The Honorable Board of Supervisors
Maricopa County
County Administration Building
301 W. Jefferson Street
Phoenix, AZ 85003

Arizona Revised Statute (A.R.S.) §41-1279.21 requires the Arizona Auditor General to conduct financial audits of the accounts and records of County governments. Pursuant to the statute, the Arizona Auditor General audited the Comprehensive Annual Financial Report of Maricopa County in accordance with generally accepted auditing standards for the year ended June 30, 2021.

This report consists of management's representations concerning the finances of Maricopa County. Consequently, management assumes full responsibility of the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of Maricopa County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for preparation of Maricopa County's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal control should not outweigh their benefits, Maricopa County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The goal of the independent audit was to provide reasonable assurance that the financial statements of Maricopa County for the fiscal year ended June 30, 2021, are free of material misstatement. The independent audit involves obtaining audit evidence about the amounts and disclosures in the financial statements. An audit includes assessments of risk of material misstatement of the financial statements, evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluating the overall financial statement presentation. The independent auditors expressed an unmodified opinion on the Maricopa County financial statements for the fiscal year ended June 30, 2021. The auditors concluded that the financial statements were considered fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Maricopa County was part of a broader, federally mandated Single Audit designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. This report will be available in Maricopa County's separately issued Single Audit Report to be issued at a future date.

GAAP requires management's discussion and analysis (MD&A) immediately following the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. This MD&A complements this letter of transmittal and should be read in conjunction with it.

County Profile

Maricopa County was established on February 14, 1871, and is located in the south-central portion of the State of Arizona. According to the Arizona Office of Economic Opportunity, at July 1, 2021, Maricopa County contained 60.9 percent of the State's total population (<https://www.azcommerce.com/oeo>). The County occupies 9,224 square miles making it the 15th largest county in land area in the United States. Phoenix is the capital of Arizona as well as the county seat for Maricopa County.

Maricopa County operates under a five member elected Board of Supervisors who appoints a County Manager. The County Manager is responsible for the general administration and overall operations of the various County departments. The County has several elected officials including the Assessor, Clerk of the Superior Court, Constables, County Attorney, Recorder, Sheriff, Superintendent of Schools, and the Treasurer.

Maricopa County offers a wide variety of governmental services, including:

- *Community Resources:* Library District, Parks and Recreation, Stadium District, and Superintendent of Schools
- *County Administration:* Board of Supervisors, County Manager, Assessor's Office, Clerk of the Board, Elections, Finance, Internal Audit, Budget Office, Recorder, Office of Procurement Services, Human Resources, Information Technology, Treasurer's Office, and Facilities Management
- *Public Safety, Justice and Law Enforcement:* Clerk of the Superior Court, County Attorney, Trial Court, Adult Probation, Juvenile Probation, Sheriff's Office, Public Defender, Emergency Management, Correctional Health, Planning and Development, Constables, Justice Courts, and Public Fiduciary
- *Public Health and Welfare Services:* Public Health, Air Quality, Human Services, Employee Benefits and Health, Animal Care and Control, Environmental Services, Medical Examiner, and Waste Resources and Recycling
- *Public Works:* Flood Control District and Transportation Department

The annual budget serves as the foundation for Maricopa County's financial planning and control. The County is required by A.R.S. §42-17101 et. seq. to annually prepare and adopt a balanced budget. Arizona law further requires that no expenditure shall be made or liability incurred in excess of the amounts budgeted except as provided by law. Maricopa County's annual budget is available on the internet at the following address: <https://www.maricopa.gov/3668/Budget-Documents>.

Economic Outlook

Maricopa County has a variety of industries within its boundaries with the majority comprised of high tech, financial, and service industries. Some of the major employers located in the state include Banner Health, Wal-Mart Stores, Fry's Food Stores, Wells Fargo, Dignity Health, and various local governments (Phoenix Business Journal).

Because of a favorable climate and mild weather conditions, tourism is also a large factor in the strength of the local economy. Major sporting events can be held year-round and many people come to the area during the winter months. Maricopa County is the home to teams from major league professional sports, which include the Arizona Cardinals of the National Football League (NFL), Phoenix Suns of the National Basketball Association (NBA), Phoenix Mercury of the Women's National Basketball Association (WNBA), Arizona Diamondbacks of the Major League Baseball (MLB), and the Arizona Coyotes of the National Hockey League (NHL). Maricopa County also hosts several major league baseball teams for the annual Cactus League spring training. Maricopa County is also a host to other major sporting events such as the Waste Management Phoenix Open golf tournament and Phoenix International Raceway. Cities within Maricopa County also host college bowl games such as the Fiesta Bowl.

Arizona's recovery from the COVID-19 pandemic has gained significant momentum in 2021 with strong job gains, housing activity, and taxable sales. Arizona jobs are on pace to regain their pre-pandemic peak in the fourth quarter of 2021 and the long-run outlook for the state is strong (www.azeconomy.org). Maricopa County's unemployment rate is 3.8 percent as of September 2021, which remains below the State of Arizona and United States unemployment rates of 4.3 percent and 4.6 percent, respectively (<https://fred.stlouisfed.org>).

Financial Policies and Long-Term Financial Planning

Financial Planning – Maricopa County has a fiscally conservative management philosophy, which has allowed the County to be financially successful. Maricopa County prepares a five-year financial forecast, with the assistance of an economist, which is updated on a quarterly basis for several major funds, including the General Fund and Detention Operations Fund. The five-year forecast provides a conservative estimate of the County's fiscal condition given realistic economic trends, current Board policies, and existing laws. The forecast does not incorporate anticipated policy changes, spending priorities, or proposed new revenue sources.

Capital Improvement Program – Maricopa County's Capital Improvement Program (CIP) identifies capital projects to be completed over the next five years. Because these projects typically span more than one fiscal year, the plans are updated annually to track existing projects, identify new projects, and update funding estimates and forecasts. It is the County's philosophy and policy that new capital projects will be undertaken only if future operating revenues are reasonably estimated to be sufficient to support associated future operating costs. Operating costs associated with new facilities are budgeted by the user department in conjunction with the partnering department such as Facilities Management and Enterprise Technology. Estimated operating costs, as well as anticipated savings in lease costs and operating costs of facilities to be replaced are factored into the County's five-year financial forecast.

Debt Management – Maricopa County utilizes a modified "pay as you go" financial policy for large capital improvement projects, large technology projects, and other infrastructure. The County pays cash for many capital improvements, or utilizes lease reversions or other funding sources from the General Fund to pay for large dollar projects.

Cash Management – Maricopa County maintains deposits and investments in the Treasurer's Pool and outside of the Treasurer's Pool. The Treasurer's Pool invests all idle monies not specifically invested for a fund or program. In addition, the Treasurer determines the fair value of those pooled investments monthly and at June 30th. Deposits and investments held outside of the Treasurer's Investment Pool represent a small portion of the County's total deposits and investments.

It is the County's investment policy to: collateralize all deposits by at least 102 percent of the deposits not covered by depository insurance; preserve the principal value and the interest income of an investment; hold investments to maturity, where practical, to avoid any loss on investments resulting from an early sale or retirement of an investment; and require all of the Treasurer's securities be held by the agent or trust department and in the County's name.

Expenditure Limitation – On June 30, 1980, Arizona voters approved general propositions amending the Arizona Constitution to establish expenditure and revenue limitations for local governments. The purpose of the expenditure limitation is to control expenditures and to limit future increases in spending to adjustments for inflation, deflation, and population growth of the County. The Constitution also limits the amount of revenues that may be generated from property taxes. A two-percent plus new construction annual increase is the maximum allowed by law unless special voter approval is obtained. This report will be available in Maricopa County’s separately issued Expenditure Limitation Report to be issued at a future date.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Maricopa County for its comprehensive annual financial report for the fiscal year ended June 30, 2020. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both U.S. general accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program’s requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation and audit of this report could not be accomplished without the efficient and dedicated services of the Office of Budget and Finance staff, the assistance of administrative personnel in the various departments, and the competent service of the Arizona Auditor General. We appreciate all of those who assisted in and contributed to the preparation of this report. We also wish to express our sincere appreciation to the Board of Supervisors for their support in planning and overseeing the financial operations of the County in a responsible and progressive manner.

Respectfully submitted,

Joy Rich

June 30, 2021

The Honorable Maricopa County Board of Supervisors

The Maricopa County Citizens Audit Advisory Committee has prepared this letter for inclusion in the county's Comprehensive Annual Financial Report according to the committee's charter. Described herein are the committee's composition, responsibilities, and an account of how the responsibilities were discharged.

Composition of the Committee

The membership of the committee shall consist of five voting members and three non-voting members. The voting members shall be board of supervisor appointees from the public and shall serve two-year terms. The non-voting members shall be the county's chief financial officer, the county attorney, the auditor general, or their designees. The chairman of the board of supervisors shall appoint a committee chairman from the voting members. The committee chairman shall serve a one-year term.

Responsibilities of the Committee

The committee's primary function is to assist the board of supervisors in fulfilling its oversight responsibilities. The committee accomplishes this function by reviewing the county's financial information, the established systems of internal controls, and the audit process. The committee also suggests areas requiring audit emphasis. Specific duties of the committee are described in the committee charter.

Accomplishments of the Committee (Fiscal Year 2020-2021)

The Citizens Audit Advisory Committee:

- Reviewed the county's internal audit activities and management's responses thereto.
- Reviewed the county's annual financial statements and issues related to the external audit performed by the Arizona State Auditor General.
- Provided guidance and commentary as needed.
- Enhanced the communication between the internal and external auditors.
- Held meetings in accordance with charter requirements.

Respectfully,

Ryan Wimmer

DEPUTY AUDITOR GENERAL

Independent auditors' report

Members of the Arizona State Legislature

The Board of Supervisors of
Maricopa County, Arizona

Report on the financial statements

We have audited the accompanying financial statements of the governmental activities, aggregate discretely presented component units, each major fund, and aggregate remaining fund information of Maricopa County as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of 3 departments and the discretely presented component units, which account for the following percentages of the assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, and expenses or expenditures of the opinion units affected:

Opinion unit/department or component unit	Assets and deferred outflows	Liabilities and deferred inflows	Revenues	Expenses/ expenditures
<u>Government-wide statements</u>				
Governmental activities:				
Stadium District	3.07%	0.03%	0.14%	0.49%
Risk Management	0.15%	2.50%	0.90%	1.29%
Employee Benefits Trust	1.19%	0.87%	6.36%	6.29%
Aggregate discretely presented component units:				
Industrial Development Authority	16.5%	10.2%	10.4%	15.0%
Housing Authority	83.5%	89.8%	89.6%	85.0%
Fund statements				
Aggregate remaining fund information:				
Stadium District	0.13%	0.25%	0.03%	0.04%
Risk Management	0.18%	23.67%	0.17%	0.22%
Employee Benefits Trust	1.46%	8.21%	1.20%	1.07%

Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those departments and component units, are based solely on the other auditors' reports. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, aggregate discretely presented component units, each major fund, and aggregate remaining fund information of the County as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

Emphasis of matter

As discussed in Note 1 to the financial statements, for the year ended June 30, 2021, the County adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities*. Our opinions are not modified with respect to this matter.

Other matters

Required supplementary information

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages 5 through 15, budgetary comparison schedules on pages 89 through 96, schedule of the County's proportionate share of the net pension liability—cost-sharing plans on pages 98 through 99, schedule of changes in the County's net pension liability and related ratios—agent plans on pages 100 through 103, schedule of County pension contributions on pages 104 through 105, notes to pension plan schedules on pages 106 through 107, and the modified approach for infrastructure assets on page 108 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and other information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules and the introductory and statistical sections listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The combining and individual fund statements and schedules are management's responsibility and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards by us and the other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Compliance over the use of Highway User Revenue Fund and other dedicated State transportation revenue monies

In connection with our audit, nothing came to our attention that caused us to believe that the County failed to comply with the authorized transportation purposes, insofar as they relate to accounting matters, for Highway User Revenue Fund monies it received pursuant to Arizona Revised Statutes Title 28, Chapter 18, Article 2, and any other dedicated State transportation revenues it received. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the authorized transportation purposes referred to above, insofar as they relate to accounting matters.

The communication related to compliance over the use of Highway User Revenue Fund and other dedicated State transportation revenue monies in the preceding paragraph is intended solely for the information and use of the members of the Arizona State Legislature, the County's Board of Supervisors and management, and other responsible parties within the County and is not intended to be and should not be used by anyone other than these specified parties.

Other reporting required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we will issue our report on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

This discussion and analysis is intended to be an easily readable analysis of Maricopa County's (County) financial activities based on currently known facts, decisions or conditions. This analysis focuses on current year activities and should be read in conjunction with the Transmittal Letter that begins on page vii and with the County's basic financial statements following this section.

Financial Highlights

- The total assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$4,033.4 million (net position), an increase of 9.7 percent from the prior year amount. Of this amount, \$3,881.6 million is invested in capital assets, \$648.8 million is subject to external restrictions, and (\$497.0) million is unrestricted.

The County's total net position as reported in the Statement of Activities increased by \$355.0 million from the prior year amount. The County's primary sources of revenue are from taxes, intergovernmental, grants and contributions, and charges for services.

- The County's governmental funds reported combined fund balances of \$1,912.3 million, an increase in fund balance of \$297.5 million from the prior fiscal year's balance. Approximately 99.3 percent of the combined fund balances, or \$1,898.6 million, is spendable and available to meet the County's current and future needs.
- Spendable fund balance for the General Fund increased by 105.8 percent to \$617.4 million; approximately 54.1 percent of total General Fund expenditures. See page 10 for a description of spendable fund balance. In accordance with Arizona Revised Statutes (A.R.S.), this entire amount is budgeted for the next fiscal year. A.R.S. §42-17151 requires that total estimated sources of revenue must equal the total estimated expenditures in the budget for the current fiscal year. In addition, A.R.S. §42-17102 stipulates that the estimated expenditures may include an amount for unanticipated contingencies or emergencies.

Management's Discussion and Analysis (Continued)

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the basic financial statements. Required Supplementary Information is included in addition to the basic financial statements. The Combining and Individual Fund Statements and Schedules – Nonmajor Funds begin on page 118.

Government-wide Financial Statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to private-sector businesses.

- The *Statement of Net Position* presents information on all County assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.
- The *Statement of Activities* presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government; public safety; highways and streets; health, welfare and sanitation; culture and recreation; education; and interest on long-term debt. The County has no business-type activities.

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. The Maricopa County Flood Control District, Maricopa County Library District, Maricopa County Special Assessment Districts, Maricopa County Stadium District, and the Maricopa County Street Lighting Districts are reported as blended component units. The Housing Authority of Maricopa County and Industrial Development Authority of Maricopa County are reported as discretely presented component units.

The Government-wide financial statements can be found on pages 21-23 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into three categories: *governmental funds*, *proprietary funds* and *fiduciary funds*.

- **Governmental funds** are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a county's near-term financing requirements. Governmental funds include the general, special revenue, debt service, and capital projects funds.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By

Management's Discussion and Analysis (Continued)

doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds Balance Sheet and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County reports seven major governmental funds. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Coronavirus Fiscal Recovery Fund, Coronavirus Relief Fund, Detention Operations Fund, County Improvement Debt Fund, County Improvement Fund, and General Fund County Improvements Fund.

Data from the other governmental funds (nonmajor) are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements*, which begin on page 118 of this report.

The governmental funds financial statements can be found on pages 24-28 of this report.

- **Proprietary funds** are used to account for the County's internal service funds. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its equipment services, technology infrastructure, risk management, employee benefits trust, and sheriff warehouse functions. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

The County's internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the internal service funds is provided in the form of combining statements, which begin on page 254 of this report.

The proprietary funds financial statements can be found on pages 30-32 of this report.

- **Fiduciary funds** are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary funds financial statements can be found on pages 34-35 of this report.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 39-85 of this report.

Required Supplementary Information is presented concerning the County's General Fund, Coronavirus Fiscal Recovery Fund, Coronavirus Relief Fund, and Detention Operations Fund. A budgetary comparison schedule has been provided for these funds to demonstrate compliance with budget and additional information is provided in the Note to Budgetary Comparison Schedules. In addition, the following schedules related to the County's pension plans are presented: Schedule of the County's Proportionate Share of Net Pension Liability – Cost-Sharing Pension Plans, Schedule of Changes in the County's Net Pension Liability and Related Ratios – Agent Plans, Schedule of County Pension Contributions, and Notes to the Pension Plan Schedules. Also presented is the Modified Approach for Infrastructure Assets. Required supplementary information can be found on pages 89-108 of this report.

Management's Discussion and Analysis (Continued)

Government-wide Financial Analysis

Net Position

Net position may serve over time as a useful indicator of a government's financial position. The following table reflects the condensed Statement of Net Position of the County for June 30, 2021, as compared to the prior year.

Statement of Net Position*
As of June 30
(in millions)

	Governmental Activities		% Chg P/Y
	2021	2020	
Current and other assets	\$ 2,798.5	\$ 2,263.0	23.7%
Capital assets	3,999.7	3,919.9	2.0
Total assets	<u>6,798.2</u>	<u>6,182.9</u>	10.0
Deferred outflows	<u>445.1</u>	<u>382.9</u>	16.2
Current liabilities	759.5	550.1	38.1
Long-term liabilities	<u>2,394.0</u>	<u>2,243.1</u>	6.7
Total liabilities	<u>3,153.5</u>	<u>2,793.2</u>	12.9
Deferred inflows	<u>56.4</u>	<u>94.2</u>	(40.1)
Net position			
Net investment in capital assets	3,881.6	3,808.2	1.9
Restricted	648.8	588.9	10.2
Unrestricted	<u>(497.0)</u>	<u>(718.7)</u>	30.8
Total net position	<u>\$ 4,033.4</u>	<u>\$ 3,678.4</u>	9.7

* Business-type activities and the total columns were adjusted and removed for 2020 for beginning balance adjustments as a result of the change in presentation of the Housing Authority of Maricopa County from an enterprise fund to a discretely presented component unit. See Note 3 – Beginning Balances Restated for additional information.

