Letter of Transmittal

December 11, 2020

The District Governing Board of Yavapai County Community College District:

The Comprehensive Annual Financial Report (CAFR) of the Yavapai County Community College District (the "District"), Prescott, Arizona for the fiscal year ended June 30, 2020, is submitted herewith.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included. Please read the management's discussion and analysis in conjunction with the Vice President of Finance and Administrative Services and Director of Business Services/Controller's transmittal letter.

This report is prepared in accordance with generally accepted accounting principles (GAAP) and in conformance with standards of financial reporting as established by the Government Accounting Standards Board (GASB) using the guidelines as recommended by the Government Finance Officers Association of the United States and Canada (GFOA).

The District is required to undergo a single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*; and *Government Auditing Standards* issued by the Comptroller General of the United States. Information related to this report, including the Schedule of Expenditures of Federal Awards and auditors' reports on internal controls and compliance with applicable laws and regulations will be available at a future date by contacting the Vice President of Finance and Administrative Services.

THE REPORTING ENTITY

The District is an independent reporting entity within the criteria established by GAAP and the GASB. Although the District shares the same geographic boundaries with Yavapai County, financial accountability over all activities related to public community college education in Yavapai County is exercised solely by the District. In accordance with GASB Statement No. 39, the financial reporting entity consists of a primary reporting entity and its component unit. The District is a primary government because it is a special-purpose political subdivision that has a separately elected governing body, is legally separate, and is fiscally independent of other state and local governments.

The accompanying financial statements present the activities of the District and its component unit, the Yavapai College Foundation (Foundation). The Foundation is a legally separate, tax-exempt organization. Although the District does not control the timing or amount of receipts from the Foundation, the Foundation's restricted resources can only be used by, or for the benefit of, the District. Consequently, the Foundation is considered a component unit of the District and is discretely presented in the District's financial statements.

HISTORY

The District was established in 1966 under the Arizona Community College Law of 1966. During the first year of instruction, 1968, classes were held at various sites in Prescott. The District celebrated its 50th anniversary in the fall of 2018 with six distinct community celebrations. The first buildings were dedicated in February 1970, on 100 acres in Prescott that were once part of historic Fort Whipple. To better serve the growing communities on the east side of Yavapai County, the Verde Valley Campus was established in 1975 on 120 acres in Clarkdale. Yavapai College education centers are located in Chino Valley, Prescott Valley, Sedona, and include the Career & Technical Education Center, located near the Prescott Airport.

The District is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools and has been throughout its history. In March 2013, the District went through a full reaccreditation by the Higher Learning Commission and its status was reaffirmed with no recommendations reported. The next reaccreditation will be in 2023.

SERVICE AREA

Yavapai County, named for the Yavapai Native Americans (“Yavapai” means “The People of the Sun”) is a land of extremes with a blend of the Old West and the contemporary. Yavapai County was among the original four counties created when Arizona was still a territory and the provisional seat of the Arizona territorial government was established in Yavapai County at Fort Whipple on January 22, 1864.

Yavapai County offers many local attractions ranging from natural to cultural to educational.

Scenic pine forests provide year-round recreational opportunities. Museums, monuments, and rodeos reflect Arizona’s tribal and territorial past. The county benefits from the presence of several higher education institutions including Embry Riddle Aeronautical University, Northern Arizona University, Prescott College, and Yavapai College.

The District serves a diverse student population in a rural area covering approximately 8,123 square miles (which is larger than the state of Massachusetts) with the 2019 estimated population (provided by the US Census Bureau) of 235,099 and a population density of 29 people per square mile.

Yavapai County is located in the west central portion of the state. Its boundaries include the incorporated cities and towns of Camp Verde, Chino Valley, Clarkdale, Cottonwood, Dewey-Humboldt, Jerome, Prescott, Prescott Valley, and Sedona. The larger unincorporated areas of the county include the communities of Ash Fork, Bagdad, Black Canyon City, Congress, Crown King, Mayer, Paulden, Seligman, and Yarnell.

