

The University of Arizona

CONCLUSION: Based on our audit, we issued opinions on the University's financial statements concluding that the information in those statements is reliable. We also issued a report over the University's internal control and compliance over financial reporting, which identified internal control weaknesses over financial reporting that are explained on the next page.

University overview

University provides a variety of educational and employment opportunities for the State of Arizona—

In fiscal year 2019, the University provided post-secondary education to over 44,300 students through a variety of colleges and undergraduate, graduate, and professional degree programs, with 10,835 degrees earned. The University employed 3,201 faculty and 13,016 staff positions, providing education to a diverse student population and supporting advanced research.

University responsible for accurate financial report—The University is responsible for accurately preparing its [Comprehensive Annual Financial Report \(CAFR\)](#), maintaining effective internal controls, and being accountable for its use of public monies. Select financial information from the University's CAFR is presented below. However, the University's CAFR should be read to fully understand its overall financial picture. Our [Financial Report User Guide for Colleges and Universities](#) will help readers identify and understand important and useful information in the University's CAFR.

University financial information

Total revenues = \$2,187.7 million

Select revenue sources:

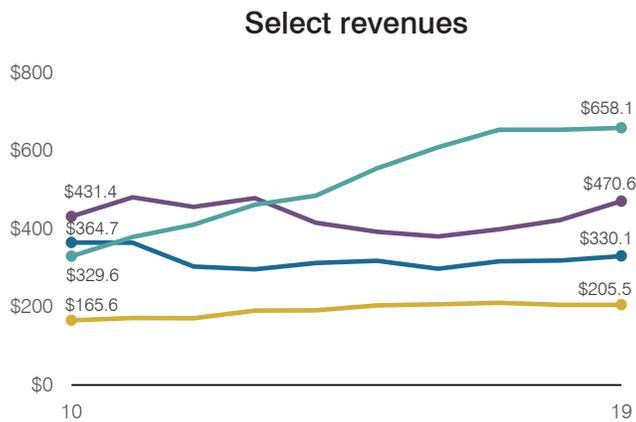

\$658.1 M	Tuition and fees, net of financial assistance
470.6	Government grants and contracts
330.1	State assistance
205.5	Auxiliary enterprises

Total expenses = \$2,162.0 million

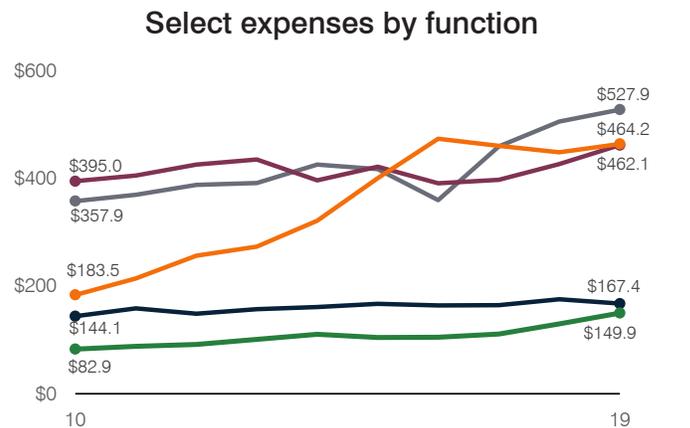

Select expenses by function:

\$527.9 M	Instruction
464.2	Academic and institutional support
462.1	Research
167.4	Auxiliary enterprises
149.9	Student services and scholarships

Select revenues and expenses by function Fiscal years 2010 through 2019 (In millions)

- **Tuition and fees, net of financial assistance**—Charges to students for educational services, net of any University student financial assistance revenues that were used to cover the students' tuition and fees.
- **Government grants and contracts**—Primarily federal and State government grant programs and contracts awarded primarily for student financial aid and research and development programs.
- **State assistance**—State appropriations for general operations and maintenance, capital appropriations for research infrastructure, capital commitments for debt service, and the University's share of State sales tax revenues.
- **Auxiliary enterprises**—Charges to students for services and activities including housing, books, athletic programs, food, parking, and student health, net of any University student financial assistance revenues that were used to cover these student charges.

- **Instruction**—Instruction for all degree and certificate programs.
- **Academic and institutional support**—University-wide planning, management, and administrative support services, including fiscal operations, information technology, and course development.
- **Research**—Support for all initiatives to advance research in various fields.
- **Auxiliary enterprises**—Services and activities for students including housing, books, athletic programs, food, parking, and student health.
- **Student services and scholarships**—Social and cultural development, career guidance, financial aid administration, admissions, records, as well as grants, scholarships, and tuition and fee waivers. In fiscal year 2019, 39.1 percent was for scholarships.

Audit findings and recommendations

Below is a summary of our report over the University's internal control and compliance over financial reporting that is included in the University's [Report on Internal Control and on Compliance](#) where there is detailed information about our findings and the University's response. For help in understanding important information presented in this report, please refer to our [Internal Control and Compliance Reports User Guide](#).

Financial reporting internal control

IT security findings and recommendations

We found that the University did not have adequate policies and procedures over IT systems and data to adequately identify and respond to risks and to prevent, detect, and respond to unauthorized or inappropriate access or use, manipulation, damage, or loss, including protecting sensitive information. To ensure its financial and other sensitive data is protected, the University needs to continue to implement policies and procedures over its IT systems and data. We reported similar IT security findings in the prior year.