By far, the largest portion - \$3.9 billion - of the County's net position reflects the investment in capital assets (e.g., land, buildings and improvements, machinery and equipment, infrastructure and construction in progress), less accumulated depreciation and any related debt used to acquire those assets which is still outstanding. Net position invested in capital assets increased by \$73.4 million due to an increase in net capital assets of \$79.8 million and a decrease in capital asset related debt of \$6.4 million. The increase in capital assets is attributed to an increase in non-depreciable capital assets of \$110.7 million offset by a decrease in depreciable capital assets (net of accumulated depreciation) of \$30.9 million. See page 12 for additional detail on capital asset changes.

The County uses capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The second component of the County's total net position, \$648.8 million, represents resources that are subject to external restrictions on how they may be used. This component increased by \$59.9 million from the prior year. This increase in restricted net position is primarily attributed to public safety and relates to the Detention Operations Fund as restricted net position in the Fund increased by \$26.8 million from the prior year. This can be attributed to revenues and other financing sources exceeding expenses for the fiscal year.

Management's Discussion and Analysis (Continued)

The final component consists of an unrestricted deficit of \$497.0 million, which decreased from fiscal year 2020 by \$221.7 million. The decrease in the deficit translates to an increase in net position and is primarily the result of revenues exceeding expenses in the General Fund. Specifically, the General Fund's assigned and unassigned fund balances increased by \$273.7 and \$43.8 million, respectively, from the prior fiscal year.

Changes in Net Position

As discussed previously, the County's total net position of \$4.0 billion increased by \$355.0 million as reported in the Statement of Activities. The following table reflects the condensed Statement of Activities of the County for the fiscal year 2021 compared to the prior year and indicates the changes in net position for governmental activities:

Statement of Activities* For the year ended June 30 (in millions)

	Governmental Activities		% Chg P/Y
	2021	2020	
Revenues:			
Program revenues:			
Charges for services	\$ 319.4	\$ 288.0	10.9%
Operating grants and contributions	634.4	374.7	69.3
Capital grants and contributions	22.1	29.5	(25.2)
General revenues:			
Taxes	987.4	915.1	7.9
Unrestricted intergovernmental	927.0	798.3	16.1
Other	27.8	55.7	(50.1)
Total Revenues	<u>2,918.1</u>	<u>2,461.3</u>	18.6
Expenses:			
General government	231.8	224.1	3.4
Public safety	1,196.7	1,053.2	13.6
Highways and streets	126.5	186.7	(32.2)
Health, welfare and sanitation	919.0	651.9	41.0
Other**	89.1	82.7	7.7
Total Expenses	<u>2,563.1</u>	<u>2,198.6</u>	16.6
Change in net position	355.0	262.7	35.1
Net position – beginning, as restated*	<u>3,678.4</u>	<u>3,415.7</u>	7.7
Net position – ending	<u>\$4,033.4</u>	<u>\$3,678.4</u>	9.6

* Net position for fiscal year 2020 for business-type activities was adjusted by (\$84.9 million) for the reclassification of the Housing Authority of Maricopa County to a discretely presented component unit. See Note 3 – Beginning Balances Restated for additional information.

** The functions of culture and recreation, education, and interest on long-term debt are shown in the condensed Statement of Activities above as other expenses.

One of the main differences a reader will see between the governmental funds reported in the fund financial statements and the Statement of Activities is that governmental funds in the fund financial statements report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is reported as a capital asset and the expense of those assets is allocated over their estimated useful lives and reported as depreciation expense within the expense line items. Capital outlay expenditures exceeded depreciation expense in the current period by \$92.2 million.

In the government-wide Statement of Activities, the significant revenues reported included taxes, unrestricted intergovernmental, operating grants and contributions, and charges for services, which represent 33.8, 31.8, 21.7, and 10.9 percent, respectively, of total revenues for fiscal year 2021. Tax revenues in total increased \$72.3 million primarily as a result of an increase in property taxes of \$46.7

Management's Discussion and Analysis (Continued)

million and jail excise tax of \$27.9 million. The increase in property taxes can be attributed to an increase in assessed values. Intergovernmental revenue, which consists of state shared sales tax, vehicle license taxes and unrestricted grants, increased \$128.7 million from the prior fiscal year. This increase is primarily attributable to increases in the state shared sales tax and vehicle license taxes of \$104.8 and \$23.8 million, respectively. The increases in jail excise tax, state shared sales tax, and vehicle license tax revenues are a result of a strong economy throughout the fiscal year. Capital grants and contributions decreased by \$7.4 million from the prior year as capital contributions attributed to highways and streets decreased by \$11.2 million, offset by gains in other governmental activities of \$3.8 million. Operating grants and contributions increased by \$259.7 million from the prior fiscal year. This increase is primarily due to intergovernmental revenues in the Coronavirus Relief Fund of \$302.7 million. Other revenues decreased by \$27.8 million as a result of decreases in unrestricted investment earnings of \$42.4 million, offset by increases in miscellaneous revenues of \$14.6 million.

Tax and other operating revenues provide the principal support for the functions of the County, which include general government; public safety; highways and streets; health, welfare and sanitation; culture and recreation; and education. Total expenses increased by \$364.5 million or 16.6 percent from the prior fiscal year, which is primarily a result of expenses for health, welfare, and sanitation from governmental activities increasing by \$267.1 million. The largest increases in expenditures were for the Coronavirus Relief Fund, Detention Fund, and General Fund which increased by \$205.5, \$55.8, and \$29.5 million, respectively, from the prior fiscal year. In addition, pension expenses increased by \$113.4 million. The difference is offset by decreases in expenditures in capital projects funds that did not result in a capitalized asset.

Financial Analysis of the County's Funds

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements. In order to provide comparative discussion of fund balances to the prior year, the analysis below of 'spendable' balance represents restricted, committed, assigned, and unassigned fund balance.

Governmental Funds. Governmental activities are contained in the general, special revenue, debt service, and capital projects funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *spendable fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2021, the governmental funds reported combined fund balances of \$1,912.3 million, which was an increase in fund balance of \$297.5 million from the prior fiscal year. Approximately 99.3 percent of the combined fund balances, or \$1,898.6 million, is available to meet the County's current and future needs (spendable fund balance). The remaining fund balance is reserved for inventories.

The following funds are the County's major governmental funds:

General Fund

The General Fund is the County's primary operating fund. At the end of the current fiscal year, spendable fund balance of the General Fund was \$617.4 million, while total fund balance was \$620.8 million. This represents an increase in the spendable fund balance from the prior year of \$317.4 million, or 105.8 percent. As a measure of the General Fund's liquidity, it may be useful to compare both spendable fund balance and total fund balance to the total fund expenditures. Spendable fund balance represents 54.1 percent of the total fiscal year 2021 General Fund expenditures, while total fund balance represents 54.4 percent of that same amount. These ratios indicate a strong fund balance position in comparison to expenditures. In addition, Maricopa County operates on a structurally balanced budget as fiscal year 2022 operating expenditures are expected to be fully funded by fiscal year 2022 revenues.

During fiscal year 2021, the General Fund experienced an increase in fund balance of \$317.3 million, an increase of \$254.1 million from the prior fiscal year change in fund balance of \$63.2 million. Revenues increased by \$168.3 million from the prior fiscal year as a result of increases in state shared sales tax,

Management's Discussion and Analysis (Continued)

property tax, and state shared VLT revenue of \$104.8, \$41.2, and \$23.8 million, respectively, with decreases in interest income of \$23.3 million. Transfers out decreased by \$114.1 million and expenditures increased by \$29.5 million. The decrease in transfers out is primarily a result of decreases in transfers to General Fund County Improvements Fund and Technology Capital Improvement Fund of \$81.6, \$43.4, respectively, offset by increases in transfers out to the County Improvement Debt Fund of \$13.2 million. The increase in expenditures is primarily attributable to increases in intergovernmental services, capital outlay, and utilities of \$19.4, \$6.9, and \$1.4 million, respectively, offset by decreases in expenditures in supplies and legal of \$5.2 and \$4.1 million, respectively. The increase in intergovernmental services is due to increases in payments made to the Arizona Long Term Care System and Arizona Health Care Cost Containment System of \$11.6 and \$3.1 million, respectively.

Coronavirus Fiscal Recovery Fund

The Coronavirus Fiscal Recovery Fund is a special revenue fund that was established during the current fiscal year and accounts for the Coronavirus State and Local Fiscal Recovery Funds authorized under Subtitle M of the American Rescue Plan Act (ARPA) of 2021 to mitigate the fiscal effects stemming from the public health emergency with respect to the Coronavirus Disease (COVID-19). At the end of the fiscal year, spendable fund balance was \$1.8 million. In addition, the unearned revenue amount of \$416.6 million represents the remaining ARPA funding not yet spent.

Coronavirus Relief Fund

The Coronavirus Relief Fund is a special revenue fund that was established during fiscal year 2020 and accounts for CARES Act (Coronavirus Aid, Relief, and Economic Security Act) funding authorized under section 601(a) of the Social Security Act, as added by section 5001 of the CARES Act, for the necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19). At the end of the current fiscal year, spendable fund balance of the Coronavirus Relief Fund was \$68.8 thousand.

Detention Operations Fund

The Detention Operations Fund is a special revenue fund that was established under the authority of propositions 400 and 401, which were passed in the General Election of November 3, 1998. These propositions authorized a temporary 1/5 of one-cent sales tax to be used for the construction and operation of adult and juvenile detention facilities. On November 5, 2002, the voters approved the extension of the 1/5 of one-cent sales tax in the General Election to be used for jail facility operations. The extension begins in the month following the expiration of the original tax and may continue for not more than twenty years after the date the tax collection begins. The Detention Operations Fund accounts for the receipt of tax revenue, jail operations expenditures, and transfers to the Detention Capital Projects Fund and Detention Technology Capital Improvement Fund for construction of the adult and juvenile detention facilities and detention technology infrastructure.

The Detention Operations Fund accounts for the jail tax revenue along with transfers from the General Fund for maintenance of effort (MOE). The MOE transfer from the General Fund is used to support the jail detention operations. Arizona Revised Statutes require the County to calculate the maintenance of effort transfer on an annual basis. The Detention Operations Fund transfers monies to the Detention Capital Projects Fund for the construction of the jail and detention facilities. At the end of the current fiscal year, total fund balance of the Detention Operations Fund was \$121.9 million, of which 97.9 percent is restricted and considered spendable. This was an increase in total fund balance of \$27.8 million, or 22.8 percent from the prior fiscal year. Although the fund had more expenditures than revenues by \$168.0 million, positive net transfers of \$194.0 million offset the net loss in the fund. Operating transfers consisted primarily of the transfer in for MOE from the General Fund of \$194.6 million and transfers out to the Detention Capital Projects Fund and County Improvement Debt Fund of \$1.9 and \$1.8 million, respectively. The amounts transferred out of the Detention Operations Fund for any given year are determined through the budget planning process.

Management's Discussion and Analysis (Continued)

County Improvement Debt Fund

The County Improvement Debt Fund is a debt service fund that accounts for the debt service on Certificates of Participation, Refunding Series 2016; Certificates of Participation, Series 2018A; Certificates of Participation, Series 2020; and other long-term obligations. At the end of the current fiscal year, spendable fund balance of the County Improvement Debt Fund was \$23.9 million. This represents an increase of \$18.0 million from the prior fiscal year and is attributed to the continued payment of debt service obligations. The primary activity in this fund is debt service payments.

County Improvement Fund

The County Improvement Fund is a capital projects fund that was established in fiscal year 2015 and accounts for capital projects funded through the issuance of long-term debt obligations and transfers from other County funds. At the end of the current fiscal year, fund balance of the County Improvement Fund was \$103.7 million, a decrease of \$75.5 million from prior year. The decrease was primarily the result of an increase in capital outlay expenditures of \$41.3 million and no bond proceeds in FY21.

General Fund County Improvements Fund

The General Fund County Improvements Fund is a capital projects fund that accounts for capital projects funded by transfers from the General Fund. Projects that are currently funded primarily consist of justice and administrative projects. At the end of the current fiscal year, fund balance of the General Fund County Improvements Fund was \$473.3 million, all of which is committed and considered spendable. The fund balance in this fund decreased \$4.6 million from the prior fiscal year as a result of a decrease in net transfers of \$64.5 million. Fiscal year 2021 transfers primarily consisted of transfers in from the General Fund of \$59.7 million, which were offset by transfers out to the General Fund and the County Improvement Debt Fund of \$13.5 and \$54.5 million, respectively.

General Fund Budgetary Highlights

The difference between the original budget and the final amended budget for the General Fund resulted in no significant change in revenues and expenditures. A significant favorable expenditure variance, as compared to the budget, was incurred in the Non-Departmental Department (general government function) of \$91.4 million. The savings were a result of the Non-Departmental Department spending less contingency funds than was anticipated. None of the variances between the budget and actual amounts were significant enough to affect the County's ability to provide future services.

Capital Assets and Long-Term Liabilities

Capital Assets

The County's capital assets balance for its governmental activities as of June 30, 2021, was \$4.0 billion (net of accumulated depreciation). Capital assets include land, buildings and improvements, infrastructure, machinery and equipment, and construction in progress. The County reports infrastructure assets, which consist of the Flood Control District and Transportation Department infrastructure, in the government-wide financial statements in accordance with GASB Statement No. 34. Additional information regarding infrastructure assets can be found in the Notes to the Financial Statements (Note 1 – Summary of Significant Accounting Policies and Note 11 – Capital Assets).

The Flood Control District infrastructure assets consist of drainage systems, dams, flood channels and canals. Flood Control infrastructure is reported using the depreciation approach and the County uses the straight-line method of depreciation on these assets. At June 30, 2021, Flood Control District infrastructure-related assets consisted of land, infrastructure (net of accumulated depreciation) and construction in progress of \$241.5, \$293.4, and \$196.1 million, respectively.

The Transportation Department infrastructure assets consist of a roadway system and a bridge system. Both systems are reported under the modified approach, which means the County will maintain the assets using an asset management system and will document that the infrastructure assets are being preserved

Management's Discussion and Analysis (Continued)

at the established condition level. During fiscal year 2021, the condition level of both systems was within the established condition level. Actual maintenance/preservation costs varied by (\$4.0) million and (\$0.3) million from the estimated costs for the roadway and bridge system, respectively. Roadway and Bridge System maintenance is predicated by the Federal clearance process. See Required Supplementary Information on page 108 for additional information. At June 30, 2021, Transportation Department infrastructure-related assets consisted of land, infrastructure and construction in progress of \$437.0, \$814.5, and \$117.0 million, respectively.

Capital assets for governmental activities are presented below (in millions) to illustrate changes from the prior year:

	Governmental Activities		%
	2021	2020	Chg P/Y
Land	\$832.8	\$802.4	3.8%
Infrastructure	814.5	817.3	(0.3)
Buildings and improvements (net of accumulated depreciation)	1,471.3	1,505.4	(2.3)
Machinery and equipment (net of accumulated depreciation)	108.2	102.7	5.4
Construction in progress	479.5	396.3	21.0
Infrastructure (net of accumulated depreciation)	293.4	295.7	(0.8)
Totals	<u>\$3,999.7</u>	<u>\$3,919.8</u>	2.0

* Business-type activities and total columns were adjusted and removed for 2020 for beginning balance adjustments as a result of the change in presentation of the Housing Authority of Maricopa County from an enterprise fund to a discretely presented component unit. See Note 3 – Beginning Balances Restated for additional information.

Capital assets, net of accumulated depreciation, increased by \$79.9 million, or 2.0 percent, from the prior year. The most significant impacts on this increase in the fiscal year ended June 30, 2021, were increases in construction in progress and land of \$83.2 and 30.4 million, respectively. These increases were offset by a decrease in buildings and improvements (net of accumulated depreciation) of \$34.1 million.

Long-Term Liabilities

Maricopa County has the following bond ratings:

<u>Debt Instrument & Rating Agency</u>	<u>Rating</u>	<u>Date Awarded</u>
<i>General Obligation Bonds (implied or issuer credit rating)</i>		
Standard & Poor's	AAA	January 2020
Fitch Ratings	AAA	January 2020
Moody's Investor Services	Aaa	January 2020
<i>Certificates of Participation</i>		
Standard & Poor's	AA+	January 2020
Fitch Ratings	AA+	January 2020
Moody's Investor Services	Aa1	January 2020

At June 30, 2021, the County had total long-term liabilities (noncurrent liabilities due within one year and more than one year) outstanding of \$2,394.0 million, which represents a \$150.9 million increase from the prior year balance of \$2,243.1 million. The majority of the \$150.9 million increase is attributable to governmental activities and is comprised of a net increase in net pension and other postemployment benefits liability of \$190.7 million and a net increase in capital leases of \$26.7 million. The largest components of long-term liabilities at June 30, 2021, consisted of net pension and other postemployment benefits liability of \$2,068.0 million, certificates of participation of \$170.9 million, and reported claims and incurred but not reported claims of \$93.2 million.

Management's Discussion and Analysis (Continued)

Certificates of participation applicable to governmental activities are paid from the County Improvement Debt Fund (debt service fund), which is funded by transfers from the General Fund. At June 30, 2021, the fund balance in the County Improvement Debt Fund to pay future liabilities was \$23.9 million.

Reported but unpaid and incurred but not reported claims applicable to governmental activities of \$93.2 million are reported in the Risk Management and Employee Benefits Trust funds (internal service funds). This is an increase of \$7.0 million from the prior year. This liability is primarily related to actuarial estimates for the County's self-insured portion of future claims for general litigation related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters; and certain health benefits that are paid through the operations of the funds. Additional information regarding long-term liabilities can be found in the Notes to Financial Statements (Note 13 – Long-Term Liabilities and Note 17 – Risk Management).