ECONOMIC OUTLOOK

Small business, light industry, service trades, ranching, mining, and tourism all contribute to the economy of Yavapai County. A growing retiree population will continue to produce population growth in Yavapai County over the next decade.

Despite the slowdown in the state economy due to the COVID-19 pandemic, the state ended the year with a surplus. This was due to strong revenue collections throughout the year and the use of COVID-relief federal funds to offset existing general fund spending. While the overall economy has improved from the lows, many economists aren't expecting to recover fully until at least 2022. The variability of the forecasts reflects the potential for a second COVID-19 wave, the availability and effectiveness of a future vaccine and the willingness of the public to resume their normal activities, and continued federal government stimulus. So far the state's economy is recovering quicker than the national economy, especially with job replacement rates. The long-term forecast for Arizona continues to be good and is expected to outpace growth at the national level.

Yavapai County is experiencing slightly better unemployment rates than the state since the pandemic began. The attractiveness of rural communities, along with increased telecommuting by the public, will likely result in more people migrating to the county.

Property taxes provide the majority of funding for the District. The housing market has fully recovered from the lows of 2012 and record low mortgage rates combined with a very low inventory of homes for sale are causing prices to increase further. To date the county treasurer's office hasn't seen a reduction in property tax payments due to the pandemic but this could change in the future. We expect the growth in total assessed values to increase modestly into next fiscal year and the primary property tax levy to increase moderately due to new construction.

The District's recurring operating funding from the

state remained at less than 2% of the total revenues for the fiscal year.

MAJOR PROGRAM INITIATIVES

Yavapai College has made strides during the past year in the areas of capital improvements, enrollment, and student achievement.

Capital Improvements/Planned Maintenance

The District has a long-range Capital Improvement Plan where a master site plan for each location was developed and included facility, infrastructure and land development improvements to accommodate projected growth in population and programs over the next ten years. The improvements will be funded with the District's Future Capital Projects Accumulation monies. The District's Capital Improvement Plan is a living document which will evolve over time to continually align academic, strategic, and physical visions. The District plans to contract with a professional services firm to update its long-range Capital Improvement Plan during the next fiscal year.

The renovation of building L on the Verde campus was completed by the beginning of the fall 2020 semester. The remodel improved the quality of instruction with the addition of state of the art science laboratories, medical skills labs, and manufacturing and engineering laboratories. These programs opened access to six degrees and certificates.

During the fiscal year, the District worked on several large preventative maintenance projects including plumbing and fire safety upgrades in the residence halls, building 19 roof replacement on the Prescott campus, CTEC roof coating, fire alarm

FY 2019-20 Renovations

Verde Valley Campus - Building L Renovation

Prescott

Marquee Sign

CTEC Roof

49 students received a Culinary Arts certificate, 42 students received a Cybersecurity Technician certificate, and 90 students completed all requirements of the Nursing degree. In addition, approximately 53 students completed studies and passed the exam to earn a high school equivalency diploma. Twelve students were named to the 2020 All-Arizona Academic Team and three earned the prestigious All-USA scholars award. All-Arizona Academic Team members receive tuition waivers to an Arizona University of their choice, courtesy of the Arizona Board of Regents.

Student success and completion is at the forefront of everything that the District does. The District is actively building a Guided Pathways program with both an academic and behavioral component to help students stay on track. This includes making it easier for students to find programs of interest to them, intrusive advising, pathways to allow high achieving high school students to earn College credits through Dual Enrollment, pathways that allow students to continue their academic journeys at universities, and pathways that connect students directly to jobs. Guided Pathways is a continuous and evolving process.

STRATEGIC PLANNING

The demand for accountability at community colleges has never been greater. Issues such as rising tuition, declining state support, increasing student debt, high cost course materials, concerns about educational quality and workforce preparedness are driving this demand. Guided by the District's mission, vision, and District Governing Board's goals, Yavapai College uses an inclusive and collaborative strategic planning process that involves internal and external stakeholders and is grounded on evidence-based data and information.

replacement at the Chino Valley Center and parking lot improvements at CTEC.

Lastly, a multi-year improvement project related to signage and outdoor space is underway and will go through fiscal year 2020-21. During the current fiscal year, new marquee signage was installed at the entrance of the Prescott campus.

