below, separate financial statements are not available for the component unit.

The reporting entity is comprised of the primary government, Maricopa County Flood Control District, Maricopa County Library District, Maricopa County Public Finance Corporation, Maricopa County Special Assessment Districts, Maricopa County Stadium District, Maricopa County Street Lighting Districts, Housing Authority of Maricopa County, and Industrial Development Authority of Maricopa County.

The blended component units are as follows:

#### Maricopa County Flood Control District

The Maricopa County Flood Control District is a legally separate, tax-levying entity pursuant to A.R.S. §48-3602 that provides flood control facilities and regulates floodplains and drainage to prevent flooding of property in Maricopa County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Flood Control District and has operational responsibility for the District, it is considered a blended component unit of the County.

#### Maricopa County Library District

The Maricopa County Library District is a legally separate, tax-levying entity pursuant to A.R.S. §48-3901 that provides and maintains library services for the residents of Maricopa County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Library District and has operational responsibility for the District, it is considered a blended component unit of the County.

#### Maricopa County Public Finance Corporation

Maricopa County Public Finance Corporation is a nonprofit corporation created by the Maricopa County Board of Supervisors that exists primarily to assist the County in the acquisition, construction, and

## Notes to the Financial Statements

(Continued)

---

improvement of County facilities, including real property and personal property. The Board of Directors of the Public Finance Corporation is subject to the approval of the County Board of Supervisors and the corporation exists primarily for the benefit of the County; therefore, the Corporation is considered a blended component unit of the County. The Corporation has issued lease revenue bonds on behalf of the County. Since this debt is in substance the County's obligation, these liabilities and resulting assets are reported on the County's financial statements.

### Maricopa County Special Assessment Districts

The Maricopa County Special Assessment Districts are legally separate entities that provide improvements to various properties within the County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Special Assessment Districts and has operational responsibility over the District, they are considered a blended component unit of the County.

### Maricopa County Stadium District

The Maricopa County Stadium District is a legally separate entity pursuant to A.R.S. §48-4202 that provides regional leadership and fiscal resources to assure the presence of Major League Baseball in Maricopa County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Stadium District and has operational responsibility over the District, it is considered a blended component unit of the County. The Stadium District also issues separate financial statements. Complete financial statements for the Maricopa County Stadium District may be obtained at the entity's administrative office listed below:

Maricopa County Stadium District  
401 East Jefferson  
Phoenix, Arizona 85004  
[www.maricopa.gov/stadiumdistrict/](http://www.maricopa.gov/stadiumdistrict/)

### Maricopa County Street Lighting Districts

The Maricopa County Street Lighting Districts are legally separate entities that provide street lighting in areas of the County that are not under local city jurisdictions. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Street Lighting Districts and has operational responsibilities over the Districts, they are considered a blended component unit of the County.

### Housing Authority of Maricopa County

The Housing Authority is a legally separate entity pursuant to A.R.S. §36-1404 that provides efficient and affordable rental housing to low-income households of Maricopa County. As the Maricopa County Board of Supervisors serves as the Housing Authority's Board of Commissioners and has operational responsibility over the Housing Authority, it is a blended component unit of the County. The Housing Authority also issues separate financial statements which include three discretely presented component units, Rose Terrace Development Partnership, L.L.C., Rose Terrace Development Partnership Phase II, L.L.C, and Maricopa Revitalization Partnership, L.L.C. These component units are combined and reported with the Housing Authority as a single enterprise fund on Maricopa County's financial statements.

Complete financial statements for the Housing Authority of Maricopa County and their component units may be obtained at the entity's administrative office listed below:

Housing Authority of Maricopa County  
8910 N. 78<sup>th</sup> Avenue, Building D  
Peoria, Arizona 85345  
[www.maricopahousing.org](http://www.maricopahousing.org)

## Notes to the Financial Statements

(Continued)

---

The discretely presented component unit is as follows:

### Industrial Development Authority of Maricopa County

The Industrial Development Authority of Maricopa County (Authority) is a legally separate entity that was created to assist in the financing of commercial and industrial enterprises; safe, sanitary, and affordable housing; and healthcare facilities. The Authority fulfills its function through the issuance of tax exempt or taxable revenue bonds. The County Board of Supervisors appoints the Authority's Board of Directors. The Authority's operations are completely separate from the County and the County is not financially accountable for the Authority. All bonds issued by the Authority are special, limited obligations of the Authority, payable solely from revenues generated by the project being financed, and do not constitute debt of, a loan of, or credit by, the Authority. The Authority charges administration fees to bond applicants and uses such fees to cover its administration costs and to support its ongoing community and economic development in Arizona. The Authority is a special-purpose governmental entity engaged in business type activities. Although the Authority is legally separate from the County, governmental accounting standards require the Authority to be reported as a discretely presented component unit of the County for financial reporting purposes as the County Board of Supervisors is able to impose its will on the Authority. Complete financial statements for the Industrial Development Authority of Maricopa County may be obtained at the entity's administrative office listed below:

Industrial Development Authority of Maricopa County  
301 W. Jefferson, 10<sup>th</sup> Floor  
Phoenix, Arizona 85003  
www.mcida.com

### B. Basis of Presentation

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the County as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the information's usefulness.

**Government-wide financial statements** – provide information about the primary government (the County) and its component units. The statements include a statement of net position and a statement of activities. These statements report the overall government's financial activities, except for fiduciary activities. They also distinguish between the County's governmental and business-type activities and between the County and its discretely presented component unit. Governmental activities generally are financed through taxes and intergovernmental revenues. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and segment of its business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include:

- charges to customers or applicants for goods, services, or privileges provided;
- operating grants and contributions; and
- capital grants and contributions, including special assessments.

Revenues that are not classified as program revenues, including internally dedicated resources, unrestricted grant revenues, and all taxes the County levies or imposes, are reported as general revenues.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double counting of internal activities. However, charges for interfund services provided and used are not eliminated if doing so would distort the direct costs and program revenues reported by the departments concerned.

## Notes to the Financial Statements

(Continued)

---

**Fund financial statements** – provide information about the County’s funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental, proprietary, and fiduciary fund categories. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Internal service and fiduciary funds are aggregated and reported by fund type.

Proprietary fund revenues and expenses are classified as either operating or nonoperating. Operating revenues and expenses generally result from transactions associated with the fund’s principal activity. Accordingly, revenues, such as user charges, in which each party receives and gives up essentially equal values, are reported as operating revenues. Other revenues, such as subsidies, result from transactions in which the parties do not exchange equal values and are considered nonoperating revenues along with investment earnings and revenues ancillary activities generate. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. Other expenses, such as interest expense, are considered nonoperating expenses.

The County reports the following major governmental funds:

The General Fund – is the County’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Detention Operations Fund – was established under the authority of propositions 400 and 401, which were passed in the General Election of November 3, 1998. These propositions authorized a temporary 1/5 of one-cent sales tax to be used for the construction and operation of adult and juvenile detention facilities. On November 5, 2002, the voters approved the extension of the 1/5 of one-cent sales tax in the General Election to be used for jail facility operations. The extension begins in the month following the expiration of the original tax and may continue for not more than twenty years after the date the tax collection begins. The Detention Operations Fund accounts for the receipt of tax revenue, jail operations expenditures, and transfers to the Detention Capital Projects Fund and Detention Technology Capital Improvement Fund for construction of the adult and juvenile detention facilities and detention technology infrastructure.

The County Improvement Debt Fund – accounts for the debt service on the Lease Revenue Bonds, Series 2007A; Certificates of Participation, Series 2015; and other long-term obligations. This fund’s main revenue source is from transfers for the repayment of debt.

The County Improvement Fund – accounts for capital projects funded through the issuance of Certificates of Participation, Series 2015.

The Detention Capital Projects Fund – accounts for construction associated with the 1/5 of one-cent sales tax approved by voters in the General Election on November 3, 1998, and extended by the voters on November 5, 2002. Funding is provided by transfers from the Detention Operations Fund for construction of the adult and juvenile detention facilities.

The General Fund County Improvements Fund – was established to fund current and future capital projects. Fund assets may be used to pay directly for capital projects or may be appropriated by the Board of Supervisors for debt service. Revenues in this fund consist mainly of transfers from the General Fund. None of the funds have been pledged for debt service, and fund assets may be transferred by the Board of Supervisors at any time for any other County purpose.

The Technology Capital Improvement Fund – was established to account for General Fund and other resources committed for technology improvement projects.

The County reports the following major enterprise fund:

The Housing Authority Fund – accounts for the activities of the Housing Authority of Maricopa County.

## Notes to the Financial Statements

### (Continued)

---

The County also reports the following fund types:

The internal service funds – account for automotive maintenance and service, telecommunications services, printing and duplicating services, insurance services, self-insured employee benefits, and warehouse services provided to County departments or to other governments on a cost reimbursement basis.

The investment trust funds – account for pooled assets the County Treasurer holds and invests on behalf of other governmental entities.

The agency funds – account for assets the County holds as an agent for other governments and individuals.

#### C. Basis of Accounting

The government-wide, proprietary fund, and fiduciary fund financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The agency funds are custodial in nature and do not have a measurement focus but utilize the accrual basis of accounting for reporting its assets and liabilities. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted net position resources available to finance the program. For these types of programs, the County applies grant resources to such programs before using general revenues. For all other programs, the County uses unrestricted revenues first.

Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become both measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after year-end. The County's major revenue sources that are susceptible to accrual are property taxes, intergovernmental, charges for services, and investment income. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, landfill closure and postclosure care costs, pollution remediation obligations, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Loan proceeds and acquisitions under capital lease agreements are reported as other financing sources.

#### D. Cash and Investments

For the statement of cash flows, the County's cash and cash equivalents are considered to be cash on hand, demand deposits, cash and investments held by the County Treasurer, and only those highly liquid investments with a maturity of three months or less when purchased.

Short-term debt investments with remaining maturities of up to 90 days at the date of the financial statements are reported at amortized cost. All other investments are stated at fair value.

# Notes to the Financial Statements

(Continued)

---

## E. Inventories

Inventories of government-wide and the internal service funds financial statements are recorded as assets when purchased and expensed when consumed. The amounts shown on the statement of net position for government-wide and the internal service funds are valued at cost using first-in, first-out and the moving average methods, respectively.

The County accounts for its inventories in the governmental funds using the purchase method. Inventories of the governmental funds consist of expendable supplies held for consumption and are recorded as expenditures at the time of purchase. Amounts on hand at year-end are shown on the balance sheet as an asset for informational purposes only and as nonspendable fund balance to indicate that they do not constitute “available spendable resources.” These inventories are stated at weighted-average cost.

## F. Property Tax Calendar

The County levies real property taxes and commercial personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

During the year, the County also levies mobile home personal property taxes that are due the second Monday of the month following receipt of the tax notice and become delinquent 30 days later.

A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

## G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide statements and the proprietary funds. Capital assets are defined as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets’ lives are not capitalized.

Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Type of Assets</u>	<u>Estimated Useful Life (In Years)</u>
Buildings and improvements	20 - 50
Infrastructure	25 - 50
Autos and trucks	3 - 10
Other equipment	3 - 20

All infrastructure assets are reported on the government-wide financial statements. Infrastructure maintained by the County Department of Transportation consists of roadways, bridges and related assets. These assets are not depreciated as they are reported using the modified approach. Under the modified approach, the County’s roadway and bridge systems are being preserved at a specified condition level established by the County. For information on the modified approach, see Required Supplementary Information – Modified Approach for Infrastructure Assets. The Flood Control District accounts for the County’s remaining infrastructure assets consisting of drainage systems, dams, flood channels and canals.

## Notes to the Financial Statements

### (Continued)

---

#### H. Deferred Outflows and Inflows of Resources

The statement of net position and balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as revenue in future periods.

#### I. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position and additions to /deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### J. Fund Balance Classifications

The governmental funds' fund balances are reported separately within classifications based on a hierarchy of the constraints placed on those resources' use. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form, such as inventories, or are legally or contractually required to be maintained intact. Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations.

The unrestricted fund balance category is composed of committed, assigned, and unassigned resources. Committed fund balances are self-imposed limitations the County's Board of Supervisors approved, which is the highest level of decision-making authority within the County. Only the Board can remove or change the constraints placed on committed fund balances.

Assigned fund balances are resources constrained by the County's intent to be used for specific purposes, but that are neither restricted nor committed. Only the Board of Supervisors has authorization to assign fund balances.

The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

The County's policy is to account for most restricted and committed revenue sources (subject to legal restriction, etc.) by segregating them in a separate fund; however, by its nature, the General Fund may have several different classifications of fund balance. Therefore, when expending General Fund fund balance, if an expenditure is incurred that can be paid from either restricted or unrestricted fund balances, it is the County's policy to use unrestricted fund balance first. For the disbursement of unrestricted fund balances, it is the County's policy to use unassigned amounts first, followed by assigned amounts, and lastly committed amounts.

#### K. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments.

## Notes to the Financial Statements

(Continued)

### L. Compensated Absences

Compensated absences consist of vacation leave and a calculated amount of sick leave employees earned based on services already rendered. Employees may accumulate, and roll-over from year-to-year, up to 240 or 320 hours (depending on employee classification) of vacation leave, but any vacation hours in excess of the maximum amount that are unused at calendar year-end convert to sick leave. Upon terminating employment, all unused vacation benefits are paid to employees. Accordingly, vacation benefits are accrued as a liability in the financial statements.