Net pension and other postemployment benefits (OPEB) liabilities applicable to governmental activities of \$2.1 billion represent the difference between: 1) the total amount due to retirees for their future benefit obligations from employee services, less 2) the actual amount of assets on hand to make those payments. Therefore, unfunded pension and OPEB liabilities indicate that future benefit obligations to retirees are greater than the assets on hand to make those payments. These amounts are determined annually based on actuarial assumptions.

Economic Factors and Next Year's Budget and Rates

- Arizona's recovery from the COVID-19 pandemic has gained significant momentum in 2021 with strong job gains, housing activity, and taxable sales. Arizona jobs are on pace to regain their pre-pandemic peak in the fourth quarter of 2021 and the long-run outlook for the state is strong (www.azeconomy.org).
- The unemployment rate in Maricopa County is 3.8 percent as of September 2021, which remains below the State of Arizona and United States unemployment rates of 4.3 percent and 4.6 percent, respectively (<https://fred.stlouisfed.org>).
- The Arizona Office of Economic Opportunity reports that Maricopa County's population increased by 1.6 percent from fiscal year 2019 to 2020. Maricopa County's population increased 15.5 percent from 2011 to 2020, which is higher than the United States' overall population increase of 5.7 percent for the same time period (<https://www.azcommerce.com/oeo> and <https://census.gov>).

As part of the annual budget planning process, the County's Office of Budget and Finance developed a financial forecast to assist in both short and long range financial planning. This forecast provides a conservative estimate of the County's fiscal condition through the next five years. The forecast was instrumental in the determination of the fiscal year 2022 budget and tax rate, which took into account several significant trends:

- Property tax revenues are the product of two factors, the assessed valuation of all properties in the County and the property tax rate. For fiscal year 2022, the adopted tax rate decreased from \$1.4009 to \$1.3459.
- The fiscal year 2022 tax levy increased by \$15.5 million from fiscal year 2021, as a result of increased assessed property valuations. Yearly assessed property valuation growth rates are anticipated to increase by approximately 4.3 percent from fiscal year 2023 through 2026.
- Fiscal year 2022 annual collections of State Shared Sales Tax, Vehicle License Tax, Highway User Revenues, and County Jail Excise Tax revenues are expected to increase by 4.2, 2.3, 2.8, and 3.8 percent, respectively, from the prior year.

Management's Discussion and Analysis (Continued)

In accordance with A.R.S., the General Fund spendable fund balance amount (see page 10 for more information) will be budgeted in the next fiscal year. A.R.S. §42-17151 requires that total estimated sources of revenue must equal the total estimated expenditures in the budget for the current fiscal year. The estimated expenditures may include an amount for unanticipated contingencies or emergencies, per A.R.S. §42-17102.

Request for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have any questions about this report or need additional financial information, please contact Maricopa County Office of Budget and Finance, 301 W. Jefferson, 9th floor, Phoenix, AZ 85003, or at www.maricopa.gov.

Financial Section

Basic Financial Statements

Maricopa County

Definitions of Government-wide Financial Statements and Listing of Major Funds

Government-wide Financial Statements

The **Statement of Net Position** presents information on all of Maricopa County's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position.

The **Statement of Activities** presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The above two statements are presented utilizing the following types of activities:

Governmental Activities – generally are financed through taxes and intergovernmental revenues.

Major Funds

General Fund – is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Special Revenue Funds

Coronavirus Fiscal Recovery Fund – accounts for the Coronavirus State and Local Fiscal Recovery Funds authorized under Subtitle M Section 9901 of the American Rescue Plan Act of 2021 to mitigate the fiscal effects stemming from the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19).

Coronavirus Relief Fund – accounts for CARES Act (Coronavirus Aid, Relief, and Economic Security Act) funding authorized under section 601(a) of the Social Security Act, as added by section 5001 of the CARES Act, for the necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19).

Detention Operations Fund – was established under the authority of propositions 400 and 401, which were passed in the General Election of November 3, 1998. These propositions authorized a temporary 1/5 of one-cent sales tax to be used for the construction and operation of adult and juvenile detention facilities. On November 5, 2002, the voters approved the extension of the 1/5 of one-cent sales tax in the General Election to be used for jail facility operations. The extension begins in the month following the expiration of the original tax and may continue for not more than twenty years after the date the tax collection begins. The Detention Operations Fund accounts for the receipt of tax revenue, jail operations expenditures, and transfers to the Detention Capital Projects Fund and Detention Technology Capital Improvement Fund for construction of the adult and juvenile detention facilities and detention technology infrastructure.

Debt Service Fund

County Improvement Debt Fund – accounts for the debt service for the Certificates of Participation, Refunding Series 2016, Certificates of Participation, Series 2018A, Certificates of Participation, Series 2020, and other long-term obligations. This fund's main revenue source is from transfers for the repayment of debt.

Maricopa County Definitions of Government-wide Financial Statements and Listing of Major Funds (Continued)

Capital Projects Funds

County Improvement Fund – accounts for capital projects funded through the issuance of Certificates of Participation, Series 2018A, Certificates of Participation, Series 2020, and transfers from various County Funds.

General Fund County Improvements Fund – was established to fund current and future capital projects. Fund assets may be used to pay directly for capital projects or may be appropriated by the Board of Supervisors for debt service. None of the funds has been pledged for debt service, and fund assets may be transferred by the Board of Supervisors at any time for any other County purpose.

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.

Some receivables are not available to pay for current period expenditures and therefore, are deferred in the funds.

OPEB assets are not available for County operations and therefore, not reported in the funds.

Internal service funds are used by management to charge the costs of equipment services, technology infrastructure, risk management, employee benefits, and the sheriff warehouse to individual funds. The assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the internal service funds are included in governmental activities in the Statement of Net Position.

Long-term liabilities (e.g., net pension/OPEB liabilities and bonds payable) are not due and payable shortly after June 30, 2021, and therefore, are not reported in the funds.

Deferred outflows and inflows of resources related to pensions and OPEB and deferred charges on debt refundings are applicable to future reporting periods and, therefore, are not reported in the funds.

Maricopa County
Reconciliation of the Governmental Funds Statement of Revenues,
Expenditures, and Changes in Fund Balances to the Government-
Wide Statement of Activities
Year Ended June 30, 2021

Net change in fund balances – total governmental funds (page 27) \$ 292,915,555

Amounts reported for governmental activities in the Statement of Activities on page 23 are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period. 92,240,997

The net effect of various miscellaneous transactions involving capital assets is a decrease to net position. (5,752,863)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. 12,913,324

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. 42,176,311

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds. 4,816,740

Internal service funds are used by management to charge the costs of equipment services, technology infrastructure, risk management, employee benefits, and the sheriff warehouse to individual funds. The net revenue of external activities of these funds is reported with governmental activities. 12,526,814

County pension and OPEB contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension and OPEB liability is measured a year before the County's report date. Pension and OPEB expense, which is the change in the net liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities. (96,819,712)

Change in net position of governmental activities (page 23) \$ 355,017,166

Notes to the Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Maricopa County's accounting policies conform to generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

For the year ended June 30, 2021, the County implemented the provisions of GASB Statement No. 84, *Fiduciary Activities*, which establishes criteria for identifying fiduciary activities for accounting and financial reporting purposes. As a result, the County's fiduciary fund financial statements have been modified to reflect the implementation of this new guidance, including reclassifying activities previously reported in agency funds to custodial or governmental funds, as applicable.

A. Reporting Entity

Maricopa County is a general purpose local government that is governed by a separately elected board of five county supervisors. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are so intertwined with the County that they are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. Each blended and discretely presented component unit discussed below has a June 30 year-end. Unless noted below, separate financial statements are not available for the component unit.

The reporting entity is comprised of the primary government, Maricopa County Flood Control District, Maricopa County Library District, Maricopa County Special Assessment Districts, Maricopa County Stadium District, Maricopa County Street Lighting Districts, Housing Authority of Maricopa County, and Industrial Development Authority of Maricopa County.

The blended component units are as follows:

Maricopa County Flood Control District

The Maricopa County Flood Control District is a legally separate, tax-levying entity pursuant to A.R.S. §48-3602 that provides flood control facilities and regulates floodplains and drainage to prevent flooding of property in Maricopa County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Flood Control District and has operational responsibility for the District, it is considered a blended component unit of the County.

Maricopa County Library District

The Maricopa County Library District is a legally separate, tax-levying entity pursuant to A.R.S. §48-3901 that provides and maintains library services for the residents of Maricopa County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Library District and has operational responsibility for the District, it is considered a blended component unit of the County.

Maricopa County Special Assessment Districts

The Maricopa County Special Assessment Districts are legally separate entities that provide improvements to various properties within the County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Special Assessment Districts and has operational responsibility over the District, they are considered a blended component unit of the County.

Notes to the Financial Statements

(Continued)

Maricopa County Stadium District

The Maricopa County Stadium District is a legally separate entity pursuant to A.R.S. §48-4202 that provides regional leadership and fiscal resources to assure the presence of Major League Baseball in Maricopa County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Stadium District and has operational responsibility over the District, it is considered a blended component unit of the County. The Stadium District also issues separate financial statements. Complete financial statements for the Maricopa County Stadium District may be obtained at the entity's administrative office listed below:

Maricopa County Stadium District
301 West Jefferson, 10th floor
Phoenix, Arizona 85003
www.maricopa.gov

Maricopa County Street Lighting Districts

The Maricopa County Street Lighting Districts are legally separate entities that provide street lighting in areas of the County that are not under local city jurisdictions. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Street Lighting Districts and has operational responsibilities over the Districts, they are considered a blended component unit of the County.

The discretely presented component units are as follows:

Industrial Development Authority of Maricopa County

The Industrial Development Authority of Maricopa County (Authority) is a legally separate entity that was created to assist in the financing of commercial and industrial enterprises; safe, sanitary, and affordable housing; and healthcare facilities. The Authority fulfills its function through the issuance of tax exempt or taxable revenue bonds. The County Board of Supervisors appoints the Authority's Board of Directors. The Authority's operations are completely separate from the County and the County is not financially accountable for the Authority. All bonds issued by the Authority are special, limited obligations of the Authority, payable solely from revenues generated by the project being financed, and do not constitute debt of, a loan of, or credit by, the Authority. The Authority charges administration fees to bond applicants and uses such fees to cover its administration costs and to support its ongoing community and economic development in Arizona. The Authority is a special-purpose governmental entity engaged in business-type activities. Although the Authority is legally separate from the County, governmental accounting standards require the Authority to be reported as a discretely presented component unit of the County for financial reporting purposes as the County Board of Supervisors is able to impose its will on the Authority. Complete financial statements for the Industrial Development Authority of Maricopa County may be obtained at the entity's administrative office listed below:

Industrial Development Authority of Maricopa County
301 W. Jefferson, 10th Floor
Phoenix, Arizona 85003
www.mcida.com

Housing Authority of Maricopa County

The Housing Authority is a legally separate entity pursuant to A.R.S. §36-1404 that provides efficient and affordable rental housing to low-income households of Maricopa County. The Housing Authority's Board of Commissioners are appointed by the County Board of Supervisors and can be removed at any time which allows the County to impose its will on the Housing Authority. As the governing bodies of the County and Housing Authority are not substantively the same, the Housing Authority is reported as a discretely presented component unit. The Housing Authority issues separate financial statements, which include six discretely presented component units: Coffelt-Lamoreaux, L.L.C., Madison Heights Phase I, L.L.C., and Madison Heights Phase II, L.L.C. The River at Eastline, L.L.C., Coffelt Tenant,

Notes to the Financial Statements

(Continued)

L.L.C., and Heritage at Surprise, L.L.C. These component units have a December 31 year end and are combined and reported with the Housing Authority on Maricopa County's financial statements.

Complete financial statements for the Housing Authority of Maricopa County and their component units may be obtained at the entity's administrative office listed below:

Housing Authority of Maricopa County
8910 N. 78th Avenue, Building D
Peoria, Arizona 85345
www.maricopahousing.org

B. Basis of Presentation

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the County as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the information's usefulness.

Government-wide financial statements – provide information about the primary government (the County) and its component units. The statements include a statement of net position and a statement of activities. These statements report the overall government's financial activities, except for fiduciary activities. They also distinguish between the County's governmental and business-type activities and between the County and its discretely presented component unit. Governmental activities generally are financed through taxes and intergovernmental revenues. Business-type activities are financed in whole or in part by fees charged to external parties. The County has no business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County does not allocate indirect expenses to programs or functions. Program revenues include:

- charges to customers or applicants for goods, services, or privileges provided;
- operating grants and contributions; and
- capital grants and contributions, including special assessments.

Revenues that are not classified as program revenues, including internally dedicated resources, unrestricted grant revenues, and all taxes the County levies or imposes, are reported as general revenues.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double counting of internal activities. However, charges for interfund services provided and used are not eliminated if doing so would distort the direct costs and program revenues reported by the departments concerned.

Fund financial statements – provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental, proprietary, and fiduciary fund categories. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Internal service and fiduciary funds are aggregated and reported by fund type.

Proprietary fund revenues and expenses are classified as either operating or nonoperating. Operating revenues and expenses generally result from transactions associated with the fund's principal activity. Accordingly, revenues, such as user charges, in which each party receives and gives up essentially equal values, are reported as operating revenues. Other revenues, such as subsidies, result from transactions in which the parties do not exchange equal values and are considered nonoperating revenues along with investment earnings and revenues ancillary activities generate. Operating

Notes to the Financial Statements

(Continued)

expenses include the cost of services, administrative expenses, and depreciation on capital assets. Other expenses, such as interest expense, are considered nonoperating expenses.

The County reports the following major governmental funds:

The General Fund – is the County’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Coronavirus Fiscal Recovery Fund – accounts for the Coronavirus State and Local Fiscal Recovery Funds authorized under Subtitle M Section 9901 of the American Rescue Plan Act of 2021 to mitigate the fiscal effects stemming from the public health emergency with respect to the Coronavirus Disease (COVID-19).

The Coronavirus Relief Fund – accounts for CARES Act (Coronavirus Aid, Relief, and Economic Security Act) funding authorized under section 601(a) of the Social Security Act, as added by section 5001 of the CARES Act, for the necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19).

The Detention Operations Fund – was established under the authority of propositions 400 and 401, which were passed in the General Election of November 3, 1998. These propositions authorized a temporary 1/5 of one-cent sales tax to be used for the construction and operation of adult and juvenile detention facilities. On November 5, 2002, the voters approved the extension of the 1/5 of one-cent sales tax in the General Election to be used for jail facility operations. The extension begins in the month following the expiration of the original tax and may continue for not more than twenty years after the date the tax collection begins. The Detention Operations Fund accounts for the receipt of tax revenue, jail operations expenditures, and transfers to the Detention Capital Projects Fund and Detention Technology Capital Improvement Fund for construction of the adult and juvenile detention facilities and detention technology infrastructure.

The County Improvement Debt Fund – accounts for the debt service for the Certificates of Participation, Refunding Series 2016, Certificates of Participation, Series 2018A, Certificates of Participation, Series 2020, and other long-term obligations. This fund’s main revenue source is from transfers for the repayment of debt.

The County Improvement Fund – accounts for capital projects funded through the issuance of Certificates of Participation, Series 2018A, Certificates of Participation, Series 2020, and transfers from various County funds.

The General Fund County Improvements Fund – was established to fund current and future capital projects. Fund assets may be used to pay directly for capital projects or may be appropriated by the Board of Supervisors for debt service. Revenues in this fund consist mainly of transfers from the General Fund. None of the funds have been pledged for debt service, and fund assets may be transferred by the Board of Supervisors at any time for any other County purpose.

The County also reports the following fund types:

The internal service funds – account for automotive maintenance and service, information technology services, insurance services, self-insured employee benefits, and warehouse services provided to County departments or to other governments on a cost-reimbursement basis.

The fiduciary funds - consists of private-purpose trust funds, which account for assets the County’s Public Fiduciary holds in trust for the benefit of various parties; and custodial funds, which account for other fiduciary activities, including the pooled and non-pooled assets the County Treasurer holds and invests on behalf of other governmental entities that are not held in trust and the County Treasurer’s receipt and distribution of taxes for other governmental entities.

Notes to the Financial Statements

(Continued)

C. Basis of Accounting

The government-wide, proprietary funds, and fiduciary funds financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted net position resources available to finance the program. For these types of programs, the County applies grant resources to such programs before using general revenues. For all other programs, the County uses unrestricted revenues first.

Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become both measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after year-end. The County's major revenue sources that are susceptible to accrual are property taxes, intergovernmental, charges for services, and investment income. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, landfill closure and postclosure care costs, pollution remediation obligations, claims and judgments, compensated absences and asset retirement obligations, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Loan proceeds and acquisitions under capital lease agreements are reported as other financing sources.

D. Cash and Investments

For the statement of cash flows, the County's cash and cash equivalents are considered to be cash on hand, demand deposits, cash and investments held by the County Treasurer, and only those highly liquid investments with a maturity of three months or less when purchased.

School and fire district bonds that mature within 90 days of year-end are reported at amortized cost. All other investments are stated at fair value.

E. Inventories

Inventories reported on the government-wide and the internal service funds financial statements are recorded as assets when purchased and expensed when consumed. The amounts shown on the statement of net position for government-wide and the internal service funds are valued at cost using first-in, first-out and the moving average methods, respectively.

The County accounts for its inventories in the governmental funds using the purchase method. Inventories of the governmental funds consist of expendable supplies held for consumption and are recorded as expenditures at the time of purchase. Amounts on hand at year-end are shown on the balance sheet as an asset for informational purposes only and as nonspendable fund balance to indicate that they do not constitute "available spendable resources." These inventories are stated at weighted-average cost.

Notes to the Financial Statements

(Continued)

F. Property Tax Calendar

The County levies real property taxes and commercial personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

During the year, the County also levies mobile home personal property taxes that are due the second Monday of the month following receipt of the tax notice and become delinquent 30 days later.