ENROLLMENT

Total enrollment for the fiscal year exceeded 13,400 students including both credit and non-credit classes. The District's credit enrollment increased from the prior year after slowly declining over the last five plus years. Currently, as a result of COVID-19, with many classes going online, others being cancelled and the unsettling times for students, the District's fall 2020 semester enrollment declined almost 10%. The District and many colleges across Arizona and the country have experienced this. During this same time period, prior to COVID-19, the District has seen an overall steady increase in its non-credit enrollment driven by Yavapai County's unique retirement-age demographic. The District offers a broad array of community education programming including Community Education, College for Kids, Edventures, and Osher Lifelong Learning Institute (OLLI). These programs are currently running at reduced levels as a result of the pandemic.

STUDENT ACHIEVEMENT

Student accomplishments continue to be our most important gauge of success. Over 2,000 degrees and or certificates were awarded to over 1,460 students. Throughout the course of the academic year, 66 students received the Law Enforcement and Corrections certificate, 90 students received an Emergency Medical Technician certificate, 122 students received the Nursing Assistant certificate,

Using stakeholder input and environmental scanning information from national, state, county, and local community levels to examine trends in the areas of competition, demographics, economics, labor force, education, and technology, the District identified five strategic initiatives and corresponding goals for its 2015-2020 strategic plan. The College is currently developing its next strategic plan that will begin July 2021. During the interim period, the College is focusing on items and actions that were not completed at the end of the 2020 planning period.

- ◆ *Student Success*—Increase completions without sacrificing academic quality
- ◆ *Economic Responsiveness*—Improved placement of graduates
- ◆ *Engaged Community*—Increase total population served; improve community engagement
- ◆ *Organizational Development*—Improve employee engagement and satisfaction
- ◆ *Fiscal Stewardship*—Model fiscal stewardship; identify additional revenue sources

Yavapai College strategic planning is a continuous process that guides the future direction of the institution and operationalizes the District Governing Board Ends, College Mission, Vision, and Values. The District's Strategic Plan is the guiding document and directs companion planning reports like the Annual Action Plans, Campus Master Plan, Educational Master Plan, Technology Master Plan, and Budgeting.

FUTURE PROGRAM INITIATIVES

Beginning in the fall of 2020 the District began offering several new certificates including the Assisted Living Facility Caregiver, Basic Residential Trades, and Brewing Technology certificate. These new certificate programs will prepare students for various careers in these industries through a combination of lecture, group discussion and hands

on skill building experiences. Academic program reviews will be performed in all instructional degree and certificate programs.

As mentioned previously, Yavapai College's service area is large, with residents dispersed in some remote areas where the District does not have a facility. To improve these residents' access, the District works with public libraries such as Ash Fork, Camp Verde, Spring Valley, and Yarnell by providing some computers to assist students in taking online classes. The College has also improved its outdoor Wi-Fi coverage and partnered with libraries and school districts to create an interactive map of all the free public Wi-Fi locations in Yavapai County.

The District is well positioned to fill many of the educational and cultural needs of Yavapai County. An initiative is ongoing to review the relevancy and effectiveness of existing programs and to identify any new programs that may be beneficial to the residents of the county.

FINANCIAL INFORMATION

Effective management of the District's funds through strong internal controls, budgetary controls, cash management, and financial reporting fulfills the District's responsibilities for stewardship, safeguarding of assets, and accountability to resource providers.

Internal Controls

In developing and evaluating the District's accounting system, consideration is given to the adequacy of internal controls. Internal controls are designed to provide reasonable, but not absolute assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance

recognizes that the cost of a control should not exceed the benefits likely to be derived, and that the evaluation of costs and benefits requires estimates and judgments from management.

All internal control evaluations occur within the above framework. We believe that the District's internal controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Budgetary Controls

The District maintains budgetary controls in the form of detailed budgets and budget transfer restrictions by fund, department and account. On a monthly basis the District presents various financial reports to the District Governing Board including a report of revenues, expenditures and budgets by fund, a narrative discussing budget deviations by fund and a report comparing the current reserve levels to the District's required reserves. The objective of these budgetary controls is to ensure compliance with the annual budget and to fulfill the requirements of the District Governing Board's monitoring reports.