Employees may accumulate an unlimited number of sick leave hours. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but employees forfeit them upon terminating employment. Because sick leave benefits do not vest with employees, a liability for sick leave benefits is not accrued in the financial statements. However, upon retirement, County employees with accumulated sick leave in excess of 1,000 hours are entitled to a \$10,000 nontaxable investment in a Post-Employment Health Plan (PEHP) established pursuant to Internal Revenue Code §501(c)(9). The obligations vested at June 30, 2016, under this policy are accrued as a liability.

Compensated absences are substantially paid within one year from fiscal year-end and, therefore, are reported as a current liability on the government-wide financial statements. A liability for these amounts is reported in the governmental funds' financial statements only if they have matured, for example, as a result of employee resignations and retirements by fiscal year-end.

### M. Other Disclosures

Pursuant to A.R.S. §35-391, the County must disclose in its annual financial report the amount of any rewards, discounts, incentives or other financial consideration resulting from credit card payments. The County earned \$380 thousand in credit card rebates during calendar year 2016.

### NOTE 2 – REPORTING CHANGES

Beginning in fiscal year 2016, the County established the Superior Court Building Repair Fund (special revenue fund), a non-major governmental fund.

### NOTE 3 – BEGINNING BALANCES RESTATED

On July 1, 2015, Maricopa County restated governmental funds beginning balance and governmental activities beginning net position by \$730,404 for a prior period correction related to accrued liabilities that were incorrectly calculated for the Detention Operations Fund.

On July 1, 2015, Maricopa County restated beginning net position for business-type activities by (\$268,395) for a prior period correction to deferred outflows related to pensions which reported excess amounts for employee contributions for the Housing Authority Fund.

Beginning net position was adjusted for the above, as follows:

	Governmental Activities	Business-type Activities	Total Governmental Funds
Net position reported as of June 30, 2015	\$ 3,149,880,913	\$ 27,506,997	\$ 1,368,275,012
Plus: Detention Operations Fund accrued liability correction	730,404		730,404
Minus: Housing Authority Fund correction		(268,395)	
Net position as of July 1, 2015, as restated	<u>\$ 3,150,611,317</u>	<u>\$ 27,238,602</u>	<u>\$ 1,369,005,416</u>

Stabilization Arrangements – The Board of Supervisors has the authority to authorize and establish a stabilization arrangement by formal action. Subsequent modification, addition to, or expenditure from any stabilization arrangements also requires formal action by the Board of Supervisors, the highest level of decision-making authority within the County. At June 30, 2016, the General Fund did not have fund balances committed for budget stabilization.

## NOTE 5 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Governmental Funds Balance Sheet includes the reconciliation between fund balances – total governmental funds and net position – Governmental Activities as reported in the government-wide Statement of Net Position. The details of this reconciliation follow:

Fund balances – total governmental funds	\$ 1,321,563,180
--	------------------

Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.

Land	760,082,551
Buildings and improvements	1,929,526,015
Machinery and equipment	372,128,092
Infrastructure	1,077,809,504
Construction in progress	389,309,776
Accumulated depreciation	(954,893,664)
Net governmental funds capital assets at June 30, 2016	<u>3,573,962,274</u>

Some receivables are not available to pay for current period expenditures and therefore, are reported as unavailable revenue in funds.

Unavailable revenue for property taxes receivable at June 30, 2016	7,208,521
Unavailable revenue for grant revenues receivable at June 30, 2016	8,694,061
Unavailable revenue for other revenues receivable at June 30, 2016	1,419,467
	<u>17,322,049</u>

Internal service funds are used by management to charge the costs of equipment services, telecommunications, reprographics, risk management, employee benefits, and the sheriff warehouse to individual funds. The assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the internal service funds are included in governmental activities in the Statement of Net Position.

(43,974,237)

Some long-term liabilities and compensated absences are not due and payable shortly after June 30, 2016, and therefore, are not reported in the funds.

Noncurrent lease revenue bonds due in more than one year at June 30, 2016	(51,095,000)
Certificates of participation due in more than one year at June 30, 2016	(185,580,000)
Stadium District revenue bonds payable at June 30, 2016	(12,685,000)
Special assessment debt with governmental commitment payable at June 30, 2016	(14,628)
Governmental funds capital leases payable at June 30, 2016	(15,778,681)
Bond premium unamortized at June 30, 2016	(10,809,836)
Claims and judgments at June 30, 2016	(4,343,576)
Governmental funds compensated absences payable at June 30, 2016	(73,769,530)
Liability for closure and postclosure costs at June 30, 2016	(10,075,798)
Net pension liability at June 30, 2016	(1,586,319,114)
Accrued interest payable at June 30, 2016	(24,102)
	<u>(1,950,495,265)</u>

Deferred outflows and inflows of resources related to pensions and deferred charges or credits on debt refundings are applicable to future reporting periods and, therefore, are not reported in the funds.

Deferred outflows of resources related to pensions at June 30, 2016	294,919,292
Deferred inflows of resources related to pensions at June 30, 2016	(73,394,177)
Deferred charges on debt refunding at June 30, 2016	150,864
	<u>221,675,979</u>

Net position of governmental activities	<u>\$ 3,140,053,980</u>
---	-------------------------

# Notes to the Financial Statements

## (Continued)

The governmental fund reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances is a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide Statement of Activities. The details of this reconciliation follow:

Net change in fund balances – total governmental funds	\$ (47,187,217)
--	-----------------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Governmental funds capital outlay	183,911,974
Government-wide depreciation expense for the year ended June 30, 2016	(92,883,453)
Add: Internal service funds depreciation expense for the year ended June 30, 2016	917,738
	<u>91,946,259</u>

The net effect of various miscellaneous transactions involving capital assets is an increase to net position.

Donations of capital assets	15,757,117
Net value of disposed capital assets for the year ended June 30, 2016	(10,007,217)
Adjustment for net value of assets acquired in prior years	2,860,987
	<u>8,610,887</u>

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Grant revenues earned during the year ended June 30, 2016	1,517,366
Property taxes earned during the year ended June 30, 2016	136,080
Other revenue earned during the year ended June 30, 2016	18,411,789
	<u>20,065,235</u>

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is issued, whereas these amounts are amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal payments on lease revenue bonds	33,570,000
Principal payments on Stadium District revenue bonds	3,325,000
Principal payments on special assessment debt with governmental commitment	17,618
Proceeds from capital leases	(13,886,373)
Principal payments on capital leases	4,295,124
Amortization of bond premium	5,236,976
Amortization of deferred charges on debt refunding	(50,287)
Accrued interest payable on long-term debt	6,317
	<u>32,514,375</u>

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds.

Net increase in employee compensation payable	(143,623)
Decrease in inventories	(255,019)
Net increase in claims and judgments	(3,260,794)
Net increase in liability for closure and postclosure costs	(1,863,760)
	<u>(5,523,196)</u>

Internal service funds are used by management to charge the costs of equipment services, telecommunications, reprographics, risk management, employee benefits, and the sheriff warehouse to individual funds. The net expense of internal service funds is reported with governmental activities.

(20,043,916)

County pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability is measured a year before the County's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities.

County pension contributions	111,855,814
Pension expense	(202,795,578)
	<u>(90,939,764)</u>

Change in net position of governmental activities	<u>\$ (10,557,337)</u>
---	------------------------

## Notes to the Financial Statements

(Continued)

### NOTE 6 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

At June 30, 2016, the following governmental and proprietary funds reported deficits in fund balance or net position.

FUND	DEFICIT
<b>Governmental Funds:</b>	
Adult Probation Grants	\$ 58,299
Air Quality Grants	96,901
CDBG Housing Trust	414,548
County Attorney Grants	144,086
Emergency Management	91,773
Environmental Services Grants	15,938
Human Services Grants	3,004,788
Medical Examiner Grants	621
Non-Departmental Grants	799
Public Defender Grants	6,388
Public Health Grants	583,471
School Grants	1,843,749
Sheriff Grants	489,033
Superior Court Fill the GAP	30,665
Superior Court Grants	82,304
Transportation Grants	35
<b>Proprietary Funds:</b>	
Equipment Services	\$ 4,943
Technology Infrastructure	1,560,490
Reprographics	314,443
Risk Management	54,269,224

The deficits in fund balances for Adult Probation Grants, Air Quality Grants, CDBG Housing Trust, County Attorney Grants, Emergency Management, Environmental Services Grants, Human Services Grants, Medical Examiner Grants, Non-Departmental Grants, Public Defender Grants, Public Health Grants, School Grants, Sheriff Grants, Superior Court Grants, and Transportation Grants Funds were attributed to the deferring of certain grant revenues. The County accrues grant revenue received within 60 days after year-end, as it is available and measurable. Revenues received after 60 days are considered not available and are therefore not accrued.

As of June 30, 2016, Equipment Services, Technology Infrastructure, and Reprographics Funds had deficit net positions of \$4,943, \$1,560,490, and \$314,443, respectively. This is primarily due to the reporting of noncurrent net pension liabilities as a result of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*.

The Risk Management Fund's funding plan calls for the fiscal year ending cash balance to equal the next year's estimated claims and claims related expenses. As of June 30, 2016, the total net position deficit was \$54,269,224. This is primarily due to the Risk Management Fund not being funded for noncurrent accrued claim liabilities.

The fund balance deficit for the Superior Court Fill the GAP Fund resulted from operations during the year and is expected to be corrected during normal operations in fiscal year 2017.

# Notes to the Financial Statements

---

## NOTE 7 – DEPOSITS AND INVESTMENTS

Arizona Revised Statutes (A.R.S.) authorize the County to invest public monies in the State Treasurer's investment pool; obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified state and local government bonds, notes, and other evidences of indebtedness; interest-earning investments such as savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; specified commercial paper issued by corporations organized and doing business in the United States; specified bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars; and certain open-end and closed-end mutual funds, including exchange traded funds. In addition, the County Treasurer may invest trust funds in certain fixed income securities of corporations doing business in the United States or District of Columbia.

### Credit risk

Statutes have the following requirements for credit risk:

1. Commercial paper must be of prime quality and be rated within the top two ratings by a nationally recognized rating agency.
2. Bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars must be rated "A" or better at the time of purchase by at least two nationally recognized rating agencies.
3. Fixed income securities must carry one of the two highest ratings by Moody's investors service and Standard and Poor's rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

### Custodial credit risk

Statutes require collateral for deposits at 102 percent of all deposits federal depository insurance does not cover.

### Concentration of credit risk

Statutes do not include any requirements for concentration of credit risk.

### Interest rate risk

Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years. However, the Stadium District is allowed by a separate statute to invest monies, not held for operations, in eligible investments with a maturity of greater than 5 years. The maximum maturity for investments in repurchase agreements is 180 days.

### Foreign currency risk

Statutes do not allow foreign investments, unless the investment is denominated in United States dollars.

**Deposits** - At June 30, 2016, the carrying amount of the County's deposits was \$712,156,154 and the bank balance was \$728,489,518. It is the County's investment policy to collateralize all deposits not covered by depository insurance in accordance with Statutes. At a minimum, the collateral is to be held by the pledging financial institution or its agent, but does not have to be held in the County's name.

At June 30, 2016, \$5,140,699 of County's bank balance was exposed to custodial credit risk as follows:

Uninsured with collateral held by the pledging financial institution's trust department or agent but in the County's name	\$	5,140,699
---	----	-----------

**Investments** – The County's investments at June 30, 2016, categorized within the fair value hierarchy established by generally accepted accounting principles, were as follows:

## Notes to the Financial Statements (Continued)

Investments by fair value level	Amount	Fair value measurement using		
		Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
U.S. Treasury securities	\$ 160,405,469	\$	\$ 160,405,469	\$
U.S. agency securities	2,531,076,499		2,531,076,499	
School bonds	100,937,632			100,937,632
Mutual funds with trustee	28,711,852		17,238,519	11,473,333
Total investments by fair value level	2,821,131,452		2,708,720,487	112,410,965
<b>Investments measured at amortized cost</b>				
School bonds	38,032,870			
School tax anticipation notes short-term	230,522,536			
Other investments	677,857			
Total investments measured at amortized cost	269,233,263			
<b>Total investments</b>	<b>\$ 3,090,364,715</b>			

Investments categorized as level 1 are valued using prices quoted in active markets for those investments. Investments categorized as level 2 are valued using bid and ask prices. The price within the bid-ask spread that is most representative of fair value was used to measure fair value. Investments categorized as level 3 are valued using information for similar assets, when available. Investments measured at amortized cost are those that mature within 90 days of year end.

The \$677,857 of other investments are related to the Public Fiduciary, which invests in equities, mutual funds, U.S. Treasury securities, and other types of investments as directed by court order. As these investment amounts are immaterial, no deposits or investment risk (credit risk, custodial credit risk, concentration of credit risk, and interest rate risk) disclosures will be reported for these investments.

**Credit risk** – It is the County’s investment policy to preserve the principal value and the interest income of an investment. The County can invest in obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, or instrumentalities. The County can also invest in commercial paper and corporate bonds with ratings that meet the statutory requirements specified above. At June 30, 2016, credit risk for the County’s investments was as follows:

Investment Type	Rating	Rating Agency	Amount
U. S. agency securities	Aaa	Moody's	\$ 979,154,511
U. S. agency securities	P-1	S&P	1,385,177,928
U. S. agency securities	Unrated	Not applicable	29,501,920
U. S. agency securities	AA+	S&P	137,242,140
School bonds	Unrated	Not applicable	138,970,502
School tax anticipation notes short-term	Unrated	Not applicable	230,522,536
Mutual funds with trustee	Aaa-mf	Moody's	28,711,852
			<u>\$ 2,929,281,389</u>

The \$29,501,920 of unrated U.S. agency securities are fixed income bonds issued by the Federal Farm Credit Banks (FFCB) and Federal Home Loan Banks (FHLB) which were rated Aaa at the time of purchase. The \$138,970,502 and \$230,522,536 of unrated school bonds and tax anticipation notes, respectively, are issued by various school districts that deposit their monies with the County Treasurer.