A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide statements and the proprietary funds. Capital assets are defined as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Type of Assets</u>	<u>Estimated Useful Life (In Years)</u>
Buildings and improvements	20 - 50
Infrastructure	25 - 50
Autos and trucks	3 - 10
Other equipment	3 - 20

All infrastructure assets are reported on the government-wide financial statements. Infrastructure maintained by the County Department of Transportation consists of roadways, bridges and related assets. These assets are not depreciated as they are reported using the modified approach. Under the modified approach, the County's roadway and bridge systems are being preserved at a specified condition level established by the County. For information on the modified approach, see Required Supplementary Information – Modified Approach for Infrastructure Assets. The Flood Control District accounts for the County's depreciable infrastructure assets consisting of drainage systems, dams, flood channels and canals.

H. Deferred Outflows and Inflows of Resources

The statement of net position and balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as revenue in future periods.

I. Postemployment Benefits

For purposes of measuring the net pension and other postemployment benefits (OPEB) assets and liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the plans' fiduciary net position and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee

Notes to the Financial Statements

(Continued)

contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

J. Fund Balance Classifications

The governmental funds' fund balances are reported separately within classifications based on a hierarchy of the constraints placed on those resources' use. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form, such as inventories, or are legally or contractually required to be maintained intact. Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations.

The unrestricted fund balance category is composed of committed, assigned, and unassigned resources. Committed fund balances are self-imposed limitations the County's Board of Supervisors approved, which is the highest level of decision-making authority within the County. Only the Board can remove or change the constraints placed on committed fund balances through formal Board action, such as a majority vote or resolution during a Board meeting.

Assigned fund balances are resources constrained by the County's intent to be used for specific purposes, but that are neither restricted nor committed. Only the Board of Supervisors has authorization to assign fund balances.

The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

The County's policy is to account for most restricted and committed revenue sources (subject to legal restriction, etc.) by segregating them in a separate fund; however, by its nature, the General Fund may have several different classifications of fund balance. Therefore, when expending General Fund balance, if an expenditure is incurred that can be paid from either restricted or unrestricted fund balances, it is the County's policy to use unrestricted fund balance first. For the disbursement of unrestricted fund balances, it is the County's policy to use unassigned amounts first, followed by assigned amounts, and lastly committed amounts.

K. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments.

L. Compensated Absences

Compensated absences consist of vacation leave and a calculated amount of sick leave employees earned based on services already rendered. Employees may accumulate, and roll-over from year-to-year, up to 240 or 320 hours (depending on employee classification) of vacation leave, but any vacation hours in excess of the maximum amount that are unused at calendar year-end convert to sick leave. Upon terminating employment, all unused vacation benefits are paid to employees. Accordingly, vacation benefits are accrued as a liability in the financial statements.

Employees may accumulate an unlimited number of sick leave hours. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but employees forfeit them upon terminating employment. Because sick leave benefits do not vest with employees, a liability for sick leave benefits is not accrued in the financial statements. However, upon retirement, County employees with accumulated sick leave in excess of 1,000 hours are entitled to a \$10,000 nontaxable investment in a

Notes to the Financial Statements

(Continued)

Post-Employment Health Plan (PEHP) established pursuant to Internal Revenue Code §501(c)(9). The obligations vested at June 30, 2021, under this policy are accrued as a liability.

Compensated absences are substantially paid within one year from fiscal year-end and, therefore, are reported as a current liability on the government-wide financial statements. A liability for these amounts is reported in the governmental funds' financial statements only if they have matured, for example, as a result of employee resignations and retirements by fiscal year-end.

M. Other Disclosures

Pursuant to A.R.S. §35-391, the County must disclose in its annual financial report the amount of any rewards, discounts, incentives or other financial consideration resulting from credit card payments. The County earned \$436 thousand in credit card rebates during calendar year 2020.

NOTE 2 – REPORTING CHANGES

Beginning in fiscal year 2021, the County established the following funds: Coronavirus Fiscal Recovery Fund (special revenue fund), a major governmental fund, and Justice Reinvestment Fund (nonmajor special revenue fund).

As the Maricopa County Board of Supervisors no longer serves as the Housing Authority's Board of Commissioners, the Housing Authority no longer meets the criteria for blending and will be presented as a discretely presented component unit. In prior years, the Housing Authority was presented as a blended component unit of the County. See Note 3 – Beginning Balances Restated for more information.

NOTE 3 – BEGINNING BALANCES RESTATED

On July 1, 2020, the County restated beginning net position as follows for the implementation of GASB Statement No. 84, Fiduciary Activities.

	Investment Trust Funds	Private-Purpose Trust Fund	Custodial	
			External Investment Pool	Other
Net position reported as of June 30, 2020	\$ 4,260,397,746	\$	\$	\$
Prior period adjustment – implementation of GASB 84:				
Reclassification of investment pools	(4,260,397,746)		3,674,167,711	581,527,663
Reclassification of agency fund activities		8,064,273		414,971,055
Net position as restated, July 1, 2020	\$ 0	\$ 8,064,273	\$ 3,674,167,711	\$ 996,498,718

On July 1, 2020, the County restated beginning net position of business-type activities to account for the Housing Authority of Maricopa County as a discretely presented component unit. Prior to fiscal year 2021, the Housing Authority was considered a blended component unit. As the Maricopa County Board of Supervisors no longer serves as the Housing Authority's Board of Commissioners, the Housing Authority no longer meets the criteria for blending.

	Business-type Activities
Net position reported as of June 30, 2020	\$ 84,933,237
Less: Housing Authority of Maricopa County	(84,933,237)
Net position as restated, July 1, 2020	\$ 0

NOTE 5 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Governmental Funds Balance Sheet includes the reconciliation between fund balances – total governmental funds and net position – Governmental Activities as reported in the government-wide Statement of Net Position. The details of this reconciliation follow:

Fund balances – total governmental funds	\$ 1,912,291,031
--	------------------

Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.

Land	832,804,088
Buildings and improvements	2,282,866,927
Machinery and equipment	347,714,858
Infrastructure	1,255,633,574
Construction in progress	479,548,831
Accumulated depreciation	<u>(1,237,351,207)</u>
Net governmental funds capital assets at June 30, 2021	3,961,217,071

Some receivables are not available to pay for current period expenditures and therefore, are reported as unavailable revenue in funds.

Unavailable revenue for property taxes receivable at June 30, 2021	9,358,676
Unavailable revenue for grant revenues receivable at June 30, 2021	20,229,814
Unavailable revenue for other revenues receivable at June 30, 2021	<u>1,063,635</u>
	30,652,125

OPEB assets are not available for County operations and therefore, are not reported in the funds.	18,133,053
---	------------

Internal service funds are used by management to charge the costs of equipment services, technology infrastructure, risk management, employee benefits, and the sheriff warehouse to individual funds. The assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the internal service funds are included in governmental activities in the Statement of Net Position.

26,121,474

Some long-term liabilities and compensated absences are not due and payable shortly after June 30, 2021, and therefore, are not reported in the funds.

Certificates of participation payable at June 30, 2021	(106,715,000)
COP premium unamortized at June 30, 2021	(7,886,137)
Capital Leases payable at June 30, 2021	(47,481,302)
Governmental funds compensated absences payable at June 30, 2021	(81,094,696)
Liability for closure and postclosure costs at June 30, 2021	(6,578,769)
Net pension and OPEB liability at June 30, 2021	<u>(2,050,913,833)</u>
	<u>(2,300,669,737)</u>

Deferred outflows and inflows of resources related to pensions, OPEB, and deferred charges or credits on debt refundings are applicable to future reporting periods and, therefore, are not reported in the funds.

Deferred outflows of resources related to pensions and OPEB at June 30, 2021	441,810,713
Deferred inflows of resources related to pensions and OPEB at June 30, 2021	(56,027,640)
Deferred charges on debt refunding at June 30, 2021	<u>(148,426)</u>
	<u>385,634,647</u>

Net position of governmental activities	<u>\$ 4,033,379,664</u>
---	-------------------------

Notes to the Financial Statements

(Continued)

The governmental fund reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances is a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide Statement of Activities. The details of this reconciliation follow:

Net change in fund balances – total governmental funds	\$ 292,915,555
--	----------------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Governmental funds capital outlay	191,290,353
Government-wide depreciation expense for the year ended June 30, 2021	(105,733,527)
Add: Internal service funds depreciation expense for the year ended June 30, 2021	6,684,171
	<u>92,240,997</u>

The net effect of various miscellaneous transactions involving capital assets is a decrease to net position.

Donations of capital assets	7,486,256
Net value of disposed capital assets for the year ended June 30, 2021	(16,654,391)
Adjustment for net value of assets acquired in prior years	3,415,272
	<u>(5,752,863)</u>

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Grant revenues earned but not yet received during the year ended June 30, 2021	9,510,898
Collections of property taxes plus current-year revenues exceeding amount reported as earned during the year ended June 30, 2021	(2,060,965)
Unavailable revenue earned but not yet received during the year ended June 30, 2021	5,463,391
	<u>12,913,324</u>

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is issued, whereas these amounts are amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal payments on certificates of participation	64,155,000
Proceeds from capital leases	(27,083,511)
Principal payments on capital leases	386,059
Amortization of COPs premium	4,669,287
Amortization of deferred charges on debt refunding	49,476
	<u>42,176,311</u>

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds.

Net increase in employee compensation payable	(3,292,170)
Increase in inventories	4,565,928
Net decrease in closure and postclosure care costs	3,542,982
	<u>4,816,740</u>

Internal service funds are used by management to charge the costs of equipment services, technology infrastructure, reprographics, risk management, employee benefits, and the sheriff warehouse to individual funds. The net revenue of external activities of these funds is reported with governmental activities.

	<u>12,526,814</u>
--	-------------------

County pension and OPEB contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension and OPEB liability is measured a year before the County's report date. Pension and OPEB expense, which is the change in the net liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities.

County pension and OPEB contributions	166,469,629
Pension and OPEB expense	(263,289,341)
	<u>(96,819,712)</u>

Change in net position of governmental activities	<u>\$ 355,017,166</u>
---	-----------------------

Notes to the Financial Statements

(Continued)

NOTE 6 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

At June 30, 2021, the following nonmajor governmental and proprietary funds reported deficits in fund balance or net position.

FUND	DEFICIT
Governmental Funds:	
Accommodation Schools	\$ 154,570
Adult Probation Grants	44,091
Air Quality Grants	36,127
CDBG Housing Trust	285,836
Clerk of the Court Grants	68,355
County Attorney Grants	94,222
Emergency Management	443,520
Flood Control Grants	9,103
Human Services Grants	6,249,084
Public Defender Grants	3,728
Public Health Grants	6,867,820
School Grants	2,760,451
Sheriff Grants	507,532
Superior Court Grants	72,934
Transportation Grants	712,675
Proprietary Funds:	
Equipment Services	\$ 3,305,027
Risk Management	69,613,736

The deficits in fund balances for Adult Probation Grants, Air Quality Grants, CDBG Housing Trust, Clerk of the Court Grants, County Attorney Grants, Emergency Management, Flood Control Grants, Human Services Grants, Public Defender Grants, Public Health Grants, School Grants, Sheriff Grants, Superior Court Grants, and Transportation Grants Funds were attributed to the deferring of certain grant revenues. The County accrues grant revenue received within 60 days after year-end, as it is available and measurable. Revenues received after 60 days are considered not available and are therefore not accrued.

As of June 30, 2021, Equipment Services had deficit net position of \$3,305,027. This is primarily due to the reporting of noncurrent net pension liabilities as a result of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*.

The Risk Management Fund's funding plan calls for the fiscal year ending cash balance to equal the next year's estimated claims and claims related expenses. As of June 30, 2021, the total net position deficit was \$69,613,736. This is primarily due to the Risk Management Fund not being funded for noncurrent accrued claim liabilities.

The fund balance deficit for Accommodation Schools resulted from operations during the year and is expected to be corrected during normal operations in fiscal year 2022.

For the year ended June 30, 2021, expenditures exceeded final budget amount at the department level as follows:

Fund/Department	Excess
Coronavirus Relief Fund:	
Sheriff	\$19,162,555

The Coronavirus Relief Fund was created to account for U.S. Department of Treasury CARES Act funding and the necessary expenditures due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19). The County established each department's estimated budget based on the guidelines established by the U.S. Department of Treasury. As additional allowable expenditures are incurred by the departments over what was originally budgeted, the departmental budgets are adjusted in the following month. For Sheriff, the excesses were primarily the result of public safety salaries that were allocated out of the General and Detention funds to the Coronavirus Relief Fund. Due to the timing of the expenditures, the departmental budget could not be adjusted before year-end.

Notes to the Financial Statements

(Continued)

NOTE 7 – DEPOSITS AND INVESTMENTS

Arizona Revised Statutes (A.R.S.) authorize the County to invest public monies in the State Treasurer's investment pool; obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified state and local government bonds, notes, and other evidences of indebtedness; interest-earning investments such as savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; specified commercial paper issued by corporations organized and doing business in the United States; specified bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars; and certain open-end and closed-end mutual funds, including exchange traded funds. In addition, the County Treasurer may invest trust funds in certain fixed income securities of corporations doing business in the United States or District of Columbia.

Credit risk

Statutes have the following requirements for credit risk:

1. Commercial paper must be of prime quality and be rated within the top two ratings by a nationally recognized rating agency.
2. Specified bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars must be rated "A" or better at the time of purchase by at least two nationally recognized rating agencies.
3. Fixed income securities must carry 1 of the 2 highest ratings by Moody's investors service and Standard and Poor's rating service. If only 1 of the above-mentioned services rates the security, it must carry the highest rating of that service.

Custodial credit risk

Statutes require collateral for deposit at 102 percent of all deposits federal depository insurance does not cover.

Concentration of credit risk

Statutes do not include any requirements for concentration of credit risk.

Interest rate risk

Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years. However, the Stadium District is allowed by a separate statute to invest monies, not held for operations, in eligible investments with a maturity of greater than 5 years. The maximum maturity for investments in repurchase agreements is 180 days.

Foreign currency risk

Statutes do not allow foreign investments unless the investment is denominated in United States dollars.

Deposits—At June 30, 2021, the carrying amount of the County's deposits was \$1,444,063,776 and the bank balance was \$1,440,466,877. It is the County's investment policy to collateralize all deposits not covered by depository insurance in accordance with Statutes. At a minimum, the collateral is to be held by the pledging financial institution or its agent, but does not have to be held in the County's name.

Investments—The County had total investments of \$5,761,376,496 at June 30, 2021. The County categorized certain investments measured at fair value within the fair value hierarchy established by generally accepted accounting principles as follows:

Notes to the Financial Statements (Continued)

Investments by fair value level	Amount	Fair value measurement using		
		Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
U.S. Treasury securities	\$ 251,776,368	\$	\$ 251,776,368	\$
U.S. agency securities	1,914,051,916		1,914,051,916	
Corporate bonds	2,706,546,770		2,522,836,170	183,710,600
Short term bills and notes	224,963,250		224,963,250	
School/fire district bonds	78,411,234			78,411,234
Total investments by fair value level	5,175,749,538		\$ 4,913,627,704	\$ 262,121,834
Investments measured at the net asset value (NAV)				
Money market mutual funds	500,000,000			
Money market mutual funds with trustee	68,070,601			
Total investments measured at the NAV	568,070,601			
Investments measured at amortized cost				
School/fire district bonds	16,467,000			
Other investments	1,089,357			
Total investments measured at amortized cost	17,556,357			
Total investments	\$ 5,761,376,496			

Investments categorized as level 2 are valued using institutional bid evaluations based on Intercontinental Exchange (ICE) Data Services automated pricing models. Corporate bonds categorized as level 3 are valued using Bloomberg. Money market mutual funds are valued using a net asset value (NAV) of \$1.00 per share. Privately placed school and fire district bonds with maturities beyond 90 days categorized as level 3 are valued using information from similar investments. Privately placed school and fire district bonds with a maximum maturity of 90 days are measured at amortized cost.

The \$1,089,357 of other investments consists of Public Fiduciary investments and registered warrants purchased by the County Treasurer, totaling \$466,594 and \$622,763, respectively. The Public Fiduciary investments may consist of equities, mutual funds, U.S. Treasury securities, and other types of investments as directed by court order. The warrants purchased by the County Treasurer are for school district warrants that exceeded their account balances, tax anticipation notes, and credit lines, as applicable. As these investment amounts are immaterial, no deposit or investment risk disclosures (credit risk, custodial credit risk, concentration of credit risk, and interest rate risk) will be reported for these investments.

Credit risk – It is the County's investment policy to preserve the principal value and the interest income of an investment. The County can invest in obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, or instrumentalities. The County can also invest in commercial paper and corporate bonds with ratings that meet the statutory requirements specified above. At June 30, 2021, credit risk for the County's investments was as follows:

Investment Type	Rating	Rating Agency	Amount
U. S. agency securities	Aaa	Moody's	\$ 679,843,866
U. S. agency securities	AA+	S & P	1,120,145,592
U. S. agency securities	Unrated	Not Applicable	114,062,458
Corporate bonds	Aaa	Moody's	26,437,988

			\$ 5,508,510,770

The \$16,492,360 of unrated school and fire district bonds are issued by various districts that deposit their monies with the County Treasurer.

Custodial credit risk – For an investment, custodial credit risk is the risk that, in the event of the counterparty's failure, the County will not be able to recover the value of its investments or collateral securities that are in an outside party's possession. A.R.S. authorizes the County to enter into an agreement with the trust department of any bank authorized to do business in the state for safekeeping and handling of securities. The safekeeping and handling of investments are conducted through a bank trust department authorized to do business in this state. Securities received by the custodian are held in the County's name in book-entry form and the securities custodian is not the counterparty. At June 30, 2021, the County did not have investments exposed to custodial credit risk.

Concentration of credit risk – It is the County's investment policy to preserve the principal value of its investments. However, due to the limited investments allowed under statutes and the desire to preserve the principal value, the County's investments may have a concentration of credit risk of more than 5 percent of total investments in one issuer. Five percent or more of the County's investments at June 30, 2021, were in Federal Farm Credit Banks Funding Corporation (FFCB), Federal Home Loan Banks (FHLB), Federal Home Loan Mortgage Corporation (Freddie Mac), U.S. Treasury, Federal National Mortgage Association (Fannie Mae), and Toyota Motor Company. These investments were 8.8 percent, 8.4 percent, 7.4 percent, 7.4 percent, 6.5 percent, and 5.3 percent, respectively, of the County's total investments.