**Custodial credit risk** – For an investment, custodial credit risk is the risk that, in the event of the counterparty’s failure, the County will not be able to recover the value of its investments or collateral

## Notes to the Financial Statements (Continued)

securities that are in an outside party's possession. It is the County's investment policy that all of the Treasurer's securities be held by the agent or trust department and in the County's name. At June 30, 2016, the County did not have investments exposed to custodial credit risk.

**Concentration of credit risk** – It is the County's investment policy to preserve the principal value of its investments. However, due to the limited investments allowed under statutes and the desire to preserve the principal value, the County's investments may have a concentration of credit risk of more than 5 percent of total investments in one issuer. Five percent or more of the County's investments at June 30, 2016, were in the Federal Home Loan Bank (FHLB), the Federal Home Loan Mortgage Corporation (Freddie Mac), the Federal National Mortgage Association (Fannie Mae), and the Federal Farm Credit Banks (FFCB). These investments were 40.9 percent, 18.7 percent, 13.5 percent, and 8.7 percent, respectively, of the County's total investments.

**Interest rate risk** – It is the County's investment policy to hold investments to maturity, where practical, and avoid any loss on investments resulting from an early sale or retirement of an investment.

Additionally, securities should be invested for a shorter duration, where applicable. At June 30, 2016, the County had the following investments in debt securities:

Investment Type	Amount	Investment Maturities	
		Less than 1 Year	1 – 5 Years
U.S. Treasury securities	\$ 160,405,469	\$ 75,090,820	\$ 85,314,649
U.S. agency securities	2,531,076,499	1,495,140,868	1,035,935,631
School bonds	138,970,502	43,681,374	95,289,128
School tax anticipation notes short-term	230,522,536	230,522,536	
Mutual funds with trustee	28,711,852	28,711,852	
	<u>\$ 3,089,686,858</u>	<u>\$ 1,873,147,450</u>	<u>\$ 1,216,539,408</u>

**Foreign currency risk** – The County does not have a formal investment policy with respect to foreign currency risk because State statutes do not allow foreign investments.

A reconciliation of cash, deposits, and investments to amounts shown on the Statements of Net Position follows:

Cash, deposits and investments:	
Cash on hand	\$ 233,191
Amount of deposits	712,156,154
Amount of investments	3,090,364,715

## Notes to the Financial Statements

(Continued)

### NOTE 8 – CONDENSED FINANCIAL STATEMENTS OF COUNTY TREASURER’S INVESTMENT POOL

Arizona Revised Statutes require community colleges, school districts, and other local governments to deposit certain public monies with the County Treasurer. The Treasurer has a fiduciary responsibility to administer those and the County’s monies under his stewardship. The Treasurer invests, on a pool basis, all idle monies not specifically invested for a fund or program. In addition, the Treasurer determines the fair value of those pooled investments monthly and at June 30.

The County Treasurer’s investment pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. The pool’s structure does not provide for shares, and the County has not provided or obtained any legally binding guarantees to support the value of the participants’ investments.

The Treasurer allocates interest earnings to each of the pool’s participants. However, for the County’s monies in the pool, the Board of Supervisors authorized \$3,298,769 of interest earned in certain other funds to be transferred to the General Fund.

The deposits and investments held by the County are included in the County Treasurer’s investment pool, except for \$228,191 of cash on hand, \$68,957,908 of deposits, \$28,711,852 of mutual funds with trustee and \$677,857 of other investments. Therefore, the deposit and investment risks of the Treasurer’s investment pool are substantially the same as the County’s deposit and investment risks. See Note 7 – Deposits and Investments for disclosure of the County’s deposit and investment risks.

Details of each major investment classification follow:

<u>Investment Type</u>	<u>Principal</u>	<u>Interest Rates</u>	<u>Maturities</u>	<u>Reported Amount</u>
U. S. Treasury securities	\$ 159,919,922	0.63 – 1.00%	12/16 – 12/17	\$ 160,405,469
U. S. agency securities	2,528,795,858	0.00 – 1.50%	7/16 – 11/19	2,531,076,499
School bonds	147,455,159	0.93 – 5.96%	7/16 – 7/19	138,970,502
School tax anticipation notes short-term	231,039,370	0.81%	7/16	230,522,536

A condensed statement of the investment pool’s net position and changes in net position follows:

### NOTE 9 – RECEIVABLES

Receivables as of year-end for the County's individual major funds and nonmajor funds in the aggregate are shown as follows. Taxes receivable does not have an allowance for uncollectible taxes, as the amount is considered immaterial. All other receivables are considered collectible.

	Governmental Funds					Total
	General Fund	Detention Operations Fund	County Improvement Debt Fund	County Improvement Fund	Other Governmental Funds	
Receivables:						
Taxes	\$ 9,173,523	\$	\$	\$	\$ 1,166,470	\$ 10,339,993
Accounts	24,365					24,365
Accrued interest	975,620	365,883	20,617	68,255	388,187	1,818,562
Special assessments					9,872	9,872
Total receivables	<u>\$ 10,173,508</u>	<u>\$ 365,883</u>	<u>\$ 20,617</u>	<u>\$ 68,255</u>	<u>\$ 1,564,529</u>	<u>\$ 12,192,792</u>

### NOTE 10 – DUE FROM OTHER GOVERNMENTAL UNITS

Amounts due from other governmental units at June 30, 2016, as reported on the Governmental Funds balance sheet are as follows:

	Governmental Funds			Total
	General Fund	Detention Operations Fund	Other Governmental Funds	
Due from other governments:				
State-shared sales tax	\$ 83,448,551	\$	\$	\$ 83,448,551
Vehicle license tax	14,741,284		1,048,636	15,789,920
Highway user revenue			17,854,303	17,854,303
Jail tax		24,728,637		24,728,637
Other surcharges collected by the state			1,969,807	1,969,807
Grants and contributions from state and federal	2,898,118	3,710	43,351,517	46,253,345
Reimbursement for services provided to the state, cities and towns	516,552	3,369,604	882,015	4,768,171
Total due from other governments	<u>\$101,604,505</u>	<u>\$ 28,101,951</u>	<u>\$ 65,106,278</u>	<u>\$194,812,734</u>

### NOTE 11 – INTERGOVERNMENTAL LOANS

At June 30, 2016, the County reported intergovernmental loans of \$12,556,431. This amount consists of outstanding principal of \$11,663,240 and accrued interest of \$893,191 for an intergovernmental loan to the Maricopa County Special Health Care District, a separate legal entity. On July 1, 2005, the County provided a \$15,433,000 ten-year loan to the Maricopa County Special Health Care District. The terms of the loan, as outlined in the Third Amendment to Assistance Package Intergovernmental Agreement dated October 7, 2015, include the first five years interest free, accrued interest for the second five-year period, and interest on the principal only at the rate of 1.5 percent per annum for the remaining twelve installments. The final installment of the loan is due August 31, 2018.

# Notes to the Financial Statements

### NOTE 13 – CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

At June 30, 2016, Maricopa County had the following major contractual commitments related to various capital projects. Commitments have been grouped into four major categories: Transportation Construction Projects, Flood Control Construction Projects, Technology Improvement Projects, and Construction of Various County Facilities.

#### Transportation Construction Projects

At June 30, 2016, the Maricopa County Transportation Department had contractual commitments of \$12,269,019 for construction of various roadway projects. At June 30, 2016, the County had spent \$73,090,125 on these projects and had related estimated cost of completion based on the project budgets of \$336,181,000, of which not all projects may be completed. Funding for these expenditures will be provided from Highway User Fuel Tax, the primary source of revenue for the Transportation Department. These projects are accounted for in the Transportation Capital Projects Fund (nonmajor governmental fund).

#### Flood Control Construction Projects

At June 30, 2016, the Maricopa County Flood Control District had contractual commitments of \$52,166,043 for the construction of various flood control projects. At June 30, 2016, the County had spent \$179,904,954 on these projects and had related estimated cost of completion based on the project budgets of \$265,782,000, of which not all projects may be completed. Funding for these expenditures will be provided from the Flood Control District's tax levy of property within Maricopa County, the primary source of revenue for the Flood Control District. These projects are accounted for in the Flood Control Capital Projects Fund (nonmajor governmental fund).

#### Technology Improvement Projects

At June 30, 2016, Maricopa County had contractual commitments of \$69,452,242, including retention payable, related to major capital projects accounted for in the County Improvement Fund (major governmental fund), which are financed primarily by the Certificates of Participation, Series 2015. At June 30, 2016, the County had spent \$89,922,335 on these projects and had related estimated cost of completion based on the project budgets of \$107,461,544, of which not all projects may be completed.

At June 30, 2016, Maricopa County had contractual commitments of \$28,319,575, including retention payable, related to a major capital project accounted for in the Technology Capital Improvement Fund (major governmental fund) funded predominantly through transfers from the General Fund. At June 30, 2016, the County had spent \$2,636,174 on this project and had a related estimated cost of completion of \$31,023,916 based on the project budget.

# Notes to the Financial Statements

## (Continued)

### Construction of Various County Facilities

At June 30, 2016, Maricopa County had contractual commitments of \$11,066,368 related to major capital projects accounted for in the County Improvement Fund (major governmental fund), which are financed primarily by the Certificates of Participation, Series 2015. At June 30, 2016, the County had spent \$8,278,641 on these projects and had related estimated cost of completion based on the project budgets of \$21,708,913, of which not all projects may be completed.

At June 30, 2016, Maricopa County had contractual commitments of \$4,833,256, including retention payable, relating to major capital projects accounted for in the General Fund County Improvements Fund, County Improvement Fund, and Detention Capital Projects Fund (major governmental funds) and funded predominantly through transfers from the General Fund and Detention Operations Fund, respectively. At June 30, 2016, the County had spent \$15,291,157 on these projects and had related estimated cost of completion based on the project budgets of \$311,636,211, of which not all projects may be completed.

### NOTE 14 – LONG-TERM LIABILITIES

The following schedule details the County's long-term liability and obligation activity for the year ended June 30, 2016.

	Balance July 1, 2015	Additions	Reductions	Balance June 30, 2016	Due Within One Year
<b>Governmental activities:</b>

## Notes to the Financial Statements

(Continued)

Bonds, loans, and other payables were as follows at June 30, 2016:

### Lease Revenue Bonds

On May 23, 2007, the Maricopa County Public Finance Corporation issued \$108,100,000 of Lease Revenue Bonds to pay for the acquisition, construction, and renovation of the Durango Animal Care and Control Facility; Southeast, Southwest, San Tan, One West Madison and Sunnyslope Justice Court Facilities; and Central Court Building. Under the terms of the bond indentures, the Corporation received the proceeds to construct and purchase these assets and the County will make lease payments to extinguish the debt. Lease payments will equal the aggregate amount of principal and interest due at that date. Upon the final lease payment, the title to the assets will transfer to the County. The County's obligation to make lease payments will be subject to and dependent upon annual appropriations being made by the County. Bonds maturing on and after July 1, 2017, are subject to optional redemption in increments of \$5,000 on July 1, 2016, or any date thereafter, at par plus accrued interest to the date fixed for redemption. In the event of nonappropriation, the bonds would be subject to special redemption at par plus accrued interest to the redemption date. The bonds are secured by the collateralization of certain County assets.

On June 22, 2016, the Maricopa County Public Finance Corporation extinguished a portion of the Lease Revenue Bonds, 2007A, in the amount of \$29,910,000. The County placed the cash in an irrevocable trust to refund the bonds which were called for redemption on July 22, 2016.

The following Lease Revenue Bonds were outstanding as of June 30, 2016:

DESCRIPTION	AMOUNT OF ISSUE	INTEREST RATES	MATURITY DATES	OUTSTANDING AT JUNE 30, 2016
2007A Lease Revenue Bonds	\$ 108,100,000	4.00 – 5.00%	7-1-16/27	\$ 54,755,000

Annual debt service requirements to maturity for the County's Lease Revenue Bonds are as follows:

Year Ending June 30	Governmental Activities		
	Principal	Interest	Total
2017	3,660,000	3,077,399	6,737,399
2018	3,845,000	2,309,193	6,154,193
2019	4,040,000	2,112,068	6,152,068
2020	4,240,000	1,926,268	6,166,268
2021	4,410,000	1,731,218	6,141,218
2022-26	25,405,000	5,250,427	30,655,427
2027-28	9,155,000	368,080	9,523,080
Total	\$ 54,755,000	\$ 16,774,653	\$ 71,529,653

### Certificates of Participation

On June 25, 2015, Maricopa County issued \$185,580,000 of Certificates of Participation to pay for the acquisition of capital equipment and various capital projects. Some of the larger projects include: Public Radio System, Technology Infrastructure Refresh, Southwest Justice Courts, Enterprise Resource Planning System, and the Enterprise Data Center. The 2015 Certificates were executed and delivered under a trust agreement, dated June 1, 2015. Certificates of participation represent proportionate interests in semiannual lease payments. The County's obligation to make lease payments is subject to annual appropriations made by the County for that purpose. The certificates have interest rates ranging from 3.0 to 5.0 percent, payable semiannually on January 1 and July 1 each year through 2018.

## Notes to the Financial Statements (Continued)

The following certificates of participation were outstanding at June 30, 2016:

DESCRIPTION	AMOUNT OF ISSUE	INTEREST RATES	MATURITY DATES	OUTSTANDING AT JUNE 30, 2016
Certificates of Participation, Series 2015	\$ 185,580,000	3.0 – 5.0%	7-1-17/18	\$ 185,580,000

Annual debt service requirements to maturity for certificates of participation are as follows:

Year Ending June 30	Governmental Activities	
	Principal	Interest
2017		8,579,000
2018	90,625,000	6,413,375
2019	94,955,000	2,123,875
Total	\$ 185,580,000	\$ 17,116,250

### Stadium District Revenue Bonds

Stadium District Revenue Refunding Bonds are special obligations of the District. The bonds are payable solely from pledged revenues, consisting of auto rental surcharges levied and collected by the Stadium District pursuant to A.R.S. §48-4234. Under the statute, the Stadium District may set the surcharge at \$2.50 on each lease or rental of a motor vehicle licensed for hire, for less than one year, and designed to carry fewer than 15 passengers, regardless of whether such vehicle is licensed in the State of Arizona. The Stadium District Board of Directors initially levied a surcharge at a rate of \$1.50 beginning in January 1992 and increased the surcharge to \$2.50, the maximum amount permitted by statute, in January 1993.

The District has pledged future auto rental surcharge revenue to repay the \$25,140,000 in revenue refunding bonds, which were issued in September 2012. Proceeds from the bond issuance provided financing to refund previously issued bonded debt for the construction of Cactus League facilities. The bonds do not constitute a debt or a pledge of the faith or credit of Maricopa County, the State of Arizona, or any other political subdivision. The payment of the bonds is enforceable solely out of the pledged revenues and no owner shall have any right to compel any exercise of taxing power of the District, except for surcharges. Total principal and interest remaining to be paid on the bonds is \$13,318,042, payable through June 2019. Principal and interest paid for the current year and total auto rental surcharge revenues were \$3,690,028, and \$4,772,583, respectively.

The Stadium District had the following revenue bonds outstanding at June 30, 2016:

DESCRIPTION	AMOUNT OF ISSUE	INTEREST RATES	MATURITY DATES	OUTSTANDING AT JUNE 30, 2016
2012 Revenue Refunding Bonds	\$ 25,140,000	2.28%	6-1-17/19	\$ 12,685,000

Annual debt service requirements to maturity for Stadium District bonds are as follows:

Year Ending June 30	Governmental Activities	
	Principal	Interest
2017	3,405,000	289,218
2018	3,480,000	211,584
2019	5,800,000	132,240
Total	\$ 12,685,000	\$ 633,042

## Notes to the Financial Statements

(Continued)

### Capital Leases

The County has entered into various lease-purchase agreements, which are non-cancellable, for the acquisition of the following equipment:

	Governmental Activities
Construction in Progress - Computer Systems and Equipment	\$ 3,038,481
Computer Systems and Equipment	4,500,283
Total Capital Assets	7,538,764
Accumulated Depreciation	(1,293,722)
Net Value of Leased Capital Assets	<u>\$ 6,245,042</u>

These lease-purchase agreements require the County to pay all maintenance costs. At the time of the final principal and interest payments, title to the leased equipment transfers to the County. These leases are contingent on budgetary appropriations each fiscal year. The assets are capitalized at total principal cost.

The following schedule details debt service requirements to maturity for the County's capital leases payable at June 30, 2016.

Year Ending June 30	Governmental Activities
2017	\$ 9,774,799
2018	7,125,295
2019	1,281,093
2020	322,894
Total minimum lease payments	18,504,081
Amount representing interest	(522,870)
Present value of net minimum lease payments	<u>\$ 17,981,211</u>

The present value of net minimum lease payments at June 30, 2016, of \$17,981,211 exceeds the total capital assets of \$7,538,764 because a significant portion of the assets acquired through capital leases are for computer related equipment that is below the County's capitalization threshold.

### Housing Authority of Maricopa County Capital Leases Obligation

The Housing Authority of Maricopa County entered into a long-term lease commitment for equipment that has been accounted for as a capital lease. The lease obligation is part of a U.S. Department of Housing and Urban Development approved Energy Performance Contract (EPC) that provides for continued Public Housing funding and certain incentives for increasing the energy efficiency of Public Housing Units. The assets are currently capitalized as Building Improvements with a cost of \$1,792,280, less accumulated depreciation of \$179,779, for a carrying value of \$1,612,501. At June 30, 2016, the balance on this obligation is \$1,734,060.

Annual debt service requirements to maturity for Housing Authority capital lease obligations are as follows:

Year Ending June 30	Business-type Activities		
	Principal	Interest	Total
2017	64,897	64,130	129,027
2018	71,986	61,730	133,716
2019	79,506	59,068	138,574
2020	87,480	56,127	143,607
2021	95,930	52,892	148,822
2022-26	624,836	204,325	829,161
2027-30	709,425	67,989	777,414
Total	<u>\$ 1,734,060</u>	<u>\$ 566,261</u>	<u>\$ 2,300,321</u>

## Notes to the Financial Statements

### Housing Authority of Maricopa County Loans Payable

The Housing Authority of Maricopa County's Component Unit, Maricopa Revitalization Partnership, L.L.C., has a promissory note payable to Community Service of Arizona, Inc. The note bears an interest rate of 0.50% and is collateralized by investment in real estate. The balance on this note shall be paid at the earlier of the date of sale of the property; breach of covenant, condition or restriction; or 15 years after the date of the project completion. At June 30, 2016, the balance on this note was \$ 570,000.

The Housing Authority of Maricopa County's Component Unit, Rose Terrace Development Partnership Phase II, L.L.C., has a promissory note payable to Mutual of Omaha Bank. The note bears an interest rate of 5.5% and is collateralized by investment in real estate. Monthly principal and interest payments of \$2,814 will continue through February 2020, at which time a balloon payment of \$328,340 is due. At June 30, 2016, the balance on this note was \$ 383,398.

On December 21, 2012, the Housing Authority of Maricopa County's Component Unit, Rose Terrace Development Partnership, L.L.C., entered into a promissory note payable with First Bank. The note bears interest at 4.75% through January 1, 2018, and then increases to the greater of 6.00% or the 5-year Treasury Rate plus 3%. Monthly installments of principal and interest of \$13,793 are payable through January 1, 2018, at which point the note will be amortized for the balance through the maturity date of October 1, 2022. At June 30, 2016, the balance on this note was \$2,500,549.

On March 4, 2014, the Housing Authority of Maricopa County entered into a repayment agreement with the U.S. Department of Housing and Urban Development (HUD) totaling \$115,524 to repay misused program funds as determined by the 2010 HUD Limited Management and Financial Review. The agreement bears no interest and calls for equal annual payments of \$11,552 from non-federal resources beginning June 30, 2014, and ending June 30, 2023. At June 30, 2016, the balance on this note was \$80,865.

The Housing Authority of Maricopa County entered into a repayment agreement with the U.S. Department of Housing and Urban Development (HUD) totaling \$468,781 to repay misused program funds, as determined by a HUD Quality Assurance Division review, which was finalized in 2015. The agreement bears no interest and calls for equal annual payments of \$18,751 from non-federal resources beginning January 1, 2016 and ending January 1, 2041. At June 30, 2016, the balance on this note was \$454,720.

Annual debt service requirements to maturity for Housing Authority loans payable are as follows:

Business-type Activities	
Year Ending June 30	Principal
2017	90,476
2018	93,905
2019	657,546
2020	90,302
2021	406,469
2022-26	2,383,623
2027-31	93,755
2032-36	93,755
2037-41	79,701
Total	<u>\$ 3,989,532</u>

# Notes to the Financial Statements

## (Continued)

---

### Funding Source for Governmental Activities Liabilities

<b>Governmental Funds Liabilities</b>	<b>Funding Source</b>
Lease revenue bonds	County Improvement Debt Fund
Certificates of participation	County Improvement Debt Fund
Capital leases	County Improvement Debt Fund
Stadium District revenue bonds	Stadium District Debt Service Fund (nonmajor debt service fund)
Special assessment debt with governmental commitment	Special Assessment Fund (nonmajor debt service fund)
Claims and judgments	General Fund, Transportation Operations Fund and Flood Control Fund (nonmajor special revenue funds)
Reported and incurred but not reported claims	Risk Management Fund and Employee Benefits Trust Fund (internal service funds)
Liability for closure and postclosure costs	General Fund
Net pension liabilities	Various funds

### Legal Debt Margin

County indebtedness pertaining to general obligation bonds may not exceed six percent of the value of the County's taxable property ascertained by the last assessment. However, with voter approval, the County may become indebted for an amount not to exceed fifteen percent of such taxable property. At June 30, 2016, the allowable six and fifteen percent limits were \$2,077,420,219 and \$5,193,550,548, respectively. The County had no outstanding general obligation debt at June 30, 2016, and was therefore within the legal debt margin.

### Arbitrage Compliance

The County is in compliance with all Federal arbitrage regulations for tax-exempt debt securities. As of June 30, 2016, the County had no arbitrage liability.

### NOTE 15 – MUNICIPAL LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

The County has five landfills which are subject to closure and postclosure care requirements. Federal and State laws and regulations require the County to place a final cover on all its landfill sites when they stop accepting waste and to perform certain maintenance and monitoring functions at the sites for 30 years after closure. Although one landfill is exempt from these regulations, the County is performing postclosure monitoring of this site and has included the estimated costs in the closure and postclosure liability.

The County's last remaining landfill stopped accepting waste May 2007 and the final cover was completed in October 2010. At June 30, 2016, the County updated the estimates required to pay for closure, cleanup, remedial actions and monitoring at the County's five landfill sites, in accordance with generally accepted accounting principles. The County estimated these costs to be approximately \$10,075,798.

The County's estimate for closure and postclosure care requirements for the five landfills are subject to change due to inflation, changes in technology, changes in regulations, or results of the investigational study. All associated closure and postclosure costs will be paid from the General Fund. These amounts are based on what it would cost to perform all closure and postclosure care and remedial investigation costs in fiscal year 2016.

According to Federal and State laws and regulations, the County must comply with the local government financial test requirements that assure the County can meet the costs of landfill closure, postclosure, and corrective action when needed. The County is in compliance with these requirements.

## Notes to the Financial Statements

### NOTE 16 – MUNICIPAL REVOLVING LINE OF CREDIT AND IRREVOCABLE STANDBY LETTER OF CREDIT

On July 1, 2015, the County maintained a \$35,000,000 municipal revolving line of credit with qualified interest rate of 61% and non-qualified interest rate of 66% of the bank's prime rate which had a maturity date of June 30, 2016. Outstanding principal and interest is due on June 30 of each year. During fiscal year 2016, the County had not borrowed against the line of credit. The municipal revolving line of credit was renewed to June 30, 2017.

On July 1, 2015, the County maintained a \$15,151,706 irrevocable standby letter of credit issued to the Industrial Commission of Arizona for unfunded workers' compensation claims. On December 31, 2015, the letter of credit was increased to \$15,705,634. The letter of credit was reserved against the municipal revolving line of credit. During fiscal year 2016, the letter of credit had not been drawn upon. The irrevocable standby letter of credit renewed to June 30, 2017.

### NOTE 17 – OPERATING LEASES

The County's operating leases are for land, buildings, office equipment, and vehicles under the provisions of various long-term lease agreements classified as operating leases for accounting purposes. Rental expenses under the terms of these operating leases for governmental activities were \$10,846,129 for the year ended June 30, 2016. These operating leases have remaining lease terms from one to fifteen years. Also, they provide renewal options and are contingent on budgetary appropriations each fiscal year. The future minimum rental payments required under these operating leases as of June 30, 2016, are as follows:

Year Ending June 30	Governmental Activities
2017	10,376,295
2018	9,758,430
2019	5,687,909
2020	3,131,258
2021	1,117,183
2022-2026	449,165
2027-2031	342,925
Total minimum payments required	<u>\$ 30,863,165</u>

### NOTE 18 – RISK MANAGEMENT

The Risk Management Fund (internal service fund) accounts for the financing of the insured risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters.

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County carries commercial insurance for all such risks of loss, including workers' compensation and employees' health and accident insurance. Settled claims resulting from these risks have not exceeded this commercial coverage since the inception of these insurance policies.

Liabilities for unpaid claims are estimates determined by an independent actuary using the following actuarial methods: developed paid loss, developed reported incurred losses, developed case reserves, frequency times severity analysis, loss rate analysis, and the Bornhuetter-Ferguson method. Accrued actuarial liabilities are based on a discounted expected confidence level assuming a 2.00 percent annual rate of return on investments.

## Notes to the Financial Statements (Continued)

Accrued actuarial liabilities at June 30, 2016, for each insurable area follow:

Auto liability	\$ 1,922,226
General liability	23,066,391
Workers' compensation	16,343,659
Medical malpractice	3,829,823
Auto physical damage	135,252
Property	179,227
Professional liability	182,991
Environmental property damage	2,977,460
Environmental liability	26,302,568
Unallocated	5,348,770
Total	<u>\$ 80,288,367</u>

Changes in the unpaid claims liability reported in the Risk Management Trust Fund follow:

Year	Balance July 1	Current-Year Claims And Changes In Estimates	Claims Payments	Balance June 30
2013-14	76,866,119	4,028,631	(15,434,590)	65,460,160
2014-15	65,460,160	13,360,665	(9,202,184)	69,618,641
2015-16	69,618,641	22,634,746	(11,965,020)	80,288,367

The Employee Benefits Trust Fund (internal service fund) accounts for the financing of the insured risk of loss for certain health benefits (medical, dental, short-term disability, and medical incentives) to eligible employees and their dependents.