Interest rate risk – It is the County's investment policy to hold investments to maturity, where practical, and avoid any loss on investments resulting from an early sale or retirement of an investment.

Additionally, securities should be invested for a shorter duration, where applicable. At June 30, 2021, the County had the following investments in debt securities.

Investment Type	Amount	Investment Maturities	
		Less than 1 Year	1 – 5 Years
U.S. Treasury securities	\$ 251,776,368	\$ 150,672,852	\$ 101,103,516
U.S. agency securities	1,914,051,916	305,511,277	1,608,540,639
Corporate bonds	2,706,546,770	296,406,603	2,410,140,167
Short term bills and notes	224,963,250	224,963,250	
School and fire district bonds	94,878,234	16,467,000	78,411,234
Money market mutual funds	500,000,000	500,000,000	
Money market mutual funds with trustee	68,070,601	68,070,601	
	\$5,760,287,139	\$1,562,091,583	\$4,198,195,556

Foreign currency risk – The County does not have a formal investment policy with respect to foreign currency risk because State statutes do not allow foreign investments.

NOTE 8– CONDENSED FINANCIAL STATEMENTS OF COUNTY TREASURER’S INVESTMENT POOL

Arizona Revised Statutes require community colleges, school districts, and other local governments to deposit certain public monies with the County Treasurer. The Treasurer has a fiduciary responsibility to administer those and the County’s monies under his stewardship. The Treasurer invests, on a pool basis, all idle monies not specifically invested for a fund or program. In addition, the Treasurer determines the fair value of those pooled investments monthly and at June 30.

The County Treasurer’s investment pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. The pool’s structure does not provide for shares, and the County has not provided or obtained any legally binding guarantees to support the value of the participants’ investments.

The Treasurer allocates interest earnings to each of the pool’s participants. However, for the County’s monies in the pool, the Board of Supervisors authorized \$6,121,807 of interest earned in certain other funds to be transferred to the General Fund.

The County’s deposits and investments are included in the County Treasurer’s investment pool, except for \$156,981 of cash on hand, \$68,070,601 of mutual funds with trustee, \$740,907,623 of cash and investments held by the County Treasurer in an individual investment account, and \$106,241,073 of other deposits and investments. The deposit and investment risks of the Treasurer’s investment pool are substantially the same as the County’s deposit and investment risks. The amount held in an individual investment account consists solely of cash and investments held for a separate legal entity. Although these assets are held in a separate investment account, it is the County’s investment policy to preserve the principal value and the interest income of an investment. See Note 7– Deposits and Investments for disclosure of the County’s deposit and investment risks.

Details of each major investment classification follow:

Investment Type	Principal	Interest Rates	Maturities	Fair Market Value

Education	135,961
Internal service funds	6,684,171
Total governmental activities depreciation expense	<u>\$ 105,733,527</u>

NOTE 12 – CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

At June 30, 2021, Maricopa County had the following major contractual commitments related to various capital projects. Commitments have been grouped into four major categories: Transportation Construction Projects, Flood Control Construction Projects, Technology Improvement Projects, and Construction of Various County Facilities.

Transportation Construction Projects

At June 30, 2021, Maricopa County Transportation Department had contractual commitments, including retention payable, of \$68,452,875 for construction of various roadway projects. At June 30, 2021, the County had spent \$439,852,171 on these projects and had related estimated cost of completion based on the project budgets of \$546,957,000, of which not all projects may be completed. Funding for these expenditures will be provided from Highway User Fuel Tax, the primary source of revenue for the

Notes to the Financial Statements

(Continued)

Transportation Department. These projects are accounted for in the Transportation Capital Projects Fund (nonmajor governmental fund).

Flood Control Construction Projects

At June 30, 2021, Maricopa County Flood Control District had contractual commitments, including retention payable, of \$30,392,867 for the construction of various flood control projects. At June 30, 2021, the County had spent \$196,140,751 on these projects and had related estimated cost of completion based on the project budgets of \$797,236,000, of which not all projects may be completed. Funding for these expenditures will be provided from the Flood Control District's tax levy of property within Maricopa County, the primary source of revenue for the Flood Control District. These projects are accounted for in the Flood Control Capital Projects Fund (nonmajor governmental fund).

Technology Improvement Projects

At June 30, 2021, Maricopa County had contractual commitments of \$37,068,551, including retention payable, related to major capital projects accounted for in the County Improvement Fund (major governmental fund), Technology Capital Improvement Fund, and Detention Technology Capital Improvement Fund (nonmajor governmental funds), which are partially financed by the Certificates of Participation, Series 2015, and through transfers from the General Fund and Detention Operation Fund. At June 30, 2021, the County had spent \$198,629,747 on these projects and had related estimated cost of completion based on the project budgets of \$28,045,370, of which not all projects may be completed.

Construction of Various County Facilities

At June 30, 2021, Maricopa County had contractual commitments of \$39,482,938, including retention payable, relating to major capital projects accounted for in the County Improvement Fund, General Fund County Improvements Fund (major governmental funds), and Detention Capital Projects Fund (nonmajor governmental funds), which are anticipated to be partially financed by long-term debt and through transfers from the General Fund and Detention Operations Fund, respectively. At June 30, 2021, the County had spent \$357,291,895 on these projects and had related estimated cost of completion based on the project budgets of \$144,512,043, of which not all projects may be completed.

NOTE 13 – LONG-TERM LIABILITIES

The following schedule details the County's long-term liability and obligation activity for the year ended June 30, 2021.

	Balance July 1, 2020	Additions	Reductions	Balance June 30, 2021	Due Within One Year

Notes to the Financial Statements

(Continued)

Certificates of Participation

On August 26, 2016, the Maricopa County Public Finance Corporation issued Certificates of Participation, Series 2016, direct placement, for \$44,460,000 with an interest rate at 1.35% to refund \$51,095,000 of outstanding Lease Revenue Bonds, Series 2007A with interest rates ranging from 4.00% - 5.00%. The certificates are payable semiannually on January 1 and July 1 of each year through 2023. These certificates are secured by the collateralization of the South Court Tower. The certificates are not callable prior to their scheduled maturity dates.

On March 14, 2018, Maricopa County issued \$106,295,000 of Certificates of Participation, Series 2018A, to pay for the redevelopment of the County's former Madison Street Jail into office space and related parking facilities. The 2018A Certificates were executed and delivered under a trust agreement, dated June 1, 2015, and by a second supplement to the trust agreement, dated as of March 1, 2018. The certificates have interest rates ranging from 4.0 to 5.0 percent, payable semiannually on January 1 and July 1 each year, commencing on July 1, 2018 through 2024. These certificates are secured by the collateralization of the South Court Tower. The certificates are not callable prior to their scheduled maturity dates.

On February 4, 2020, Maricopa County issued \$133,440,000 of Certificates of Participation, Series 2020 to pay for various capital projects. The two largest projects are the Administration Building Renovation and the Southeast Regional Justice Center at Mesa. The 2020 Certificates were executed and delivered under a trust agreement, dated June 1, 2015, and by a third supplement to the trust agreement, dated as of February 1, 2020. The certificates have interest rates ranging from 4.0 to 5.0 percent, payable semiannually on January 1 and July 1 each year, commencing on July 1, 2020 through 2022. These certificates are secured by the collateralization of the South Court Tower. The certificates are not callable prior to their scheduled maturity dates.

The County's outstanding Certificates of Participation, direct placement, and Certificates of Participation of \$19,515,000 and \$151,355,000, respectively, contain provisions that in an event of default, the trustee may at its option elect to terminate the lease, take possession of the leased property, and/or sell, convey, re-rent or re-let the leased property. The County's Certificates of Participation also contain a subjective acceleration clause that in an event of default allows the owners of at least 5% in outstanding principal amount to request the trustee to declare the certificates to be immediately due and payable.

The County also has an unused revolving line of credit in the amount of \$35,000,000. See Note 15 for more information.

The following certificates of participation were outstanding at June 30, 2021:

DESCRIPTION	AMOUNT OF ISSUE	INTEREST RATES	MATURITY DATES	OUTSTANDING AT JUNE 30, 2021
COP, Series 2016 direct placement	\$ 44,460,000	1.35%	7-1-21/23	\$ 19,515,000
COP, Series 2018A	106,295,000	4.0 – 5.0%	7-1-21/24	62,930,000
COP, Series 2020	133,440,000	4.0 – 5.0%	7-1-21/22	88,425,000
Total	<u>\$ 284,195,000</u>			<u>\$ 170,870,000</u>

Annual debt service requirements to maturity for certificates of participation are as follows:

Year Ending June 30	Governmental Activities					
	COP, Series 2016 – Direct Placement		COP, Series 2018A		COP, Series 2020	
	Principal	Interest	Principal	Interest	Principal	Interest
2022	\$ 6,420,000	\$ 220,118	\$ 14,600,000	\$ 2,781,500	\$ 43,135,000	\$3,342,875
2023	6,505,000	132,874	15,330,000	2,033,250	45,290,000	1,132,250

Notes to the Financial Statements

(Continued)

Capital Leases

The County has entered into various lease-purchase agreements, which are non-cancellable, for the acquisition of the following equipment:

	Governmental Activities
Vehicles, Computer Systems, and Equipment	\$ 23,472,286
Construction in Progress - Vehicles	1,875,043
Total Capital Assets	25,347,329
Less: Accumulated Depreciation	(3,738,373)
Net Value of Leased Capital Assets	<u>\$ 21,608,956</u>

These lease-purchase agreements require the County to pay all maintenance costs. At the time of the final principal and interest payments, title to the leased equipment transfers to the County. These leases are contingent on budgetary appropriations each fiscal year. The assets are capitalized at total principal cost.

The following schedule details debt service requirements to maturity for the County's capital leases payable at June 30, 2021.

Year Ending June 30	Governmental Activities
2022	\$ 20,770,136
2023	27,215,544
Total minimum lease payments	47,985,680
Less: amount representing interest	(504,378)
Present value of net minimum lease payments	<u>\$ 47,481,302</u>

The present value of net minimum lease payments at June 30, 2021, of \$47,481,302 exceeds the net value of leased assets of \$21,608,956 because a portion of the assets acquired through capital leases are for computer related equipment that is below the County's capitalization threshold.

Funding Source for Governmental Activities Liabilities

Governmental Activities Liabilities	Funding Source
Certificates of participation	County Improvement Debt Fund
Capital leases	County Improvement Debt Fund, General Fund, Records Surcharge Fund
Claims and judgments	General Fund, Transportation Operations Fund and Flood Control Fund (nonmajor special revenue funds)
Reported but unpaid and incurred but not reported claims	Risk Management Fund and Employee Benefits Trust Fund (internal service funds)
Liability for closure and postclosure costs	General Fund
Net pension and other postemployment benefits liabilities	Various funds

Legal Debt Margin

County indebtedness pertaining to general obligation bonds may not exceed six percent of the value of the County's taxable property ascertained by the last assessment. However, with voter approval, the County may become indebted for an amount not to exceed fifteen percent of such taxable property. At June 30, 2021, the allowable six and fifteen percent limits were \$2,742,298,189 and \$6,855,745,472, respectively. The County had no outstanding general obligation debt at June 30, 2021 and was therefore within the legal debt margin.

Arbitrage Compliance

The County is in compliance with all Federal arbitrage regulations for tax-exempt debt securities. As of June 30, 2021, the County had no arbitrage liability.

Notes to the Financial Statements

(Continued)

NOTE 14 – MUNICIPAL LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

The County has five landfills which are subject to closure and postclosure care requirements. Federal and State laws and regulations require the County to place a final cover on all its landfill sites when they stop accepting waste and to perform certain maintenance and monitoring functions at the sites for 30 years after closure. Although one landfill is exempt from these regulations, the County is performing postclosure monitoring of this site and has included the estimated costs in the closure and postclosure liability.

The County's last remaining landfill stopped accepting waste May 2007 and the final cover was completed in October 2010. At June 30, 2021, the County updated the estimates required to pay for maintenance and monitoring at the County's five landfill sites, in accordance with generally accepted accounting principles. The County estimated these costs to be approximately \$6,578,769.

The County's estimate for closure and postclosure care requirements for the five landfills are subject to change due to inflation, changes in technology, changes in regulations, or results of an investigational study. All associated closure and postclosure costs will be paid from the General Fund. These amounts are based on what it would cost to perform all closure and postclosure care and remedial investigation costs in fiscal year 2021.

According to Federal and State laws and regulations, the County must comply with the local government financial test requirements that ensure the County can meet the costs of landfill closure, postclosure, and corrective action when needed. The County is in compliance with these requirements.

NOTE 15 – MUNICIPAL REVOLVING LINE OF CREDIT AND IRREVOCABLE STANDBY LETTER OF CREDIT

On July 1, 2020, the County maintained a \$35,000,000 municipal revolving line of credit with a qualified interest rate of 61% and a non-qualified interest rate of 66% of the bank's prime rate, which had a maturity date of June 30, 2021. Outstanding principal and interest are due on June 30 of each year. During fiscal year 2021, the County had not borrowed against the line of credit. The municipal revolving line of credit was renewed to June 30, 2022.

On July 1, 2020, the County maintained a \$14,552,488 irrevocable standby letter of credit issued to the Industrial Commission of Arizona for unfunded workers' compensation claims. On January 1, 2021, the letter of credit was increased to \$18,087,434. The letter of credit was reserved against the municipal revolving line of credit. During fiscal year 2021, the letter of credit had not been drawn upon. The irrevocable standby letter of credit was renewed to June 30, 2022. However, an amendment will be issued on January 1, 2022, for the new liability amount.

NOTE 16 – OPERATING LEASES

The County's operating leases are for land, buildings, office equipment, and vehicles under the provisions of various long-term lease agreements classified as operating leases for accounting purposes. Rental expenses under the terms of these operating leases for governmental activities were \$10,504,258 for the year ended June 30, 2021. These operating leases have remaining lease terms from one to ten years. Also, they provide renewal options and are contingent on budgetary appropriations each fiscal year. The future minimum rental payments required under these operating leases as of June 30, 2021, are as follows:

Year Ending June 30	Governmental Activities
2022	\$ 8,160,759
2023	6,885,880
2024	4,700,218
2025	2,802,042
2026	1,288,864
2027-2031	1,246,189
Total minimum payments required	<u>\$ 25,083,952</u>

Notes to the Financial Statements

(Continued)

NOTE 17 – RISK MANAGEMENT

The Risk Management Fund (internal service fund) accounts for the financing of the insured risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters.

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County carries commercial insurance for all such risks of loss, including workers' compensation and employees' health and accident insurance. Settled claims resulting from these risks have not exceeded this commercial coverage since the inception of these insurance policies.

Liabilities for unpaid claims are estimates determined by an independent actuary using the following actuarial methods: developed paid loss, developed reported incurred losses, developed case reserves, frequency times severity analysis, loss rate analysis, and the Bornhuetter-Ferguson method. Accrued actuarial liabilities are based on a discounted expected confidence level assuming a 2.0 percent annual rate of return on investments. Accrued actuarial liabilities at June 30, 2021, for each insurable area follow:

Auto liability	\$	1,208,000
General liability		16,938,000
Workers' compensation		23,572,000
Medical malpractice		4,361,000
Employment practices		319,000
Auto physical damage		277,000
Property		356,000
Professional liability		291,000
Environmental property damage		1,887,364
Environmental liability		21,552,133
Unallocated		5,686,000
Total	\$	<u>76,447,497</u>

Changes in the unpaid claims liability reported in the Risk Management Trust Fund follow:

Year	Balance July 1	Current-Year Claims And Changes In Estimates	Claims Payments	Balance June 30
2018-19	\$ 76,995,586	\$ 7,155,306	\$ (19,209,920)	\$ 64,940,972
2019-20	64,940,972	20,685,617	(15,261,908)	70,364,681
2020-21	70,364,681	17,910,067	(11,827,251)	76,447,497

The Employee Benefits Trust Fund (internal service fund) accounts for the financing of the insured risk of loss for certain health benefits (medical, dental, short-term disability, behavioral health, and vision claims) to eligible employees and their dependents.

Accrued actuarial liabilities at June 30, 2021, for each insurable area follow:

Medical	\$	15,281,061
Dental		573,265
Short-term disability		354,121
Behavioral health		385,399
Vision		81,009
Pharmacy		34,523
Total	\$	<u>16,709,378</u>

Changes in the unpaid claims liabilities reported in the Employee Benefits Trust Fund follow:

Year	Balance July 1	Current-Year Claims And Changes In Estimates	Claims Payments	Balance June 30
2018-19	\$ 12,437,152	\$ 152,951,923	\$ (150,949,662)	\$ 14,439,413
2019-20	14,439,413	160,130,988	(158,736,552)	15,833,849
2020-21	15,833,849	150,266,488	(149,390,959)	16,709,378

Notes to the Financial Statements

(Continued)

NOTE 18 – POLLUTION REMEDIATION OBLIGATIONS

Maricopa County has estimated and reported a pollution remediation obligation in the Risk Management internal service fund financial statements for the current or potential detrimental effects of existing pollution. These obligations are categorized under environmental property damage and environmental liability in Note 17 – Risk Management. At June 30, 2021, the County reported \$23,439,497 of reported but unpaid claims, which is composed of the following pollution remediation obligations.

Cave Creek Landfill – The County entered into a Consent Decree with Arizona Department of Environmental Quality (ADEQ) to remediate contaminated groundwater at County owned (closed) Cave Creek Landfill. A revised Remedial Action Plan was approved by ADEQ in November 2016. The County’s reported pollution remediation liability is an estimate provided by a professional environmental consultant. The estimate consists of a groundwater remediation program, a soil vapor extraction system and continued mandated monitoring and reporting to ADEQ.