The liability for medical, dental, short-term disability, behavioral health, and vision claims is based on fiscal year 2016 actuarial reports. Accrued actuarial liabilities at June 30, 2016, for each insurable area follow:

Medical	\$ 13,203,018
Dental	514,036
Short-term disability	326,043
Behavioral health	214,025
Vision	135,969
Pharmacy	14,321
Total	<u>\$ 14,407,412</u>

Changes in the unpaid claims liabilities reported in the Employee Benefits Trust Fund follow:

Year	Balance July 1	Current-Year Claims And Changes In Estimates	Claims Payments	Balance June 30
2013-14	8,286,946	130,629,777	(127,229,427)	11,687,296
2014-15	11,687,296	137,910,814	(135,910,010)	13,688,100
2015-16	13,688,100	139,599,585	(138,880,273)	14,407,412

### NOTE 19 – POLLUTION REMEDIATION OBLIGATIONS

Maricopa County has estimated and reported a pollution remediation obligation in the government-wide financial statements for the current or potential detrimental effects of existing pollution. At June 30, 2016, the County reported \$4,343,576 of claims and judgments, which is composed of the following pollution remediation obligations.

Asbestos – The National Emission Standards for Hazardous Air Pollutants, 40 CFR §61.145, requires the County to inspect buildings for the existence of asbestos prior to the commencement of any demolition or renovation work. As of June 30, 2016, the County had several facilities under consideration for demolition or renovation. The County's reported pollution remediation liability is an estimate provided by a professional environmental consultant. The estimate accounts for pre-cleanup and cleanup activities.

## Notes to the Financial Statements

(Continued)

---

Stormwater – Under the Clean Water Act, the National Pollutant Discharge Eliminations System Stormwater Program, 40 CFR §122, requires the implementation of controls designed to prevent harmful pollutants from being washed by stormwater runoff into bodies of water. An audit of County-owned facilities was conducted to ensure compliance with federal regulations. The County's reported pollution remediation liability is an estimate provided by a professional environmental consultant. The estimate accounts for activities to achieve compliance.

Road and Drainage Construction – The County conducted environmental site characterizations during the construction of roads and drainage structures. In compliance with Arizona Department of Environmental Quality (ADEQ) Soil Remediation Levels, Arizona Administrative Code Title 18, Chapter 7, Article 2, the County will excavate and properly dispose of any contaminated soil. The County's reported pollution remediation liability is an estimate provided by a professional environmental consultant. The estimate consists of the costs for soil excavation, disposal, and additional sampling.

Maricopa County also has estimated and reported a pollution remediation obligation in the Risk Management internal service fund financial statements for the current or potential detrimental effects of existing pollution. These obligations are categorized under environmental property damage and environmental liability in Note 18– Risk Management. At June 30, 2016, the County reported \$29,280,028 of reported but unpaid claims, which is composed of the following pollution remediation obligations:

Cave Creek Landfill – The County has entered into a Consent Decree with ADEQ to evaluate the Cave Creek Landfill as a source of groundwater contamination. A Draft Remedial Action Plan (RAP) was completed and submitted to ADEQ in Spring 2015. The Draft RAP was approved by ADEQ in August 2015 and a public meeting was held in September 2015. The Final RAP was approved by ADEQ in November 2016. The County's reported pollution remediation liability is an estimate provided by a professional environmental consultant. The estimate consists of design, installation, and operation of a groundwater remediation system, including additional well installation; operation of a soil vapor extraction system; continued mandated monitoring and reporting to ADEQ.

Hassayampa Landfill – On July 22, 1987, the Hassayampa Landfill was added to the Superfund National Priorities List by the United States Environmental Protection Agency (EPA), pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), 42 U.S.C. §9605(a)(8), due to suspected groundwater contamination. On February 19, 1988, nine of the major potentially responsible parties (PRP) for the site entered into a Consent Order with the EPA to conduct the Remedial Investigation and Feasibility Study. On August 6, 1992, a Record of Decision was signed and detailed the EPA's selected cleanup remedy, which resulted in the formation of the Hassayampa Steering Committee (HSC). The HSC, an unincorporated association, consists of 11 PRP's that entered into a Unilateral Administrative Order with the EPA on March 30, 1993, to conduct additional investigation activities and to begin remedial design and action activities on the groundwater treatment system and soil cap. In September 1997, a Preliminary Close-Out Report was completed and the EPA certification of the completion of construction of the remedial action was issued in April 1998. The groundwater extraction and treatment system and soil vapor extraction and treatment system will continue to be run by the PRP's until the groundwater and soil meet cleanup levels.

The HSC hires consultants that recommend site actions, meet with regulators, and develop cost estimates for remediation of the Hassayampa Landfill. The County is responsible for 27.78% of the HSC's cost remediation. The County's reported pollution remediation liability is an estimate provided by a professional environmental consultant.

CERCLA Cost Recovery Claim – The County, along with numerous other entities, was named as a potential responsible party under the CERCLA, 42 U.S.C. §9607(a), by a third party. The Notice of Claim was based upon allegations that the County owned the properties which were acquired in the 1970's from a solvent manufacturer. However, in 2001, the County (and other parties) entered into a Consent Decree/Settlement with ADEQ which absolved the County of any additional liability for the site.

The County pollution remediation liability is subject to change due to changes in the cost of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation effort. The County has no estimated recoveries at this time.

# Notes to the Financial Statements

(Continued)

## NOTE 20 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS

### Plan Descriptions

The County contributes to the plans described below. The plans are component units of the State of Arizona.

At June 30, 2016, the County reported the following aggregate amounts related to pensions for all plans to which it contributes:

Statement of Net Position and Statement of Activities	Governmental Activities	Business-Type Activities	Total
Net pension liabilities	\$ 1,602,260,156	\$ 3,707,607	\$ 1,605,967,763
Deferred outflows of resources	296,884,363	346,370	297,230,733
Deferred inflows of resources	74,740,379	461,168	75,201,547
Pension expense	203,724,854	138,806	203,863,660

The County's accrued payroll and employee benefits includes \$3,605,567 of outstanding pension contribution amounts payable to all pension plans for the year ended June 30, 2016. Also, the County reported \$111,855,813 of pension contributions as expenditures in the governmental funds related to all pension plans to which it contributes.

### A. Arizona State Retirement System

**Plan description**—County employees not covered by the other pension plans described below participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at [www.azasrs.gov](http://www.azasrs.gov).

**Benefits provided**—The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

	Retirement Initial membership date:	
	Before July 1, 2011	On or after July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years, age 62 5 years, age 50* any years, age 65	30 years, age 55 25 years, age 60 10 years, age 62 5 years, age 50* any years, age 65
Final average salary is based on	Highest 36 consecutive months of last 120 months	Highest 60 consecutive months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

\*With actuarially reduced benefits.

## Notes to the Financial Statements

(Continued)

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earnings. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

**Contributions**—In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2016, statute required active ASRS members to contribute at the actuarially determined rate of 11.47 percent (11.35 percent for retirement and 0.12 percent for long-term disability) of the members' annual covered payroll, and statute required the County to contribute at the actuarially determined rate of 11.47 percent (10.85 percent for retirement, 0.50 percent for health insurance premium benefit, and 0.12 percent for long-term disability) of the active members' annual covered payroll. In addition, the County was required by statute to contribute at the actuarially determined rate of 9.36 percent (9.17 percent for retirement, 0.13 percent for health insurance premium benefit, and 0.06 percent for long-term disability) of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the ASRS would typically fill. The County's contributions to the pension plan for the year ended June 30, 2016, were \$51,696,840. The County's OPEB contributions for the current and 2 preceding years, all of which were equal to the required contributions, were as follows:

Year ended June 30	Health Benefit Supplement Fund	Long-Term Disability Fund
2016	\$ 2,364,092	\$ 564,796
2015	2,799,086	560,655
2014	2,718,331	1,069,996

During fiscal year 2016, the County paid for ASRS pension and OPEB contributions as follows: 60 percent from the General Fund, 11 percent from major funds, and 29 percent from other funds.

**Pension liability** — At June 30, 2016, the County reported a liability of \$809,331,280 for its proportionate share of the ASRS' net pension liability. The net pension liability was measured as of June 30, 2015. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2014, to the measurement date of June 30, 2015. The County's proportion of the net pension liability was based on the County's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2015. The County's proportion measured as of June 30, 2015, was 5.2 percent, which was an increase of 0.1 from its proportion measured as of June 30, 2014.

**Pension expense and deferred outflows/inflows of resources** — For the year ended June 30, 2016, the County recognized pension expense for ASRS of \$57,827,183. At June 30, 2016, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

## Notes to the Financial Statements

(Continued)

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 22,084,896	\$ 42,409,776
Net difference between projected and actual earnings on pension plan investments		25,937,274
Changes in proportion and differences between county contributions and proportionate share of contributions	25,623,868	300,449
County contributions subsequent to the measurement date	51,696,840	
Total	<u>\$ 99,405,604</u>	<u>\$ 68,647,499</u>

The \$51,696,840 reported as deferred outflows of resources related to ASRS pensions resulting from county contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions will be recognized in pension expense as follows:

Year ending June 30	
2017	\$ (2,631,812)
2018	(19,713,897)
2019	(17,316,488)
2020	18,723,462

**Actuarial Assumptions** — The significant actuarial assumptions used to measure the total pension liability are as follows:

<b>ASRS</b>	
Actuarial valuation date	June 30, 2014
Actuarial roll forward date	June 30, 2015
Actuarial cost method	Entry age normal
Investment rate of return	8%
Projected salary increases	3–6.75%
Inflation	3%
Permanent benefit increase	Included
Mortality rates	1994 GAM Scale BB

Actuarial assumptions used in the June 30, 2014, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2012.

The long-term expected rate of return on ASRS pension plan investments was determined to be 8.79 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Arithmetic Real Rate of Return
Equity	58%	6.79%
Fixed income	25%	3.70%
Real estate	10%	4.25%
Multi-asset	5%	3.41%
Commodities	2%	3.93%
Total	<u>100%</u>	

## Notes to the Financial Statements

(Continued)

**Discount Rate** — The discount rate used to measure the ASRS total pension liability was 8 percent, which is less than the long-term expected rate of return of 8.79 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the County's proportionate share of the ASRS net pension liability to changes in the discount rate** — The following table presents the County's proportionate share of the net pension liability calculated using the discount rate of 8 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (7 percent) or 1 percentage point higher (9 percent) than the current rate:

	1% Decrease (7%)	Current Discount Rate (8%)	1% Increase (9%)
County's proportionate share of the net pension liability	\$ 1,060,500,551	\$ 809,331,280	\$ 637,198,018

**Pension plan fiduciary net position**—Detailed information about the pension plan's fiduciary net position is available in the separately issued ASRS financial report.

### **B. Public Safety Personnel Retirement System and Corrections Officer Retirement Plan**

**Plan descriptions** — County sheriff employees and county attorney investigators who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS). Previously, County park rangers participated in the PSPRS; however, the plan currently has no active members and only five inactive members. This plan has not had any active members since fiscal year 2006-07. The net pension liability for this plan of \$1,015,117 is included in the County's total net pension liability; however, the details of this plan are not disclosed in the note below as there are no active members and it is not material. The PSPRS administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium benefit (OPEB) plan (agent plans). A seven-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

County detention officers and Administrative Office of the Courts (AOC) probation, surveillance, and juvenile detention officers participate in the Corrections Officer Retirement Plan (CORP). The CORP administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium benefit (OPEB) plan for county detention officers (agent plans), and a cost-sharing multiple-employer defined benefit pension plan and a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan for AOC officers (cost-sharing plans). The PSPRS Board of Trustees and the participating local boards govern CORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

The PSPRS issues publicly available financial report that includes financial statements and required supplementary information for the PSPRS and CORP plans. The report is available on the PSPRS website at [www.psprs.com](http://www.psprs.com).

**Benefits provided**—The PSPRS and CORP provide retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

# Notes to the Financial Statements

(Continued)

<b>PSPRS</b>		
	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
<b>Retirement and Disability</b>		
Years of service and age required to receive benefit	20 years, any age 15 years, age 62	25 years, age 52.5
Final average salary is based on	Highest 36 consecutive months of last 20 years	Highest 60 consecutive months of last 20 years
<b>Benefit percent</b>		
Normal Retirement	50% less 2.0% for each year of credited service less than 20 years OR plus 2.0% to 2.5% for each year of credited service over 20 years, not to exceed 80%	2.5% per year of credited service, not to exceed 80%
Accidental Disability Retirement	50% or normal retirement, whichever is greater	
Catastrophic Disability Retirement	90% for the first 60 months then reduced to either 62.5% or normal retirement, whichever is greater	
Ordinary Disability Retirement	Normal retirement calculated with actual years of credited service or 20 years of credited service, whichever is greater, multiplied by years of credited service (not to exceed 20 years) divided by 20	
<b>Survivor Benefit</b>		
Retired Members	80% to 100% of retired member's pension benefit	
Active Members	80% to 100% of accidental disability retirement benefit or 100% of average monthly compensation if death was the result of injuries received on the job	
<b>CORP</b>		
	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
<b>Retirement and Disability</b>		
Years of service and age required to receive benefit	Sum of years and age equals 80 20 years, any age 10 years, age 62	25 years, age 52.5 10 years, age 62
Final average salary is based on	Highest 36 consecutive months of last 10 years	Highest 60 consecutive months of last 10 years
<b>Benefit percent</b>		
Normal Retirement	2.0% to 2.5% per year of credited service, not to exceed 80%	
Accidental Disability Retirement	50% or normal retirement if more than 20 years of credited service	50% or normal retirement if more than 25 years of credited service
Total and Permanent Disability Retirement	50% or normal retirement if more than 25 years of credited service	
Ordinary Disability Retirement	2.5% per year of credited service	
<b>Survivor Benefit</b>		
Retired Members	80% of retired member's pension benefit	
Active Members	40% of average monthly compensation or 100% of average monthly compensation if death was the result of injuries received on the job. If there is no surviving spouse or eligible children, the beneficiary is entitled to 2 times the member's contributions.	

## Notes to the Financial Statements

(Continued)

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on excess investment earnings. In addition, from and after December 31, 2015, the Legislature may enact permanent one-time benefit increases after a Joint Legislative Budget Committee analysis of the increase's effects on the plan. PSPRS also provides temporary disability benefits of 50 percent of the member's compensation for up to 12 months.

**Employees covered by benefit terms**—At June 30, 2016, the following employees were covered by the agent pension plans' benefit terms:

	PSPRS Sheriff	PSPRS Attorney Investigators	CORP Detention
Inactive employees or beneficiaries currently receiving benefits	435	18	462
Inactive employees entitled to but not yet receiving benefits	76	4	287
Active employees	654	14	2,076
Total	<u>1,165</u>	<u>36</u>	<u>2,825</u>

**Contributions and annual OPEB cost**—State statutes establish the pension contribution requirements for active PSPRS and CORP employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for PSPRS and CORP pension and health insurance premium benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contributions rates for the year ended June 30, 2016, are indicated below. Rates are a percentage of active members' annual covered payroll.

	PSPRS Sheriff	PSPRS Attorney Investigators	CORP Detention	CORP AOC
Active members—pension	11.65%	11.65%	8.41%	8.41%
County pension	48.83%	50.95%	16.24%	19.10%
County health insurance premium benefit	0%	.12%	0.01%	.85%

In addition, statute required the County to contribute at the actuarially determined rate of 28.62 percent for the PSPRS and 11.33 percent for the CORP of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the PSPRS or CORP would typically fill.

For the agent plans, the County's contributions to the pension plan and annual OPEB cost and contributions for the health insurance premium benefit for the year ended June 30, 2016, were:

	PSPRS Sheriff	PSPRS Attorney Investigators	CORP Detention
<b>Pension</b>			
Contributions made	\$ 25,739,331	\$ 1,399,472	\$ 15,896,136
<b>Health Insurance Premium Benefit</b>			
Annual OPEB cost	0	1,434	9,788
Contributions made	0	1,434	9,788

Contributions to the CORP AOC pension plan for the year ended June 30, 2016, were \$12,319,262. The County's contributions for the current and 2 preceding years for the CORP AOC OPEB, all of which were equal to the required contributions, were as follows:

**Notes to the Financial Statements**  
(Continued)

<b>CORP AOC</b>	
Year ended June 30	Health Insurance Fund
2016	\$ 544,816
2015	790,251
2014	680,068

During fiscal year 2016, the County paid for PSPRS and CORP pension and OPEB contributions as follows: 62 percent from the General Fund, 36 percent from major funds, and 2 percent from other funds.

Pension liability—At June 30, 2016, the County reported the following net pension liabilities:

	Net Pension Liability
PSPRS Sheriff	\$ 261,403,217
PSPRS Attorney Investigators	6,322,623
CORP Detention	164,245,523
CORP AOC (County's proportionate share)	139,409,566

The net pension liabilities were measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

In May 2016, voters approved Proposition 124 that authorized certain statutory adjustments to PSPRS' automatic cost-of-living adjustments. The statutory adjustments change the basis for future cost-of-living adjustments from excess investment earnings to the change in consumer price index, limited to a maximum annual increase of 2 percent. The change in the County's net pension liability as a result of the statutory adjustments is not known.

**Pension actuarial assumptions** — The significant actuarial assumptions used to measure the total pension liability are as follows:

<b>PSPRS and CORP — Pension</b>	
Actuarial valuation date	June 30, 2015
Actuarial cost method	Entry age normal
Investment rate of return	7.85%
Projected salary increases	4.0%–8.0% for PSPRS and 4.0%–7.25% for CORP
Inflation	4.0%
Permanent benefit increase	Included
Mortality rates	RP-2000 mortality table (adjusted by 105% for both males and females)

Actuarial assumptions used in the June 30, 2015, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2011.

## Notes to the Financial Statements

(Continued)

The long-term expected rate of return on PSPRS and CORP pension plan investments was determined to be 7.85 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<b>PSPRS and CORP</b>		
Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return
Short term investments	2%	.75%
Absolute return	5%	4.11%
Risk parity	4%	5.13%
Fixed income	7%	2.92%
Real assets	8%	4.77%
GTAA	10%	4.38%
Private equity	11%	9.50%
Real estate	10%	4.48%
Credit opportunities	13%	7.08%
Non-U.S. equity	14%	8.25%
U.S. equity	16%	6.23%
Total	<u>100%</u>	

**Pension discount rates** — The discount rate used to measure the PSPRS and CORP total pension liabilities was 7.85 percent. The projection of cash flows used to determine the discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The County's proportion of the CORP AOC net pension liability was based on the County's actual contributions to the plan relative to the total of all participating counties' actual contributions for the year ended June 30, 2015. The County's proportion measured as of June 30, 2015, was 57.34 percent, which was an increase of 1.34 percent from its proportion measured as of June 30, 2014.

**Sensitivity of the County's net pension liability to changes in the discount rate**—The following table presents the County's net pension liabilities calculated using the discount rate of 7.85 percent, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.85) or 1 point higher (8.85) than the current rate:

## Notes to the Financial Statements

(Continued)

	1% Decrease (6.85%)	Current Discount Rate (7.85%)	1% Increase (8.85%)
PSPRS Sheriff Net pension liability	\$ 314,403,174	\$ 261,403,217	\$ 217,014,685
PSPRS Attorney Investigators Net pension liability	\$ 7,362,822	\$ 6,322,623	\$ 5,429,226
CORP Detention Net pension liability	\$ 217,791,132	\$ 164,245,523	\$ 120,202,867
CORP AOC County's proportionate share of the net pension liability	\$ 182,278,740	\$ 139,409,566	\$ 103,731,435

**Pension plan fiduciary net position**—Detailed information about the pension plans' fiduciary net position is available in the separately issued PSPRS and CORP financial reports.

**Pension expense** — For the year ended June 30, 2016, the County recognized the following pension expense:

	Pension Expense
PSPRS Sheriff	\$ 32,623,081
PSPRS Attorney Investigators	1,029,089
CORP Detention	22,766,792
CORP AOC (County's proportionate share)	19,062,499

**Pension deferred outflows/inflows of resources**—At June 30, 2016, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<b><u>PSPRS Sheriff</u></b>	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 18,414,069	\$
Changes of assumptions or other inputs	25,435,961	
Net difference between projected and actual earnings on pension plan investments	527,263	
County contributions subsequent to the measurement date	25,739,331	
Total	<u>\$ 70,116,624</u>	<u>\$ -</u>

<b><u>PSPRS Attorney Investigators</u></b>	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 168,664	\$ 221,770
Changes of assumptions or other inputs	564,520	
Net difference between projected and actual earnings on pension plan investments	21,575	
County contributions subsequent to the measurement date	1,399,472	
Total	<u>\$ 2,154,231</u>	<u>\$ 221,770</u>

## Notes to the Financial Statements

(Continued)

<u>CORP Detention</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 7,573,728	\$ 3,048,823
Changes of assumptions or other inputs	19,017,484	
Net difference between projected and actual earnings on pension plan investments	738,530	
County contributions subsequent to the measurement date	15,896,136	
Total	<u>\$ 43,225,878</u>	<u>\$ 3,048,823</u>

<u>CORP AOC</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 4,774,183	\$ 786,853
Changes of assumptions or other inputs	14,776,602	
Net difference between projected and actual earnings on pension plan investments	766,513	
Changes in proportion and differences between county contributions and proportionate share of contributions	2,072,836	
County contributions subsequent to the measurement date	12,319,262	
Total	<u>\$ 34,709,396</u>	<u>\$ 786,853</u>

The amounts reported as deferred outflows of resources related to pensions resulting from county contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	<u>PSPRS Sheriff</u>	<u>PSPRS Attorney Investigators</u>	<u>CORP Detention</u>	<u>CORP AOC</u>
Year ending June 30				
2017	\$ 12,234,347	\$ 408,940	\$ 4,858,427	\$ 5,502,354
2018	12,234,347	108,454	4,858,427	5,502,354
2019	12,234,345	(21,593)	4,858,426	5,502,354
2020	6,571,889	37,187	6,878,374	4,987,124
2021	1,102,366		3,105,788	109,095
Thereafter			(278,523)	

**Agent plan OPEB actuarial assumptions**—The health insurance premium benefit contribution requirements for the year ended June 30, 2016, were established by the June 30, 2014, actuarial valuations, and those actuarial valuations were based on the following actuarial methods and assumptions.

Actuarial valuations involve estimates of the reported amounts' value and assumptions about the probability of events in the future. Amounts determined regarding the plans' funded status and the annual required contributions are subject to continual revision as actual results are compared to past expectations and new estimates are made. The required schedule of funding progress for the health insurance premium benefit presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of the plans' assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

## Notes to the Financial Statements

(Continued)

Projections of benefits are based on (1) the plans as the County and plans' members understand them and include the types of benefits in force at the valuation date, and (2) the pattern of sharing benefit costs between the County and plans' members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The significant actuarial methods and assumptions used are the same for all PSPRS and CORP plans and related benefits (unless noted), and the following actuarial methods and assumptions were used to establish the fiscal year 2016 contribution requirements:

<b>PSPRS and CORP—OPEB Contribution Requirements</b>	
Actuarial valuation date	June 30, 2014
Actuarial cost method	Entry age normal
Amortization method	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period	22 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	7-year smoothed market value; 20% corridor
Actuarial assumptions:	
Investment rate of return	7.85%
Projected salary increases	4%–8% for PSPRS and 4%–7.25% for CORP
Wage growth	4% for PSPRS and CORP

**Agent plan OPEB trend information**—Annual OPEB cost information for the health insurance premium benefit for the current and 2 preceding years follows for each of the agent plans:

Year Ended June 30	Annual OPEB Cost	Percentage of Annual Cost Contributed	Net OPEB Obligation
<b>PSPRS Sheriff</b>			
2016	\$ 0	100%	\$ 0
2015	926,243	100%	\$ 0
2014	690,972	100%	\$ 0
<b>PSPRS Attorney Investigators</b>			
2016	1,434	100%	\$ 0
2015	20,836	100%	\$ 0
2014	16,467	100%	\$ 0
<b>CORP Detention</b>			
2016	9,788	100%	\$ 0
2015	966,886	100%	\$ 0
2014	865,175	100%	\$ 0

**Agent plan OPEB funded status** — The health insurance premium benefit plans' funded status as of the most recent valuation date, June 30, 2016, along with the actuarial assumptions and methods used in those valuations follow.

	<b>PSPRS</b>		<b>CORP</b>
	Sheriff	Attorney Investigators	Detention
Actuarial value of assets (a)	\$ 13,348,178	\$ 265,006	\$ 16,024,258
Actuarial accrued liability (b)	\$ 10,193,635	\$ 196,950	\$ 12,091,137
Unfunded actuarial accrued liability (funding excess) (b)–(a)	\$ (3,154,543)	\$ (68,056)	\$ (3,933,121)
Funded ratio (a)/(b)	130.9%	134.6%	132.5%
Annual covered payroll (c)	\$ 52,596,336	\$ 1,205,821	\$ 95,716,407
Unfunded actuarial accrued liability as a % of covered payroll [(b)–(a)]/(c)	(6.0%)	(5.6%)	(4.1%)

## Notes to the Financial Statements

(Continued)

The actuarial methods and assumptions used are the same for all the PSPRS and CORP health insurance premium benefit plans (unless noted), and for the most recent valuation date are as follows:

<b>PSPRS and CORP—OPEB Funded Status</b>	
Actuarial valuation date	June 30, 2016
Actuarial cost method	Entry age normal
Amortization method	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period	20 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	7-year smoothed market value; 80%/120% market corridor
Actuarial assumptions:	
Investment rate of return	7.5%
Projected salary increases	4%–8% for PSPRS and 4%–7.25% for CORP
Wage growth	4% for PSPRS and CORP

### C. Elected Officials Retirement Plan

**Plan description** — Elected officials and judges participate in the Elected Officials Retirement Plan (EORP), ASRS or the Elected Officials Defined Contribution Retirement System (EODCRS). EORP administers a cost-sharing multiple-employer defined benefit pension plan and a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan for elected officials and judges who were members of the plan on December 31, 2013. This plan was closed to new members as of January 1, 2014. The PSPRS Board of Trustees governs the EORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 3. The PSPRS issues a publicly available financial report that includes financial statements and required supplementary information for the EORP plans. The report is available on PSPRS's website at [www.psprs.com](http://www.psprs.com).