Hassayampa Site - County owned property adjacent to a (closed) municipal landfill is on the Superfund National Priorities List by the United States Environmental Protection Agency (EPA), pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), 42 U.S.C. §9605(a)(8), due to suspected groundwater contamination. The County is responsible for 27.78% of the remediation costs. The County’s reported pollution remediation liability is an estimate provided by a professional environmental consultant. The groundwater extraction and soil vapor extraction treatment systems will continue to be run until the groundwater and soil meet Federal cleanup levels.

The County pollution remediation liability is subject to change due to changes in the cost of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation effort. The County has no estimated recoveries at this time.

NOTE 19 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS

The County contributes to the plans described below. The plans are component units of the State of Arizona.

At June 30, 2021, the County reported the following aggregate amounts related to pensions and other postemployment benefits (OPEB) for all plans to which it contributes:

Statement of Net Position and Statement of Activities	Governmental Activities
Net pension and OPEB asset	\$ 18,133,053
Net pension and OPEB liability	2,068,011,048
Deferred outflows of resources related to pensions and OPEB	445,089,926
Deferred inflows of resources related to pensions and OPEB	56,254,885
Pension and OPEB expense	262,515,249

The details of the OPEB plans are not disclosed in the note below as the amounts are not material.

The County’s accrued payroll and employee benefits includes \$7,065,687 of outstanding pension contribution amounts payable to all pension plans for the year ended June 30, 2021. Also, the County reported \$162,932,421 of pension contributions as expenditures in the governmental funds related to all pension plans to which it contributes.

A. Arizona State Retirement System

Plan description—County employees not covered by the other pension plans described below participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing

Notes to the Financial Statements

(Continued)

multiple-employer defined benefit pension plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 2. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at www.azasrs.gov.

Benefits provided—The ASRS provides retirement and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

	Retirement Initial membership date:	
	Before July 1, 2011	On or after July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years, age 62 5 years, age 50* any years, age 65	30 years age 55 25 years, age 60 10 years, age 62 5 years, age 50* any years, age 65
Final average salary is based on	Highest 36 consecutive months of last 120 months	Highest 60 consecutive months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

*With actuarially reduced benefits.

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earnings. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Contributions—In accordance with State statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2021, statute required active ASRS members to contribute at the actuarially determined rate of 12.04 percent of the members' annual covered payroll for retirement, and statute required the County to contribute at the actuarially determined rate of 11.65 percent of the active members' annual covered payroll. In addition, the County was required by statute to contribute at the actuarially determined rate of 10.14 percent of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the ASRS would typically fill. The County's contributions to the pension plan for the year ended June 30, 2021, were \$65,899,776.

During fiscal year 2021, the County paid for ASRS pension contributions as follows: 60.4 percent from the General Fund, 12.0 percent from major funds, and 27.6 percent from other funds.

Pension liability—At June 30, 2021, the County reported a liability of \$859,913,468 for its proportionate share of the ASRS' net pension liability. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2019, to the measurement date of June 30, 2020. The County's proportion of the net pension liability was based on the County's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2020. The County's proportion measured as of June 30, 2020, was 5.0 percent, which was a decrease of 0.1 from its portion measured as of June 30, 2019.

Notes to the Financial Statements

(Continued)

Pension expense and deferred outflows/inflows of resources—For the year ended June 30, 2021, the County recognized pension expense for the ASRS of \$79,863,846. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred outflows of resources	Deferred inflows of resources
Differences between expected and actual experience	\$ 7,779,398	\$
Changes of assumptions or other inputs		
Net difference between projected and actual earnings on plan investments	82,939,652	
Changes in proportion and differences between county contributions and proportionate share of contributions	8,273,608	11,889,530
County contributions subsequent to the measurement date	65,899,776	
Total	<u>\$ 164,892,434</u>	<u>\$ 11,889,530</u>

The amount reported as deferred outflows of resources related to ASRS pensions resulting from county contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as expenses as follows:

Year ending June 30	
2022	\$ 11,213,210
2023	20,236,966
2024	30,000,160
2025	25,652,792

Actuarial assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

ASRS

Actuarial valuation date	June 30, 2019
Actuarial roll forward date	June 30, 2020
Actuarial cost method	Entry age normal
Investment rate of return	7.5%
Projected salary increases	2.7–7.2%
Inflation	2.3%
Permanent benefit increase	Included
Mortality rates	2017 SRA Scale U-MP

Actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on ASRS pension plan investments was determined to be 7.5 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by

Notes to the Financial Statements

(Continued)

adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return
Equity	50%	6.39%
Fixed income - credit	20%	5.44%
Fixed income - interest rate sensitive	10%	0.22%
Real estate	20%	5.85%
Total	100%	

Discount rate— The discount rate used to measure the ASRS total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board’s funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County’s proportionate share of the ASRS net pension liability to changes in the discount rate—The following table presents the County’s proportionate share of the net pension liability calculated using the discount rate of 7.5 percent, as well as what the County’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5 percent) or 1 percentage point higher (8.5 percent) than the current rate:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
County’s proportionate share of the Net pension liability	\$ 1,175,919,975	\$ 859,913,468	\$ 595,748,229

Pension plan fiduciary net position—Detailed information about the pension plan’s fiduciary net position is available in the separately issued ASRS financial report.

B. Public Safety Personnel Retirement System and Corrections Officer Retirement Plan

Plan descriptions—County sheriff employees and County attorney investigators who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS) or employees who became members on or after July 1, 2017, may participate in the Public Safety Personnel Defined Contribution Retirement Plan (PSPDCRP). Previously, County park rangers participated in the PSPRS; however, the plan currently has no active members and only four inactive members. This plan has not had any active members since fiscal year 2006-07. The net pension liability for this plan of \$644,621 is included in the County’s total net pension liability; however, the details of this plan are not disclosed in the note below as there are no active members and it is not material. The PSPRS administers agent and cost-sharing multiple-employer defined benefit pension plans. A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4. County sheriff employees who are PSPRS members participate in the agent plan. County attorney investigators who were PSPRS members before July 1, 2017, participate in the agent plan, and those who became PSPRS members on or after July 1, 2017, participate in the cost-sharing plan (PSPRS Tier 3 Risk Pool), which is not further disclosed because of its relative insignificance to the County’s financial statements.

Notes to the Financial Statements

(Continued)

County detention officers and Administrative Office of the Courts (AOC) probation, surveillance, and juvenile detention officers participate in the Corrections Officer Retirement Plan (CORP) or the Public Safety Personnel Defined Contribution Retirement Plan (PSPDCRP). The CORP administers an agent multiple-employer defined benefit pension plan (agent plan), which was closed to new members as of July 1, 2018, and a cost-sharing multiple-employer defined benefit pension plan for AOC officers (cost-sharing plan). Employees who were CORP members before July 1, 2018, participate in CORP, and AOC probation and surveillance officers who became members on or after July 1, 2018, participate in CORP or PSPDCRP. Detentions officers who became members on or after July 1, 2018, participate in PSPDCRP. The PSPRS Board of Trustees and the participating local boards govern CORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

The PSPRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPRS and CORP plans. The report is available on the PSPRS website at www.psprs.com.

Benefits provided—The PSPRS and CORP provide retirement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

PSPRS			
Initial membership date:			
	Before January 1, 2012	On or after January 1, 2012 and before July 1, 2017	On or after July 1, 2017
Retirement and disability			
Years of service and age required to receive benefit	20 years of service, any age 15 years of service, age 62	25 years of service or 15 years of credited service, age 52.5	15 years of credited service, age 52.5* 15 or more years of service, age 55
Final average salary is based on	Highest 36 consecutive months of last 20 years	Highest 60 consecutive months of last 20 years	Highest 60 consecutive months of last 15 years
Benefit percent			
Normal retirement	50% less 2.0% for each year of credited service less than 20 years OR plus 2.0% to 2.5% for each year of credited service over 20 years, not to exceed 80%	1.5% to 2.5% per year of credited service, not to exceed 80%	
Accidental disability retirement	50% or normal retirement, whichever is greater		
Catastrophic disability retirement	90% for the first 60 months then reduced to either 62.5% or normal retirement, whichever is greater		
Ordinary disability retirement	Normal retirement calculated with actual years of credited service or 20 years of credited service, whichever is greater, multiplied by years of credited service (not to exceed 20 years) divided by 20		
Survivor Benefit			
Retired members	80% to 100% of retired member's pension benefit		
Active members	80% to 100% of accidental disability retirement benefit or 100% of average monthly compensation if death was the result of injuries received on the job		

*With actuarially reduced benefits.

Notes to the Financial Statements

(Continued)

CORP			
	Initial membership date:		
	Before January 1, 2012	On or after January 1, 2012 and before July 1, 2018	AOC probation and surveillance officers: On or after July 1, 2018
Retirement and disability			
Years of service and age required to receive benefit	Sum of years and age equals 80 20 years, any age 10 years, age 62	25 years, age 52.5 10 years, age 62	10 years, age 52.5* 10 or more years, age 55
Final average salary is based on	Highest 36 consecutive months of last 10 years	Highest 60 consecutive months of last 10 years	
Benefit percent			
Normal retirement	2.0% to 2.5% per year of credited service, not to exceed 80%	2.5% per year of credited service, not to exceed 80%	1.25% to 2.25% per year of credited service, not to exceed 80%
Accidental disability retirement	50% or normal retirement if more than 20 years of credited service	50% or normal retirement if more than 25 years of credited service	
Total and permanent disability retirement	50% or normal retirement if more than 25 years of credited service		
Ordinary disability retirement	2.5% per year of credited service		
Survivor benefit			
Retired members	80% of retired member's pension benefit		
Active members	40% of average monthly compensation or 100% of average monthly compensation if death was the result of injuries received on the job. If there is no surviving spouse or eligible children, the beneficiary is entitled to 2 times the member's contributions.		

*With actuarially reduced benefits.

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on inflation. PSPRS also provides temporary disability benefits of 50 percent of the member's compensation for up to 12 months.

Employees covered by benefit terms—At June 30, 2021, the following employees were covered by the agent pension plans' benefit terms:

	PSPRS Sheriff	PSPRS Attorney Investigators	CORP Detention
Inactive employees or beneficiaries currently receiving benefits	534	19	676
Inactive employees entitled to but not yet receiving benefits	123	4	487
Active employees	575	9	1,701
Total	1,232	32	2,864

Notes to the Financial Statements

(Continued)

Contributions—State statutes establish the pension contribution requirements for active PSPRS and CORP employees. In accordance with State statutes, annual actuarial valuations determine employer contribution requirements for PSPRS and CORP pension benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contributions rates for the year ended June 30, 2021, are indicated below. Rates are a percentage of active members' annual covered payroll.

	Active member- pension	County-pension
PSPRS Sheriff	7.65%-11.65%	60.76%-65.03%
PSPRS Attorney Investigators	7.65%-11.65%	38.27%
CORP Detention	8.41%	29.46%
CORP AOC	8.41% or 10.00%	33.05% or 33.58%

In addition, statute required the County to contribute at the actuarially determined rate indicated below of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the PSPRS or CORP would typically fill and employees participating in the PSPDCRP in addition to the County's required contributions to the PSPDCRP.

	Pension
PSPRS Sheriff	50.51%
PSPRS Attorney Investigators	26.00%
CORP Detention	22.84%
CORP AOC	27.84%

The County's contributions to the pension plans for the year ended June 30, 2021, were:

	Pension
PSPRS Sheriff	\$ 32,428,673
PSPRS Attorney Investigators	1,169,393
CORP Detention	29,517,195
CORP AOC	23,387,516

During fiscal year 2021, the County paid for PSPRS and CORP pension contributions as follows: 44.4 percent from the General Fund, 54.3 percent from major funds, and 1.3 percent from other funds.

Pension liability—At June 30, 2021, the County reported the following liabilities:

	Net pension liability
PSPRS Sheriff	\$ 384,798,340
PSPRS Attorney Investigators	3,016,357
CORP Detention	316,909,576
CORP AOC (County's proportionate share)	287,527,851

The net pension liabilities were measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Pension actuarial assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

PSPRS and CORP

Actuarial valuation date	June 30, 2020
Actuarial cost method	Entry age normal
Investment rate of return	7.3%
Wage inflation	3.5%
Price inflation	2.5%
Cost-of-living adjustment	1.75%
Mortality rates	PubS-2010 tables

Notes to the Financial Statements

(Continued)

Actuarial assumptions used in the June 30, 2020, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2017.

The long-term expected rate of return on PSPRS and CORP pension plan investments was determined to be 7.3 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

PSPRS and CORP

Asset class	Target allocation	Long-term expected geometric real rate of return
U.S. public equity	23%	4.93%
International public equity	15%	6.09%

Total	100%	

Pension discount rates—At June 30, 2020, the discount rate used to measure the PSPRS and CORP total pension liabilities was 7.3 percent. The projection of cash flows used to determine the discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The County's proportion of the CORP AOC net pension liability was based on the County's actual contributions to the pension plans relative to the total of all participating counties' actual contributions for the year ended June 30, 2020. The County's proportion measured as of June 30, 2020, was 60.2 percent, which was a decrease of 0.1 from its proportion measured as of June 30, 2019.

Notes to the Financial Statements

(Continued)

Sensitivity of the County's net pension liability to changes in the discount rate—The following table presents the County's net pension liabilities calculated using the discount rate of 7.3 percent, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.3 percent) or 1 percentage point higher (8.3 percent) than the current rate:

	1% Decrease (6.3%)	Current Discount Rate (7.3%)	1% Increase (8.3%)
PSPRS Sheriff Net pension liability	\$ 471,661,890	\$ 384,798,340	\$ 313,671,684
PSPRS Attorney Investigators Net pension liability	4,236,242	3,016,357	1,978,908
CORP Detention Net pension liability	412,013,715	316,909,576	240,355,526
CORP AOC County's proportionate share of the net pension liability	365,252,863	287,527,851	224,036,242

Pension plan fiduciary net position—Detailed information about the plans' fiduciary net position is available in the separately issued PSPRS and CORP financial reports.

Pension expense—For the year ended June 30, 2021, the County recognized the following pension expense:

	<u>Pension expense</u>
PSPRS Sheriff	\$ 49,857,624
PSPRS Attorney Investigators	587,822
CORP Detention	45,186,683
CORP AOC (County's proportionate share)	41,108,495

Pension deferred outflows/inflows of resources—At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>PSPRS Sheriff</u>	<u>Deferred outflows of resources</u>	<u>Deferred inflows of resources</u>
Differences between expected and actual experience	\$ 15,894,940	\$ 1,345,712
Changes of assumptions and other inputs	13,473,635	
Net differences between projected and actual earnings on plan investments	14,472,254	
County contributions subsequent to the measurement date	32,428,673	
Total	<u>\$ 76,269,502</u>	<u>\$ 1,345,712</u>

Notes to the Financial Statements

(Continued)

<u>PSPRS Attorney Investigators</u>	Deferred outflows of resources	Deferred inflows of resources
Differences between expected and actual experience	\$ 26,424	\$ 51,615
Changes of assumptions and other inputs	31,922	
Net differences between projected and actual earnings on plan investments	518,686	
County contributions subsequent to the measurement date	1,169,393

PSPDCRP plan—County sheriff employees, County attorney investigators, County detention officers, and AOC probation, surveillance, and juvenile detention officers who are not members of PSPRS or

Notes to the Financial Statements

(Continued)

CORP participate in the PSPDCRP. The PSPDCRP is a defined contribution pension plan. The PSPRS Board of Trustees governs the PSPDCRP according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.1. Benefit terms, including contribution requirements, are established by State statute.

For the year ended June 30, 2021, active PSPDCRP members were required by statute to contribute at least 9 percent (County sheriff employees and County attorney investigators) or 5 percent (County detention officers, and AOC probation, surveillance, and juvenile detention officers) of the member's annual covered payroll, and the County was required by statute to contribute 9 percent or 5 percent, respectively, of active members' annual covered payroll to an individual employee account. Employees are immediately vested in their own contributions and the earnings on those contributions. Employees vest in a portion of the County's contributions each year as set forth in statute. The plan retains nonvested County contributions when forfeited because of employment terminations. For the year ended June 30, 2021, the County recognized pension expense of \$924,587.

C. Elected Officials Retirement Plan

Plan description—Elected officials and judges participate in the Elected Officials Retirement Plan (EORP), ASRS or the Elected Officials Defined Contribution Retirement System (EODCRS). EORP administers a cost-sharing multiple-employer defined benefit pension plan for elected officials and judges who were members of the plan on December 31, 2013. The plan was closed to new members as of January 1, 2014. The PSPRS Board of Trustees governs the EORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 3. The PSPRS issues a publicly available financial report that includes financial statements and required supplementary information for the EORP plan. The report is available on PSPRS's website at www.psprs.com.

Benefits provided—The EORP provides retirement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average yearly compensation, and service credit as follows:

	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
Retirement and disability		
Years of service and age required to receive benefit	20 years, any age 10 years, age 62 5 years, age 65 5 years, any age* any years and age if disabled	10 years, age 62 5 years, age 65 any years and age if disabled
Final average salary is based on	Highest 36 consecutive months of last 10 years	Highest 60 consecutive months of last 10 years
Benefit percent		
Normal Retirement	4% per year of service, not to exceed 80%	3% per year of service, not to exceed 75%
Disability Retirement	80% with 10 or more years of service 40% with 5 to 10 years of service 20% with less than 5 years of service	75% with 10 or more years of service 37.5% with 5 to 10 years of service 18.75% with less than 5 years of service
Survivor benefit		
Retired Members	75% of retired member's benefit	50% of retired member's benefit
Active Members and other inactive members	75% of disability retirement benefit	50% of disability retirement benefit

* With reduced benefits of 0.25% for each month early retirement precedes the member's normal retirement age, with a maximum reduction of 30%.

Notes to the Financial Statements

(Continued)

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on inflation. In addition, the Legislature may enact permanent one-time benefit increases after a Joint Legislative Budget Committee analysis of the increase's effects on the plan.