**Benefits provided**—The EORP provides retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average yearly compensation, and service credit as follows:

	<b>Initial membership date:</b>	
	<u>Before January 1, 2012</u>	<u>On or after January 1, 2012</u>
<b>Retirement and Disability</b>		
Years of service and age required to receive benefit	20 years, any age 10 years, age 62 5 years, age 65 5 years, any age* any years and age if disabled	10 years, age 62 5 years, age 65 any years and age if disabled
Final average salary is based on	Highest 36 consecutive months of last 10 years	Highest 60 consecutive months of last 10 years
Benefit percent		
Normal Retirement	4% per year of service, not to exceed 80%	3% per year of service, not to exceed 75%
Disability Retirement	80% with 10 or more years of service 40% with 5 to 10 years of service 20% with less than 5 years of service	75% with 10 or more years of service 37.5% with 5 to 10 years of service 18.75% with less than 5 years of service

## Notes to the Financial Statements

(Continued)

	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
<b>Survivor Benefit</b>		
Retired Members	75% of retired member's benefit	50% of retired member's benefit
Active Members and Other Inactive Members	75% of disability retirement benefit	50% of disability retirement benefit

\* With reduced benefits of 0.25% for each month early retirement precedes the member's normal retirement age, with a maximum reduction of 30%.

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on excess investment earning. In addition, from and after December 31, 2015, the Legislature may enact permanent one-time benefit increases after a Joint Legislative Budget Committee analysis of the increase's effects on the plan.

**Contributions**—State statutes establish active member and employer contribution requirements. Statute also appropriates \$5 million annually through fiscal year 2043 for the EORP from the State of Arizona to supplement the normal cost plus an amount to amortize the unfunded accrued liability and designates a portion of certain court fees for the EORP. For the year ended June 30, 2016, statute required active EORP members to contribute 13 percent of the members' annual covered payroll, and the County to contribute 23.5 percent of active EORP members' annual covered payroll. Also, statute required the County to contribute 12.15 percent to EORP of annual covered payroll of elected officials and judges who were ASRS members and 17.50 percent to EORP of the annual covered payroll of elected officials and judges who were EODCRS members, in addition to the County's required contributions to ASRS and EODCRS for these elected officials and judges. In addition, statute required the County to contribute 23.5 percent of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the EORP would typically fill. The County's contributions to the pension plan for the year ended June 30, 2016, were \$6,065,753. No OPEB contributions were required or made for the years ended June 30, 2015 and 2016. The County's OPEB contributions for the current and 2 preceding years, all of which were equal to the required contributions, were as follows:

EORP	
Year ended June 30	Health Insurance Fund
2016	\$ 0
2015	0
2014	420,601

During fiscal year 2016, the County paid for EORP pension contributions as follows: 98 percent from the General Fund, and 2 percent from other funds.

**Pension liability**—At June 30, 2016, the County reported a liability for its proportionate share of the EORP's net pension liability that reflected a reduction for the County's proportionate share of the State's appropriation for EORP. The amount the County recognized as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the County were as follows:

County's proportionate share of the EORP net pension liability	\$ 224,240,437
State's proportionate share of the EORP net pension liability associated with the County	<u>69,908,836</u>
Total	<u>\$ 294,149,273</u>

## Notes to the Financial Statements

(Continued)

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The County's proportion of the net pension liability was based on the County's actual contributions to the plan relative to the total of all participating employers' actual contributions for the year ended June 30, 2015. The County's proportion measured as of June 30, 2015, was 28.7 percent, which was an increase of 0.7 percent from its proportion measured as of June 30, 2014.

**Pension expense and deferred outflows/inflows of resources** — For the year ended June 30, 2016, the County recognized pension expense for EORP of \$ 70,399,664 and revenue of \$18,809,893 for the County's proportionate share of the State's appropriation to EORP and the designated court fees. At June 30, 2016, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 358,579	\$ 2,496,902
Changes of assumptions or other inputs	37,573,319	
Net difference between projected and actual earnings on pension plan investments	1,360,020	
Changes in proportion and differences between county contributions and proportionate share of contributions	2,233,228	
County contributions subsequent to the measurement date	6,065,753	
Total	<u>\$ 47,590,899</u>	<u>\$ 2,496,902</u>

The \$6,065,753 reported as deferred outflows of resources related to EORP pensions resulting from county contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to EORP pensions will be recognized in pension expense as follows:

Year ending June 30	
2017	\$ 32,359,577
2018	5,532,931
2019	111,993
2020	1,023,743

**Actuarial assumptions**—The significant actuarial assumptions used to measure the total pension liability are as follows:

	<u>EORP</u>
Actuarial valuation date	June 30, 2015
Actuarial cost method	Entry age normal
Investment rate of return	7.85%
Projected salary increases	4.25%
Inflation	4.0%
Permanent benefit increase	Included
Mortality rates	RP-2000 mortality table projected to 2025 with projection scale AA

Actuarial assumptions used in the June 30, 2015, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2011.

## Notes to the Financial Statements

(Continued)

The long-term expected rate of return on EORP pension plan investments was determined to be 7.85 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset class	Target allocation	Long-term geometric real rate of return
Short term investments	2%	.75%
Absolute return	5%	4.11%
Risk parity	4%	5.13%
Fixed income	7%	2.92%
Real assets	8%	4.77%
GTAA	10%	4.38%
Private equity	11%	9.50%
Real estate	10%	4.48%
Credit opportunities	13%	7.08%
Non-U.S. equity	14%	8.25%
U.S. equity	16%	6.23%
Total	100%	

**Discount rate**—At June 30, 2015, the discount rate used to measure the EORP total pension liability was 4.86 percent, which was a decrease of .81 from the discount rate used as of June 30, 2014. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate, employer contributions will be made at the statutorily set rates, and state contributions will be made as currently required by statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be insufficient to make all projected future benefit payments of current plan members. Therefore, to determine the total pension liability for the plan, the long-term expected rate of return on pension plan investments of 7.85 percent was applied to periods of projected benefit payments through the year ended June 30, 2028. A municipal bond rate of 3.80 percent obtained from the 20-year Bond Buyer Index, as published by the Federal Reserve as of June 25, 2015, was applied to periods of projected benefit payments after June 30, 2028.

**Sensitivity of the County's proportionate share of the EORP net pension liability to changes in the discount rate**—The following table presents the County's proportionate share of the net pension liability calculated using the discount rate of 4.86 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.86 percent) or 1 percentage point higher (5.86 percent) than the current rate:

	1% Decrease (3.86%)	Current Discount Rate (4.86%)	1% Increase (5.86%)
County's proportionate share of the net pension liability	\$ 261,044,159	\$ 224,240,437	\$ 193,290,437

**Pension Plan Fiduciary Net Position** — Detailed information about the pension plan's fiduciary net position is available in the separately issued EORP financial report.

**EODCRS plan**- Elected officials and judges that are not members of EORP or ASRS participate in the EODCRS and the Elected Officials Defined Contribution Retirement System Disability Program (EODCDP). The EODCRS is a defined contribution pension plan. The EODCDP is a cost-sharing multiple-employer defined benefit disability (OPEB) plan for EODCRS members. The PSPRS Board

## Notes to the Financial Statements (Continued)

of Trustees governs the EODCRS and EODCDP according to the provisions of A.R.S Title 38, Chapter 5, Articles 3.1 and 3.2. Benefit terms, including contribution requirements, are established by state statute.

For the year ended June 30, 2016, active EODCRS members were required by statute to contribute 8 percent of the members' annual covered payroll, and the County was required by statute to contribute 6 percent of active members' annual covered payroll to an individual employee account. Employees are immediately vested in their own contributions and the County's contributions to the individual employee account and the earnings on those contributions. In addition, statute required active EODCRS members and the County to each contribute at the actuarially determined rate of 0.125 percent of the members' annual covered payroll to the EODCDP plan. For the year ended June 30, 2016, the County recognized pension expense of \$148,818. The County's OPEB contributions for the current and 2 preceding years, all of which were equal to the required contributions, were as follows:

	EODCDP	Disability fund
Year ended June 30		
2016		\$ 3,099
2015		706
2014		0

### NOTE 21 – INTERFUND BALANCES AND ACTIVITY

Interfund receivables and payables – interfund balances at June 30, 2016, were as follows:

Payable from	Payable To		
	General Fund	Nonmajor Governmental Funds	Total Due To
Other Governmental Funds	\$ 17,607,400	\$ 4,030,498	\$ 21,637,898
Internal Service Funds	549,043		549,043
Total Due From	<u>\$ 18,156,443</u>	<u>\$ 4,030,498</u>	<u>\$ 22,186,941</u>

All interfund receivables and payables represent cash deficits that were the result of timing differences from grant revenues received in the subsequent year and cash transfers that had not occurred at June 30, 2016.

Interfund transfers – interfund transfers for the year ended June 30, 2016, were as follows:

Transfers Out	Transfers In							Total Transfers Out
	General Fund	Detention Operations Fund	County Improvement Debt Fund	Detention Capital Projects Fund	General Fund County Improvements Fund	Technology Capital Improvement Fund	Nonmajor Governmental Funds	
General Fund	\$	\$ 190,769,044	\$ 10,034,866	\$	\$ 19,685,811	\$ 11,640,000	\$ 335,707	\$ 232,465,428

## Notes to the Financial Statements

(Continued)

### NOTE 22 – DISCRETELY PRESENTED COMPONENT UNIT DISCLOSURES

The significant accounting disclosures for Maricopa County's discretely presented component unit, Industrial Development Authority of Maricopa County (Authority), are presented below. For additional information on the Authority, see Note 1 – Summary of Significant Accounting Policies, Section A – Reporting Entity.

#### A. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The Authority's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

During the year ended June 30, 2016, the Authority adopted GASB Statement No. 72 – *Fair Value Measurement and Application*, GASB Statement No. 76 – *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, and GASB Statement No. 79 – *Certain External Investment Pools and Pool Participants*.

The statement of net position and the statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

#### B. Deposits and Investments

The Authority's cash in bank and on hand is considered to be cash on hand, demand deposits, and highly liquid investments with maturities of three months or less from the date of acquisition. Investments in securities are stated at fair value.

Deposits and investments at June 30, 2016, consist of the following:

Deposits:	
Cash in Bank	\$ 3,003,016
Certificates of Deposit	8,342,742
Investments:	
Money Market	636,540
Federal Home Loan Banks	9,000,710
Federal National Mortgage Association	67,093
Federal Farm Credits Banks	8,468,645
Federal Home Loan Mortgage	2,201,280
Government National Mortgage Association	163,880
Arizona Community Foundation	4,707,908
Down Payment Assistance Investment Notes	36,328
Total deposits and investments:	<u>\$ 36,628,142</u>

#### Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority places its cash with High-credit quality financial institutions. At various times throughout the year and at year-end, the Authority's cash balances exceed the federally insured limits. At June 30, 2016, \$2,974,234 was uninsured and uncollateralized. Management believes there are no unusual risks associated with current depository institutions. The Authority has no policy concerning exposure to custodial credit risk.

## Notes to the Financial Statements

(Continued)

### Investments

Interest Rate Risk – The Authority’s investment policy concerning exposure to interest rate risk is acceptance of no return lower than the market return normally associated with any specific asset class into which the Authority invests.

Estimated maturities of the Authority’s investments consisted of the following at June 30, 2016:

Investment Type	Within six months	Six months to one year	One to three years	More than three years	Totals
Federal Home Loan Banks	\$	\$	\$ 9,000,710	\$	\$ 9,000,710
Federal National Mortgage Association				67,093	67,093
Federal Farm Credit Banks		1,499,360	5,969,267	1,000,018	8,468,645
Federal Home Loan Mortgage			2,201,280		2,201,280
Government National Mortgage Association				163,880	163,880
Arizona Community Foundation	4,707,908				4,707,908
Down Payment Assistance Investment Notes				36,328	36,328
Totals:	\$ 4,707,908	\$ 1,499,360	\$ 17,171,257	\$ 1,267,319	\$ 24,645,844

Concentration Risk – The Authority’s investment policy concerning exposure to concentration risk is to diversify investments so as to minimize the risk of large losses, unless under certain circumstances it is clearly prudent not to do so. More than 5% of the Authority’s investments at June 30, 2016, were in Federal Home Loan Banks, Federal Farm Credit Banks, Federal Home Loan Mortgage Corporation (Freddie Mac), and the Arizona Community Foundation. These investments were 36.5%, 34.4%, 8.9%, and 19.1%, respectively, of the Authority’s total investments.

Credit Risk – The Authority’s investment policy concerning exposure to credit risk is acceptance of no risk in excess of market risks normally associated with any specific asset class into which the Authority invests. At June 30, 2016, credit risk for the Authority’s investments was as follows:

Investment type	Moody's Rating	Standard and Poor's Rating
Federal Home Loan Banks	Aaa	AA+
Federal National Mortgage Association	Aaa	AA+
Federal Farm Credit Banks	Aaa	AA+
Federal Home Loan Mortgage	Aaa	AA+
Government National Mortgage Association	Aaa	AA+

Custodial Credit Risk – The Authority has no policy concerning exposure to custodial credit risk. All investments are reported at fair value. Investments are uninsured and unregistered and held by investment brokers in the Authority’s name.