Contributions—State statutes establish active member and employer contribution requirements. Statute also appropriates \$5 million annually through fiscal year 2043 for the EORP from the State of Arizona to supplement the normal cost plus an amount to amortize the unfunded accrued liability and designates a portion of certain court fees for the EORP. For the year ended June 30, 2021, statute required active EORP members to contribute 7 or 13 percent of the members' annual covered payroll and the County to contribute at the actuarially determined rate of 61.43 percent of all active EORP members' annual covered payroll. Also, statute required the County to contribute 49.39 percent to EORP of the annual covered payroll of elected officials and judges who were ASRS members and 55.43 percent to EORP of the annual covered payroll of elected officials and judges who were EODCRS members, in addition to the County's required contributions to ASRS and EODCRS for these elected officials and judges. In addition, statute required the County to contribute 39.72 percent of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the EORP would typically fill. The County's contributions to the pension plan for the year ended June 30, 2021, were \$11,847,708.

During fiscal year 2021, the County paid for EORP pension contributions as follows: 97.1 percent from the General Fund and 2.9 percent from other nonmajor funds.

Pension liability—At June 30, 2021, the County reported a liability for its proportionate share of the EORP's net pension liability that reflected a reduction for the County's proportionate share of the State's appropriation for EORP. The amount the County recognized as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the County were as follows:

County's proportionate share of the EORP net pension liability	\$ 209,046,481
State's proportionate share of the EORP net pension liability associated with the County	19,868,205
Total	<u>\$ 228,914,686</u>

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The County's proportion of the net pension liability was based on the County's required contributions to the plan relative to the total of all participating employers' required contributions for the year ended June 30, 2020. The County's proportion measured as of June 30, 2020, was 31.0 percent, which is a decrease of 5.3 from its proportion measured as of June 30, 2019.

Pension expense and deferred outflows/inflows of resources—For the year ended June 30, 2021, the County recognized pension expense for EORP of \$45,084,068 and revenue of \$5,466,077 for the County's proportionate share of the State's appropriation to EORP and the designated court fees. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Notes to the Financial Statements

(Continued)

EORP	Deferred outflows of resources	Deferred inflows of resources
Differences between expected and actual experience	\$	\$ 171,571
Net difference between projected and actual earnings on pension plan investments	4,028,511	
Changes in proportion and differences between county contributions and proportionate share of contributions		17,663,560
County contributions subsequent to the measurement date	11,847,708	
Total	<u>\$ 15,876,219</u>	<u>\$ 17,835,131</u>

The amounts reported as deferred outflows of resources related to EORP resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to EORP pensions will be recognized in pension expense as follows:

Year ending June 30	
2022	\$ (17,283,355)
2023	1,298,356
2024	1,270,243
2025	908,136

Actuarial assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

EORP	
Actuarial valuation date	June 30, 2020
Actuarial cost method	Entry age normal
Investment rate of return	7.3%
Wage inflation	3.75%
Price inflation	2.5
Cost-of-living adjustment	1.75%
Mortality rates	PubG-2010 tables

Actuarial assumptions used in the June 30, 2020, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2017.

The long-term expected rate of return on EORP pension plan investments was determined to be 7.3 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset class	Target allocation	Long-term geometric real rate of return
U.S. public equity	23%	4.93%
International public equity	15%	6.09%
Global private equity	18%	8.42%
Other assets (capital appreciation)	7%	5.61%
Core bonds	2%	0.22%
Private credit	22%	5.31%
Diversifying strategies	12%	3.22%
Cash - Mellon	1%	-0.60%
Total	<u>100%</u>	

Notes to the Financial Statements

(Continued)

Discount rate—At June 30, 2020, the discount rate used to measure the EORP total pension liability was 7.3 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate, employer contributions will be made at the actuarially determined rates, and State contributions will be made as currently required by statute. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County’s proportionate share of the EORP net pension liability to changes in the discount rate—The following table presents the County’s proportionate share of the net pension liability calculated using the discount rate of 7.3 percent, as well as what the County’s proportionate share of the net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower (6.3 percent) or 1 percentage point higher (8.3 percent) than the current rate:

EORP	1% Decrease (6.3%)	Current discount rate (7.3%)	1% Increase (8.3%)
County’s proportionate share of the net pension liability	\$ 238,478,514	\$ 209,046,481	\$ 183,881,234

Pension plan fiduciary net position—Detailed information about the pension plan’s fiduciary net position is available in the separately issued EORP financial report.

EODCRS plan—Elected officials and judges who are not members of EORP or ASRS participate in the EODCRS. The EODCRS is a defined contribution pension plan. The PSPRS Board of Trustees governs the EODCRS according to the provisions of A.R.S Title 38, Chapter 5, Articles 3.1 and 3.2. Benefit terms, including contribution requirements, are established by State statute.

For the year ended June 30, 2021, active EODCRS members were required by statute to contribute 8 percent of the members’ annual covered payroll, and the County was required by statute to contribute 6 percent of active members’ annual covered payroll to an individual employee account. Employees are immediately vested in their own contributions and the County’s contributions to the individual employee account and the earnings on those contributions. For the year ended June 30, 2021, the County recognized pension expense of \$270,257.

NOTE 20 – INTERFUND BALANCES AND ACTIVITY

Interfund receivables and payables – interfund balances at June 30, 2021, were as follows:

Payable from	Payable To	
	General Fund	Total Due To
Coronavirus Relief Fund	\$ 31,885,475	\$ 31,885,475
County Improvement Fund	16,156,218	16,156,218
Nonmajor Governmental Funds	15,455,983	15,455,983
Internal Service Funds	751,096	751,096
Total Due From	\$ 64,248,772	\$ 64,248,772

All interfund receivables and payables represent cash deficits that were the result of timing differences from grant revenues received in the subsequent year and cash transfers that had not occurred at June 30, 2021.

Notes to the Financial Statements

(Continued)

Interfund transfers – interfund transfers for the year ended June 30, 2021, were as follows:

Transfers Out	Transfers In						Total Transfers Out
	General Fund	Detention Operations Fund	County Improvement Debt Fund	County Improvement Fund	General Fund County Improvements Fund	Nonmajor Governmental Funds	
General Fund	\$	\$ 194,559,465	\$ 31,245,875	\$	\$ 59,725,620	\$ 14,210,554	\$ 299,741,514
Detention Operations Fund			1,842,196			1,886,178	3,728,374

NOTE 21 – DISCRETELY PRESENTED COMPONENT UNIT DISCLOSURES

The significant accounting disclosures for Maricopa County's discretely presented component units, the Housing Authority of Maricopa County (HAMC) and Industrial Development Authority of Maricopa County (IDA), are presented below. For additional information on HAMC and IDA, see Note 1 – Summary of Significant Accounting Policies, Section A – Reporting Entity.

A. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The County's component units' financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

The statement of net position and the statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

B. Deposits and Investments

IDA

Investments in securities are stated at fair value.

Deposits and investments at June 30, 2021, consist of the following:

Deposits:	
Cash in bank	\$ 4,575,753
Investments:	
Money market	12,043,434
Federal Home Loan Banks	10,179,249
Federal National Mortgage Association	44,733
Government National Mortgage Association	23,018
Arizona Community Foundation	2,254,280
Down Payment Assistance Investment Notes	4,838
Total deposits and investments:	\$ 29,125,305

Deposits

Custodial credit risk is the risk that in the event of a bank failure, the IDA's deposits may not be returned to it. The IDA places its cash with high-credit quality financial institutions. At various times throughout the year and at year-end, the IDA's cash balances exceed the federally insured limits. At June 30, 2021, \$16,118,769 was uninsured and uncollateralized. Management believes there are no unusual risks associated with current depository institutions. The IDA has no policy concerning exposure to custodial credit risk.

Notes to the Financial Statements

(Continued)

Investments

Interest Rate Risk – The IDA’s investment policy concerning exposure to interest rate risk is acceptance of no return lower than the market return normally associated with any specific asset class into which the IDA invests.

Estimated maturities of the IDA’s investments consisted of the following at June 30, 2021:

Investment Type	Within six months	Six months to one year	One to three years	More than three years	Totals
Federal National Mortgage Association	\$	\$	\$	\$ 44,733	\$ 44,733
Government National Mortgage Association				23,018	23,018
Federal Home Loan Banks	7,565,345		2,613,904		10,179,249
Arizona Community Foundation	2,254,280				2,254,280
Down Payment Assistance Investment Notes			4,838		4,838
Totals:	\$ 9,819,625	\$	\$ 2,618,742	\$ 67,751	\$ 12,506,118

Concentration Risk – The IDA’s investment policy concerning exposure to concentration risk is to diversify investments so as to minimize the risk of large losses, unless under certain circumstances it is clearly prudent not to do so. More than 5% of IDA’s investments at June 30, 2021 were in Federal Home Loan Banks and the Arizona Community Foundation. These investments were 81.4% and 18.0%, respectively, of the IDA’s total investments.

Credit Risk – The IDA’s investment policy concerning exposure to credit risk is acceptance of no risk in excess of market risks normally associated with any specific asset class into which the IDA invests. At June 30, 2021, credit risk for the Authority’s investments was as follows:

Investment type	Moody's Rating	Standard and Poor's Rating
Federal Home Loan Banks	Aaa	AA+
Federal National Mortgage Association	Aaa	AA+
Federal Farm Credit Banks Funding Corporation	Aaa	AA+
Federal Home Loan Mortgage Corporation	Aaa	AA+
Government National Mortgage Association	Aaa	AA+

Custodial Credit Risk – The IDA has no policy concerning exposure to custodial credit risk. All investments are reported at fair value. Investments are uninsured and unregistered and held by investment brokers in the IDA’s name.

The IDA had an unrealized gain in the fair value of investments of \$257,440 and realized loss of \$7,025 for the year ended June 30, 2021. The unrealized gain and realized loss are included in unrestricted investment earnings in general revenues in the accompanying Statement of Activities.

Fair Value of Investments – In determining fair value, the IDA uses various valuation approaches within the fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

The fair value measurement framework establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

Notes to the Financial Statements

(Continued)

The fair value measurements define levels within the hierarchy based on the reliability of inputs as follows:

Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;

Level 2 – Valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets; and

Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

The IDA's investments at June 30, 2021, categorized within the fair value hierarchy detailed above were as follows:

	Fair Value Measurements Using			
	Total	Level 1	Level 2	Level 3
Investments by fair value level				
Federal Home Loan Banks	\$ 10,179,249	\$	\$ 10,179,249	\$
Federal National Mortgage Association	44,733		44,733	
Government National Mortgage Association	23,018		23,018	
Arizona Community Foundation	2,254,280			2,254,280
Total investments by fair value level:	<u>\$ 12,501,280</u>	<u>\$</u>	<u>\$ 10,247,000</u>	<u>\$ 2,254,280</u>
External investments measured at net asset value				
Down Payment Assistance Investment Notes	\$ 4,838			
Totals investments measured at fair value:	<u>\$ 12,506,118</u>			

C. Capital Assets

The following is a summary of the changes in capital assets for the year ended June 30, 2021 for HAMC:

	Balance July 1, 2020	Increase	Decrease	Balance June 30, 2021

Notes to the Financial Statements (Continued)

D. Long-Term Debt

The following is a summary of the changes in noncurrent liabilities for the year ended June 30, 2021 for HAMC:

	Balance July 1, 2020	Additions	Reductions	Balance June 30, 2021	Due Within One Year
Loans and other payables:					
Loans payable	\$ 31,410,428	\$ 14,413,412	\$ 3,029,906	\$ 42,793,934	\$ 4,020,854
Other long-term debt	3,813,817	307,764	529,086	3,592,495	
Net pension liabilities	2,865,124	624,436		3,489,560	
Total noncurrent liabilities	<u>\$ 38,089,369</u>	<u>\$ 15,345,612</u>	<u>\$ 3,558,992</u>	<u>\$ 49,875,989</u>	<u>\$ 4,020,854</u>

HAMC executed a repayment agreement in 2015 with HUD totaling \$468,781 to repay HCV HAP funds as determined by a HUD Quality Assurance Division review. The agreement bears no interest and will call for equal quarterly payments over a period of 25 years from nonfederal sources of \$4,687 commencing January 1, 2016. The outstanding balance was \$360,962 as of June 30, 2021.

HAMC obtained financing for pre-development expenses in relation to the development of Watson Homes and Norton Circle in the amount of \$200,000. The notes bear zero interest and are due upon receipt of construction or permanent financing, but no later than December 16, 2018. The outstanding balance was \$100,000 as of June 30, 2021, with the remaining balance extended until 2022.

HAMC drew on the line of credit with BBVA Bank in the amount of \$350,000 on June 8, 2020. In fiscal year 2021, HAMC drew down another \$320,114. The outstanding balance was \$659,945 as of June 30, 2021.

HAMC obtained financing for renovation work at Casa Bonitas with FirstBank in the amount of \$3,880,841. The loan bears interest at 5.40%, payable in monthly interest only payments through May 2019, at which time the loan converted to permanent financing. Payments of principal and interest of \$20,790 are due until maturity in November 2035. The loan is collateralized by various real estate parcels known as Casa Bonitas. The outstanding balance was \$3,789,217 as of June 30, 2021.

Promissory note payable to FirstBank for the Rose Terrace I property dated December 21, 2012, for \$2,619,600. The note bears interest at 4.75% through January 1, 2018. The rate then increases to the greater of 6.00% or the 5-year Treasury Rate plus 3.00%. Monthly installments of principal and interest are payable in the amount of \$13,793 through January 1, 2018. The payment amount is then to be adjusted to fully amortize the unpaid principal balance over the remaining life of the loan. The maturity date is October 1, 2022. The outstanding balance of the loan was \$2,261,982 as of December 31, 2020.

Promissory note payable to Community Service of Arizona, Inc., for the Maricopa Revitalization property with an original amount of \$570,000. The note bears interest at 0.50% commencing on the payment due date as defined in the note agreement. The outstanding loan balance shall be paid at the earlier of the date of sale of the property; breach of covenant, condition or restriction; or 15 years after the date of the project completion. Payments are contingent on positive cash flow of the Partnership. Note is collateralized by investment in real estate. For the year ended December 31, 2020, the accrued interest totaled \$53,540.

Promissory note payable to the Maricopa County Home Consortium in the original amount of \$450,000. The note bears interest at 2% with principal payments of \$31,486 and are due annually on June 30th beginning in 2020 and subject to net cash flow as defined in the agreement. The loan is due in full no later than the 17th year following project completion estimated at January 2036 and is secured by the project known as Father Fidelis. The balance at June 30, 2021, was \$450,000.

Contractual obligation to City of Tempe in the original amount of \$500,000. HAMC is required to meet the terms of agreement dated June 27, 2018 and through June 27, 2038. The balance at June 30, 2021, was \$500,000.

Permanent loan payable to CDT II, LLC in the original amount of \$1,410,540. The permanent loan requires monthly principal and interest payments of \$8,294 with interest at 5.82%. The loan matures on October 1, 2035 and is secured by a first lien on the property. If the loan is prepaid at any time prior to June 1, 2035, a prepayment penalty is due. The balance of the loan was \$1,354,209 as of December 31, 2020.

Notes to the Financial Statements

(Continued)

Second mortgage payable to the Arizona Department of Housing (ADOH). The mortgage bears interest at 2% per annum, commencing January 1, 2017, with annual payments of principal and interest due in the amount of \$43,437, commencing January 1, 2018, and maturing September 29, 2037. The mortgage is nonrecourse debt secured in second priority by the project's rental property. The balance of the second mortgage was \$237,961 as of December 31, 2020.

Third mortgage payable due to the Maricopa County Home Consortium in the original amount of \$320,000. The mortgage bears no interest, payable in annual payments of \$16,000, commencing June 1, 2018 through maturity on June 1, 2038. The loan is nonrecourse debt secured in third priority by the project's rental property. The balance of the mortgage was \$297,463 as of December 31, 2020.

Permanent loan payable to CDT II, LLC in the original amount of \$1,521,500. The permanent loan requires monthly principal and interest payments of \$8,947 with interest at 5.82%. The loan matures on October 1, 2035 and is secured by a first lien on the property. If the loan is prepaid at any time prior to June 1, 2035, a prepayment penalty is due. The balance of the loan was \$1,460,738 as of December 31, 2020.

Note payable due to the Maricopa County Home Consortium in the original amount of \$200,000. The note bears no interest, payable in annual payments of \$10,000, commencing June 1, 2018 through maturity on June 1, 2038. The loan note mortgage was 190,000 as of December 31, 2020.

Section 221(d)(4) HUD-insured loan payable to Red Mortgage Capital, in the maximum amount of \$14,150,000, which accrues interest at 3.98% per annum. The note is payable in monthly installments commencing December 1, 2017 and has a maturity date of December 1, 2057. The loan is secured in first priority by a Multifamily Deed of Trust. The balance was \$13,690,752 as of December 31, 2020.

Second mortgage totaling \$1,000,000 due to ADOH for construction of the project. The mortgage bears interest at 2% per annum, with annual payments of principal and interest of \$36,339 subject to surplus cash flow commencing June 30, 2018 until maturity on June 30, 2057. The loan is nonrecourse debt secured in second priority by the project's rental property. The balance was \$900,000 as of December 31, 2020.

Community Development Block Grant (CDBG) loan totaling \$650,000 due the City of Phoenix for construction of the project. On January 25, 2018, the note was amended to increase the principal balance to \$1,000,000; however, the full amount of the loan was not disbursed until February 6, 2019. Commencing March 24, 2018, annual payments of principal and interest are payable from surplus cash in the amount of \$50,523, not to exceed 75 percent of available surplus cash and bears simple interest at a rate of 4% per annum. The loan is nonrecourse debt secured in third priority by the project's rental property. The total balance was \$1,127,554 as of December 31, 2020.

Note payable to JPMorgan Chase Bank, dated December 27, 2019, for the original loan amount of \$1,000,000. The note bears interest at a fixed rate of 6.01 percent. Monthly installments of principal and interest in the amount of \$4,167 are payable beginning July 10, 2020. The note matures December 27, 2038, at which time all remaining principal and interest shall be due. The note is secured by the mortgage on the rental property. The balance at December 31, 2020, was \$993,617.

Home note payable to the Maricopa County Home Consortium, dated June 27, 2018, for the original loan amount of \$300,000. This loan does not bear interest. The note matures July 1, 2048 at which time all remaining principal shall be due. The note is secured by a HOME program mortgage on the rental property. The balance at December 31, 2020, was \$300,000.

Home note payable to ADOH dated June 27, 2018, for the original loan amount of \$335,742. The note bears simple interest at 3.05% annually beginning January 1, 2020. Annual installments of principal and interest are payable beginning June 1, 2021 and shall be paid in the amount greater of 1) \$1,000 or 2) Surplus Cash Flow. The note matures June 1, 2050, at which time all remaining principal and interest shall be due. The note is secured by a HOME program mortgage on the rental property. As of December 31, 2020, \$302,167 of the loan proceed had been drawn.

Note payable to ADOH, dated October 31, 2018, in the original principal amount of \$4,800,000. The note bears interest at 2.99%. Annual payments of principal and interest are payable beginning June 1, 2021, subject to cash flow. Interest begins to accrue beginning January 1, 2020. The note matures June 1, 2069, at which time all remaining principal and interest shall be due. The balance at December 31, 2020, was \$4,800,000.

Notes to the Financial Statements

(Continued)

Construction loan payable to JP Morgan Chase, dated December 14, 2018, with a maximum amount of \$12,000,000. The note bears interest at 1.94 percent. Monthly installments of interest are payable the first day of each month commencing January 1, 2019. The note matures during January 2021 at which time all remaining principal and interest shall be due. The note is secured by the mortgage on the rental property. Interest of \$312,266 was capitalized into the building as of December 31, 2020. Subsequent to December 31, 2020, on January 29, 2021, the loan was paid off with proceeds from equity installments, construction cash, and permanent loan proceeds. The balance at December 31, 2020, was \$8,500,000, with accrued interest of \$189,333.

Annual debt service requirements to maturity are as follows:

HAMC

Notes to Budgetary Comparison Schedules
Year Ended June 30, 2021

NOTE 1 - BUDGETARY BASIS OF ACCOUNTING

Budgeting and Budgetary Control

Arizona Revised Statutes (A.R.S.) require the County to prepare and adopt a balanced budget annually for each governmental fund. The Board of Supervisors must approve such operating budgets on or before the third Monday in July to allow sufficient time for the legal announcements and hearings required for the adoption of the property tax levy on the third Monday in August. A.R.S. prohibits expenditures or liabilities in excess of the amounts budgeted.

Essentially, the County prepares its budget on the same modified accrual basis of accounting used to record actual revenues and expenditures. However, in the General Fund, Coronavirus Fiscal Recovery Fund, Coronavirus Relief Fund, and Detention Operations Fund, the County records capital outlay and debt service expenditures by the expenditure function and department.

The County has adopted budgets in accordance with the A.R.S. requirements for the General, Special Revenue, Debt Service, and Capital Projects Funds, with the exception of the following funds: Accommodation Schools, Children's Issues Education, Emancipation Administrative Costs, Justice Courts Photo Enforcement, Street Lighting District, Intergovernmental Capital Projects, and the Special Improvement Districts funds. In accordance with GASB Statement No. 34, budgetary comparison schedules should be presented in the required supplementary information for only the General Fund and for each major Special Revenue Fund. Formal budget integration is not employed for the Internal Service Funds because effective budgetary control is alternatively achieved through capability of cost recovery. Budgeted amounts are reported as originally adopted and as amended by authorization from the Board of Supervisors. All budget adjustments with the exception of the Judicial Branch, which includes Adult Probation, Justice Courts, Juvenile Probation and Superior Court, require authorization from the Board of Supervisors. The Judicial Branch appropriations can be moved between the Judicial Branch departments by fund, as requested and approved by the Presiding Judge, without further Board approval. Budgeted appropriations include expenditures and transfers out. Expenditures and transfers out may not legally exceed appropriations at the department level. With the exception of the General Fund, Coronavirus Fiscal Recovery Fund, Coronavirus Relief Fund, and the Detention Operations Fund, each fund includes only one department.

NOTE 2 – EXPENDITURES IN EXCESS OF APPROPRIATIONS

For the year ended June 30, 2021, expenditures exceeded final budget amounts at the department level as follows:

<u>Fund/Department</u>	<u>Excess</u>
Coronavirus Relief Fund:	
Human Services	\$ 2,215,852
Planning and Development	76
Sheriff	19,162,555
Transportation	86,708

The Coronavirus Relief Fund was created to account for U.S. Department of Treasury CARES Act funding and the necessary expenditures due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19). The County established each department's estimated budget based on the guidelines established by the U.S. Department of Treasury. As additional allowable expenditures are incurred by the departments over what was originally budgeted, the departmental budgets are adjusted in the following month. For Sheriff, the excesses were primarily the result of public safety salaries that were allocated out of the General and Detention funds to the Coronavirus Relief Fund. Due to the timing of the expenditures, the departmental budgets could not be adjusted before year-end.

NOTE 1 – ACTUARIALY DETERMINED CONTRIBUTION RATES

Actuarial determined contribution rates for PSPRS and CORP are calculated as of June 30 2 years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial cost method	Entry age normal
Amortization method	PSPRS members with initial membership date before July 1, 2017, and CORP members with initial membership date before July 1, 2018: Level percent-of-pay, closed PSPRS members with initial membership on or after July 1, 2017: Level dollar closed
Remaining amortization period as of the 2019 actuarial valuation	PSPRS members with initial membership date before July 1, 2017, and CORP members with initial membership date before July 1, 2018: 17 years PSPRS members with initial membership on or after July 1, 2017: 10 years
Asset valuation method	PSPRS members with initial membership date before July 1, 2017, and CORP members with initial membership date before July 1, 2018: 7-year smoothed market value; 80%/120% market corridor PSPRS members with initial membership on or after July 1, 2017: 5-year smoothed market value; 80%/120% market corridor
Actuarial assumptions: Investment rate of return	PSPRS members with initial membership date before July 1, 2017, and CORP members with initial membership date before July 1, 2018: In the 2017 actuarial valuation, the investment rate of return was decreased from 7.5% to 7.4%. In the 2016 actuarial valuation, the investment rate of return was decreased from 7.85% to 7.5%. In the 2013 actuarial valuation, the investment rate of return was decreased from 8.0% to 7.85%. PSPRS members with initial membership dates on or after July 1, 2017: 7%
Projected salary increases	In the 2017 actuarial valuation, projected salary increases were decreased from 4.0%–8.0% to 3.5%–7.5% for PSPRS and from 4.0%–7.25% to 3.5%–6.5% for CORP. In the 2014 actuarial valuation, projected salary increases were decreased from 4.5%–8.5% to 4.0%–8.0% for PSPRS and from 4.5%–7.75% to 4.0%–7.25% for CORP. In the 2013 actuarial valuation, projected salary increases were decreased from 5.0%–9.0% to 4.5%–8.5% for PSPRS and from 5.0%–8.25% to 4.5%–7.75% for CORP.
Wage growth	In the 2017 actuarial valuation, wage growth was decreased from 4.0% to 3.5% for PSPRS and CORP. In the 2014 actuarial valuation, wage growth was decreased from 4.5% to 4.0% for PSPRS and CORP. In the 2013 actuarial valuation, wage growth was decreased from 5.0% to 4.5% for PSPRS and CORP.
Retirement age	Experience-based table of rates that is specific to the type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006–June 30, 2011.
Mortality	In the 2017 actuarial valuation, changed to RP-2014 tables, with 75% of MP-2016 fully generational projection scales. RP-2000 mortality table (adjusted by 105% for both males and females)

NOTE 2 – FACTORS THAT AFFECT TRENDS

Arizona courts have ruled that provisions of a 2011 law that changed the mechanism for funding permanent pension benefit increases and increased employee pension contribution rates were unconstitutional or a breach of contract because those provisions apply to individuals who were members as of the law's effective date. As a result, the PSPRS, CORP, CORP-AOC, and EORP changed benefit terms to reflect the prior mechanism for funding permanent benefit increases for those members and revised actuarial assumptions to explicitly value future permanent benefit increases. PSPRS and EORP also reduced those members' employee contribution rates. These changes are reflected in the plans' pension liabilities for fiscal year 2015 (measurement date 2014) for members who were retired as of the law's effective date and fiscal year 2018 (measurement date 2017) for members who retired or will retire after the law's effective date. These changes also increased the PSPRS-, CORP-, and CORP-AOC required pension contributions beginning in fiscal year 2016 for members who were retired as of the law's effective date. These changes increased the PSPRS-, CORP-, and CORP-AOC required contributions beginning in fiscal year 2019 for members who retired or will retire after the law's effective date. EORP-required contributions are not based on actuarial valuations, and therefore, these changes did not affect them. Also, the County refunded excess employee contributions to PSPRS and EORP members. PSPRS and EORP allowed the County to reduce its actual employer contributions for the refund amounts. As a result, the County's pension contributions were less than the actuarially or statutorily determined contributions for 2018.

The fiscal year 2019 (measurement date 2018) pension liabilities for EORP and CORP reflect the replacement of the permanent benefit increase (PBI) for retirees based on investment returns with a cost of living adjustment based on inflation. Also, the EORP liability and required pension contributions for fiscal year 2019 reflect a statutory change that requires the employer contribution rate to be actuarially determined. This change increased the discount rate used to calculate the liability thereby reducing the total pension liability.

Condition Rating of Maricopa County
Roadway System

Percentage of Lane Miles in Very Good or Excellent Condition (70-100)					
	FY 2021	FY 2020	FY 2019	FY 2018	FY 2017
Roadway System	76%	80%	85%	91%	92%
Percentage of Lane Miles in Substandard Condition < 55					
	FY 2021	FY 2020	FY 2019	FY 2018	FY 2017
Roadway System	3%	4%	5%	1%	0%
Comparison of Estimated to Actual Maintenance/Preservation					
	FY 2021	FY 2020	FY 2019	FY 2018	FY 2017
Estimated	\$ 17,771,127	\$ 15,171,864	\$ 24,011,356	\$ 41,492,218	\$ 23,860,625
Actual	\$ 21,800,666	\$ 18,345,252	\$ 19,705,496	\$ 35,255,255	\$ 24,310,649

The condition of road pavement is measured and managed using the Maricopa County Department of Transportation (MCDOT) asset management software, Cartegraph OMS, which is based on weighted averages of pavement surface distress factors. The Cartegraph system uses a measurement scale to evaluate the Overall Condition Index (OCI) ranging from zero for a failed pavement to 100 for a pavement in perfect condition. The OCI is used to classify roads in very good or excellent condition (70-100), good condition (55-69), and substandard condition (less than 55). Prior to fiscal year 2021, the Pavement Condition Rating (PCR) index was used. It is the County's policy to maintain at least 75% of the roadways at a very good or excellent condition level. No more than 5% should be in a substandard condition. Pavement condition assessments are determined annually for all arterial roads and approximately one-half of the local roads are inspected annually.

Condition Rating of Maricopa County
Bridge System

	FY21 - 20 Percentage of Bridges >=5		FY19 - 17 Percentage of Bridges >= 70		
	FY 2021	FY 2020	FY 2019	FY 2018	FY 2017
Bridge System	100%	100%	100%	100%	92%
Comparison of Estimated to Actual Maintenance/Preservation					
	FY 2021	FY 2020	FY 2019	FY 2018	FY 2017
Estimated	\$ 1,437,500	\$ 1,590,000	\$ 2,088,000	\$ 1,508,463	\$ 250,659
Actual	\$ 1,708,273	\$ 4,224,795	\$ 2,613,282	\$ 1,404,296	\$ 137,596

The condition of the County's bridges is determined using the MCDOT bridge inspection program that follows federal mandates and regulations. The Federal Highway Administration (FHWA) National Bridge Inspections Standards scale uses a 0 to 9 scale to classify bridges as Good (7-9), Fair (5-6), or Poor (0-4). Prior to fiscal year 2020, the bridge sufficiency rating 0 to 100 numeric scale was used. It is the County's policy that 90% of bridges and minor concrete box structures have a condition rating of 5 or greater. All bridges are inspected every two years (approximately one-half of the bridges are inspected annually).

Superior Court Judicial Enhancement — (Fund 208) Revenues consist of fees and surcharges collected under authority of A.R.S. §12-284.03 and time payment fees collected under authority of A.R.S. §12-116. In addition, revenues are received from the State Judicial Enhancement Fund established by A.R.S. §12-113. Expenditures are used to improve, maintain and enhance the collection and management of funds and court automation projects.

Superior Court Special Revenue — (Fund 259) Accounts for monies received under an intergovernmental agreement with the Department of Economic Security to conduct Title IV-D child support enforcement enhancements.

Taxpayer Information — (Fund 741) Consist of monies collected from the public records copy surcharge imposed under A.R.S. §11-496, the tax-lien-processing fee imposed pursuant to A.R.S. §42-18116, \$50 of each judgment-deed fee collected pursuant to A.R.S. §42-18205, interest earned from the elderly assistance fund pursuant to A.R.S. §42-17401 and the community facilities district special assessment fee imposed pursuant to A.R.S. §48-721. The County Treasurer shall administer the fund and spend monies in the fund only to defray the cost of converting or upgrading an automated public information system. (Fund 741 is for financial statement roll up purposes, off Advantage.)

Transportation Grants — (Fund 223) Transportation Grants was set up to account for all grant activity administered by the County Transportation Department.

Transportation Operations — (Fund 232) Plans and implements an environmentally balanced multi-model transportation system. Operations are funded through highway user taxes.

Maricopa County Listing of Nonmajor Governmental Funds (Continued)

Victim Compensation Interest — (Fund 269) Established as authorized by A.R.S. §11-538 consisting of monies that are distributed pursuant to A.R.S. §12-286 (75 percent of the interest earned on restitution monies that are received in trust). The County Attorney shall use monies in the fund to assist eligible victims of crime with medical, counseling and funeral expenses and lost wages.

Victim Compensation Restitution — (Fund 268) Established to administer funding provided from the State Victim Compensation and Assistance fund (A.R.S. §41-2407) and from prisoner supervision fees under A.R.S. §31-418. The fund is used for establishing, maintaining and supporting programs that compensate and assist victims of crime.

Victim Location — (Fund 273) Revenues are derived from interest earned on restitution monies received in trust and are to be distributed to the County Attorney and Clerk of the Superior Court on a pro rata basis (County Attorney – 75% and Superior Court – 25%). Fund was established by A.R.S. §12-287.

Waste Management — (Fund 210) Established by the Board of Supervisors to segregate this activity from the General Fund. This fund accounts for a fixed \$65,000 fee from Waste Management Corporation plus a percentage based on the tonnages of refuse dumped. Expenditures are used for economic development in Mobile and other unincorporated areas of the County.

Waste Tire — (Fund 290) Accounts for the operations activity of the waste tire processing center for the removal of waste tires from the County pursuant to A.R.S. §44-1305.

Capital Projects Funds

Detention Capital Projects – (Fund 455) Accounts for construction associated with the 1/5 of one-cent sales tax approved by voters in the General Election on November 3, 1998, and extended by voters on November 5, 2002. Funding is provided by transfers from the Detention Operations Fund for construction of the adult and juvenile detention facilities.

Detention Technology Capital Improvement — (Fund 461) Established by the Board of Supervisors to account for Detention Fund resources restricted for technology improvement projects consistent with A.R.S. §42-6109.01.

Flood Control Capital Projects — (Fund 990) Set up administratively as a capital project fund to track capital projects activity of the Flood Control District. Funding is provided by a reimbursement transfer from the Flood Control District which derives its funding from an annual Property Tax Levy.

Intergovernmental Capital Projects — (Fund 422) Accounts for capital project spending predominantly funded from General Fund revenues.

Library District Capital Improvement — (Fund 465) Accounts for Library District capital projects funded from Library District revenue transfers. This fund is part of the Maricopa County Library District, a legally separate entity, which is a blended component unit of Maricopa County.

Sheriff MASH Capital Donation Fund — (Fund 430) Set up administratively to track capital project activity for the Sheriff's Office MASH unit and is primarily funded by donations.

Special Improvement Districts — (Fund 993) Accounts for capital projects financed by the issuance of special assessment bonds.

Technology Capital Improvement Fund – (Fund 460) established by the Board of Supervisors to account for General Fund and other resources committed for technology improvement projects.

Transportation Capital Projects — (Fund 234) Established administratively as a capital project fund to track capital project activity of the County Transportation Department. Funding is provided by a reimbursement transfer from the Transportation Fund that derives its funding from the State Highways User's Tax.

Internal Service Funds

Maricopa County

Listing of Internal Service Funds

Internal Service Funds are used to account for services and commodities provided by one department or agency to other departments or agencies of the County. These services are provided on a cost-reimbursement basis. The following is a listing of the Internal Service Funds reported within Maricopa County.

Equipment Services - This fund provides assistance to other Maricopa County departments to ensure quality service to the citizens of Maricopa County by furnishing and maintaining the necessary County mobile equipment in an efficient manner.

Technology Infrastructure - This fund provides cost effective voice, data, and radio communications to County employees.

Sheriff Warehouse - Sheriff Warehouse tracks inventory activity for supplies purchased by the warehouse for resale and stores consignment inventory for other departments.

Risk Management - This fund supports the comprehensive insurance/self-insurance program, which safeguards County assets and employees by means of a Trust Fund. Personnel skilled in loss control, claims and litigation and workers' compensation work together to avert risk and conserve the human and financial resources of Maricopa County.

Employee Benefits Trust - This fund collects employee and employer contributions for payment of the employees' medical, dental, pharmacy, and short-term disability benefits.

The Vehicle License Tax has a combined amount from the General and Transportation Funds.

The Baseball Stadium Tax ended in November 1997, but small amounts continue to be remitted on delinquent tax returns.

The Jail Tax was approved by the voters in the General Election on November 3, 1998.

(1) Data was adjusted in fiscal year 2021.