The Authority had an unrealized loss in the fair value of investments of \$176,246 and realized gain of \$8,752 for the year ended June 30, 2016. The unrealized loss and realized gain are included in unrestricted investment earnings in general revenues in the accompanying statement of activities.

Fair Value of Investments – In determining fair value, the Authority uses various valuation approaches within the fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

## Notes to the Financial Statements

(Continued)

The fair value measurement framework establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

The fair value measurements define levels within the hierarchy based on the reliability of inputs as follows:

Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;

Level 2 – Valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets; and

Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

The Authority's investments at June 30, 2016, categorized within the fair value hierarchy detailed above were as follows:

	Fair Value Measurements Using			
	Total	Level 1	Level 2	Level 3
Investments by fair value level				
Federal Home Loan Banks	\$ 9,000,710	\$	\$ 9,000,710	\$
Federal National Mortgage	67,093		67,093	
Federal Farm Credit Banks	8,468,645		8,468,645	
Federal Home Loan Mortgage	2,201,280		2,201,280	
Government National Mortgage	163,880		163,880	
Total investments by fair value level:	<u>19,901,608</u>		<u>19,901,608</u>	
External investments measured at net asset value				
Arizona Community Foundation	\$ 4,707,908			
Down Payment Assistance Investment Notes	36,328			
Totals investments measured at fair value:	<u>24,645,844</u>			

### NOTE 23 – SUBSEQUENT EVENT

On August 26, 2016, the Maricopa County Public Finance Corporation issued Certificates of Participation, Series 2016, for \$44,460,000 with an interest rate at 1.35% and maturing from July 1, 2017 to July 1, 2023. The proceeds, along with County contributions of \$7,410,000 were used to refund the Lease Revenue Bonds, Series 2007A, of \$51,095,000 which were redeemed on September 29, 2016.

**NOTE 1 - BUDGETARY BASIS OF ACCOUNTING**

Budgeting and Budgetary Control

Arizona Revised Statutes (A.R.S.) requires the County to prepare and adopt a balanced budget annually for each governmental fund. The Board of Supervisors must approve such operating budgets on or before the third Monday in July to allow sufficient time for the legal announcements and hearings required for the adoption of the property tax levy on the third Monday in August. A.R.S. prohibits expenditures or liabilities in excess of the amounts budgeted.

Essentially, the County prepares its budget on the same modified accrual basis of accounting used to record actual revenues and expenditures. However, in the General Fund, the County records capital outlay expenditures by the expenditure function and department.

The County has adopted budgets in accordance with the A.R.S. requirements for the General, Special Revenue, Debt Service, and Capital Projects Funds, with the exception of the following funds: Accommodation Schools, Street Lighting District, Special Assessment, and the Special Improvement Districts funds. In accordance with GASB Statement No. 34, budgetary comparison schedules should be presented in the required supplementary information for only the General Fund and for each major Special Revenue Fund. Formal budget integration is not employed for the Internal Service Funds because effective budgetary control is alternatively achieved through capability of cost recovery. Budgeted amounts are reported as originally adopted and as amended by authorization from the Board of Supervisors. All budget adjustments with the exception of the Judicial Branch, which includes Adult Probation, Justice Courts, Juvenile Probation and Superior Court, require authorization from the Board of Supervisors. The Judicial Branch appropriations can be moved between the Judicial Branch departments by fund, as requested and approved by the Presiding Judge, without further Board approval. Budgeted appropriations include expenditures and transfers out. Expenditures and transfers out may not legally exceed appropriations at the department level. With the exception of the General Fund, each fund includes only one department.

**Required Supplementary Information**  
**Notes to Pension Plan Schedules**  
June 30, 2016

---

**NOTE 1 – CHANGE IN ACCOUNTING PRINCIPLE**

For the year ended June 30, 2016, the County implemented the provisions of GASB Statement No. 82, Pension Issues. The statement changed the measure of payroll that is required to be presented in required supplementary information from covered-employee payroll to covered payroll. Accordingly, payroll amounts presented in the pension plan schedules and related ratios for prior periods have been restated.

**NOTE 2 – ACTUARIALLY DETERMINED CONTRIBUTION RATES**

Actuarial determined contribution rates for PSPRS and CORP are calculated as of June 30 two years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial cost method	Entry age normal
Amortization method	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period as of the 2014 actuarial valuation	22 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	7-year smoothed market value; 80%/120% market corridor
Actuarial assumptions:	
Investment rate of return	In the 2013 actuarial valuation, the investment rate of return was decreased from 8.0% to 7.85%
Projected salary increases	In the 2014 actuarial valuation, projected salary increases were decreased from 4.5%–8.5% to 4.0%-8.0% for PSPRS and from 4.5%–7.75% to 4.0%-7.25% for CORP. In the 2013 actuarial valuation, projected salary increases were decreased from 5.0%-9.0% to 4.5%–8.5% for PSPRS and from 5.0%-8.25% to 4.5%–7.75% for CORP.
Wage growth	In the 2014 actuarial valuation, wage growth was decreased from 4.5% to 4.0% for PSPRS and CORP. In the 2013 actuarial valuation, wage growth was decreased from 5.0% to 4.5% for PSPRS and CORP
Retirement age	Experience-based table of rates that is specific to the type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006 - June 30, 2011.
Mortality	RP-2000 mortality table (adjusted by 105% for both males and females)

**NOTE 3 – PLAN INFORMATION EXCLUDED**

Information for the PSPRS – Park Rangers plan is not disclosed in the required supplementary information as the plan currently has no active members and only five inactive members. This plan is closed to new members and has not had any active members since fiscal year 2006-07.

The condition of road pavement is measured using the Maricopa County Department of Transportation (MCDOT) Road Management System (RMS), which is based on weighted averages of nine distress factors of the pavement surface. The RMS used a measurement scale to evaluate the Pavement Condition Rating (PCR) ranging from zero for a failed pavement to 100 for a pavement in perfect condition. The PCR index is used to classify roads in very good or excellent condition (71-100), good condition (55-70), and substandard condition (less than 55). It is the County's policy to maintain at least 75% of the roadways at a very good or excellent condition level. No more than 5% should be in a substandard condition. Pavement condition assessments are determined annually for all arterial roads and approximately one-half of the local roads are inspected annually.

Condition Rating of Maricopa County  
Bridge System

Percentage of Bridges with a Sufficiency Rating >= 70					
Bridge System	FY 2016	FY 2015	FY 2014	FY 2013	FY 2012
Bridge System	92%	100%	99%	99%	99%

Comparison of Estimated to Actual Maintenance/Preservation					
	FY 2016	FY 2015	FY 2014	FY 2013	FY 2012
Estimated	\$ 495,512	\$ 525,000	\$ 2,387,500	\$ 87,500	\$ 5,610,000
Actual	\$ 22,287	\$ 377,647	\$ 2,153,324	\$ 203,990	\$ 5,472,568

The condition of the County's bridges is determined using the MCDOT bridge inspection program that follows federal mandates and regulations. The bridge sufficiency rating, which is a weighted average of an assessment of the ability of individual components to meet necessary performance requirements, uses a numerical condition scale ranging from 0 to 100. It is the County's policy that 90% of bridges will have a rating of >=70 and no more than 3% of bridges will have a rating of <50. All bridges are inspected every two years (approximately one-half of the bridges are inspected annually).

**Combining and Individual Fund  
Statements and Schedules  
Nonmajor Governmental Funds**

# Maricopa County

## Listing of Nonmajor Governmental Funds

---

### Special Revenue Funds

**Accommodation Schools** — (Fund 509) Accounts for the maintenance and operations of the accommodation schools. (Fund 509 is for financial statement roll up purposes, off Advantage - Formerly Regional School District 509).

**Adult Probation Fees** — (Fund 201) Collects the fees assessed to persons placed on probation in the Superior Court per A.R.S. §13-901. Monies collected are used to supplement County General Fund appropriations for the compensation costs of probation officers who provide pre-sentence investigations (A.R.S. §12-267).

**Adult Probation Grants** — (Fund 211) Revenues consist of grant funds that are used for domestic violence, women's treatment programs, gang prevention and criminal justice records improvement.

**Air Quality Fees** — (Fund 504) Air Quality works to protect the environment and public health through control, preservation, and improvement of the County's air quality. Permit revenue authorized by A.R.S. §49-480 is the funding source.

**Air Quality Grants** — (Fund 503) Air Quality Grants was set up to account for all grant activity administered by the Air Quality Department.

**Animal Control Field Operations** — (Fund 574) Accounts for the Animal Control field services that are an optional County service from Animal Control pound activities, which are required by Arizona State Statute.

**Animal Control Grants** — (Fund 573) Animal Control Grants was set up to account for all grant activity administered by Animal Control.

**Animal Control License/Shelter** — (Fund 572) Animal Control reduces the incidences of animal inflicted injuries and reduces the risk of exposure to rabies through enforcement of dog licensing laws, leash laws, capture and impoundment of stray dogs, public education, adoption or humane disposal of excess animals. Licenses and fees are the primary funding source.

**Ballpark Operations** — (Fund 253) Accounts for all revenues and expenditures related to Chase Field.

**Cactus League Operations** — (Fund 250) Provides regional leadership and financial resources to assure the presence of Major League baseball in Maricopa County. Operations are funded by a rental vehicle surcharge.

**CDBG Housing Trust** — (Fund 217) Accounts for the grant funds that are utilized to expand the supply of low income housing through the rehabilitation and reconstruction of single family occupancy homes.

**Check Enforcement Program** — (Fund 266) Accounts for fees that are collected pursuant to A.R.S. §13-1809 and §13-1810, any investigation and prosecution costs and any monies that are obtained as a result of a forfeiture and that are recovered for the county through enforcement of A.R.S. §13-1802, §13-1807, §13-2002 or §13-2310, whether by final judgment, settlement or otherwise. The monies in the fund shall be used for the investigation, prosecution and deferred prosecution of theft, forgery and fraud.

**Child Support Enhancement** — (Fund 270) Accounts for funds received from a federal incentive award that is utilized for the enhancement of child support collections through efficient operation of the Title IV-D program.

**Children's Issues Education** — (Fund 281) Accounts for the funds that are utilized for educational programs regarding the impact that divorce, the restructuring of families and judicial involvement have on children pursuant to A.R.S. §25-354. Revenues that are received from the Clerk's educational program fees supplement any state or county appropriations.

**Clerk of Court Fill the Gap** — (Fund 218) This fund was set up as indicated by A.R.S. §41-2421F and accounts for monies distributed under A.R.S. §41-2421. Funds are to be used to supplement, not supplant, funding at the level provided in fiscal year 1998 by the counties for the processing of criminal cases in the Superior Court, including the Office of the Clerk of the Superior Court, and Justice Courts.

**Clerk of the Court EDMS** — (Fund 274) The Clerk of Court EDMS Fund was established to account for Electronic Document Management System (EDMS) Fees, which are collected as authorized by Board Agenda C16020028, ADM1005 and State Attorney General's Opinion 195-18 (R94-63).

## Maricopa County Listing of Nonmajor Governmental Funds (Continued)

---

## **Maricopa County**

### **Listing of Internal Service Funds**

---

Internal Service Funds are used to account for services and commodities provided by one department or agency to other departments or agencies of the County. These services are provided on a cost-reimbursement basis. The following is a listing of the Internal Service Funds reported within Maricopa County.

**Equipment Services** - This fund provides assistance to other Maricopa County departments to ensure quality service to the citizens of Maricopa County by furnishing and maintaining the necessary County mobile equipment in an efficient manner.

**Technology Infrastructure** - This fund provides cost effective voice, data, and radio communications to County employees.

**Reprographics** - This fund provides the County's printing and duplicating services.

**Risk Management** - This fund supports the comprehensive insurance/self-insurance program, which safeguards County assets and employees by means of a Trust Fund. Personnel skilled in loss control, claims and litigation and workers' compensation work together to avert risk and conserve the human and financial resources of Maricopa County.

**Employee Benefits Trust** - This fund collects employee and employer contributions for payment of the employees' medical, dental, pharmacy, and short-term disability benefits.

**Sheriff Warehouse** - Sheriff Warehouse tracks inventory activity for supplies purchased by the warehouse for resale and stores consignment inventory for other departments.

**Maricopa County**

**Agency Funds**

## **Maricopa County Listing of Agency Funds**

---

Agency Funds are used to account for assets held by the County in a fiduciary capacity or as an agent for individuals, private organizations, and/or other funds.

The County maintains two Agency Funds, which are not under the control of the Board of Supervisors. The Agency Funds are custodial in nature and do not involve measurement of results of operations.

### **AGENCY FUNDS**

**Property Tax Collections** - The Property Tax Collections Fund accounts for property tax collections not yet disbursed to taxing jurisdictions.

**Special Purpose** - The Special Purpose Fund accounts for receipts, which are designated for special purposes and are not related to an individual governmental unit.

- (1) Beginning fiscal year 2007, general government expenses include loss on disposal of capital assets. This amount was previously shown separately within general revenues on the Statement of Activities. For comparison purposes, for fiscal year 2006, loss on disposal of capital assets was reclassified on this schedule into general government
- (2) From fiscal year 2008 through 2013, the County did not have any business-type activities.

The Vehicle License Tax for fiscal year 2007 and all subsequent years, have a combined amount from the General and Transportation Funds.

The Baseball Stadium Tax ended in November 1997, but small amounts continue to be remitted on delinquent tax returns.

The Jail Tax was approved by the voters in the General Election on November 3, 1998.