The District complies with state statutes requiring that a report of the District's adopted budget be published annually with the prescribed format as required by the State of Arizona, Office of the Auditor General. The State also requires community colleges to keep their inflation-adjusted costs per student at 1980 levels through an Expenditure Limitation. The District demonstrates compliance by issuance of an annual budgeted expenditure limitation report that is examined by the Office of the Auditor General.

Cash Management

The District is governed by the Arizona Revised

Statutes relating to the overall investment of idle public funds. The fiduciary responsibility of such investments is entrusted to the District Governing Board and facilitated through the Vice President of Finance and Administrative Services.

The District invests idle funds in a prudent, conservative, and secure manner for the highest yield as prescribed by Arizona Revised Statutes. The principal investment vehicles used during the fiscal year have been the County Treasurer's investment pool and money market funds with Wells Fargo. Both have provided the District with safe liquid investments.

Stewardship

The District's stewardship responsibility includes supporting and enhancing the mission of the College, to ensure that the District fulfills its legal and financial obligations to internal and external stakeholders, to safeguard the District's financial, human, information and physical assets, and to create an atmosphere that encourages all members of the College community to contribute to overall excellence.

Key to accomplishing these obligations include:

- ◆ Creating a positive and healthy work environment that will foster creativity, teamwork, collaboration and productivity among members of the College community.
- ◆ Hiring and retaining qualified and productive employees.
- ◆ Using the Purchasing and Contracting department to ensure fair and competitive prices, the most appropriate method to select the provider (including the use of strategic contracts) and ensuring the appropriate approval process is followed.
- ◆ Protecting, preserving and maintaining the physical assets for which the District is responsible in a manner that assures their continued existence in the best possible condition.
- ◆ Promoting the efficient utilization of space, classrooms, equipment, utilities and natural resources.
- ◆ Managing college data in accordance with state and federal laws and industry best practices while focusing on the principles of confidentiality, integrity, and availability.

Financial Reporting

The Comprehensive Annual Financial Report (CAFR) for the District was formulated with data from several sources including District records and the Yavapai County Treasurer and Assessor Offices. These statements present information on the financial condition of the District and determine whether resources were adequate to cover the costs of providing services during the reporting period. The District's CAFR is distributed to the District Governing Board and executive management, Federal and State agencies, and financial institutions, as well as others throughout the general public. Internal management reports are customized and provided to meet the information and decision-

making needs at all levels of the organization and to aid management in the allocation of resources.

The Notes to the Financial Statements are an integral part of this Comprehensive Annual Financial Report and should be read for a full understanding of the financial information presented within.

RISK MANAGEMENT

The District maintains a full complement of insurance coverage in accordance with Arizona Revised Statutes. Liability coverage is carried on a broad basis, including errors and omissions and "wrongful acts" coverage and is maintained with the policy limits in excess of \$50,000,000. Property coverage is maintained on a replacement value basis in accordance with an agreed upon schedule of values. Additional coverage includes: auto fleet liability, crime and fidelity coverage, cyber liability, boiler and machinery insurance, workers' compensation, and student athlete and accident coverage.

District Finance, Facilities, Human Resources and Information Technology Services are dedicated to the risk management function and actively work to avoid and mitigate risks through the implementation of health, safety, information security and loss procedures.

INDEPENDENT AUDIT

The Office of the Auditor General for the State of Arizona conducts the annual financial audit for the District. Testing procedures determine whether the financial statements are free of material misstatement and ensure compliance with Arizona Revised Statutes that require an annual audit of the District's financial statements. The Auditor General's Independent Auditors' Report is included in this document. For the fiscal year ended June 30, 2020, the District received an unmodified opinion.

GFOA CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Yavapai County Community College District for its comprehensive annual financial report for the fiscal year ended June 30, 2019. This was the twentieth consecutive year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

The preparation of this report could not be accomplished without the efficient and dedicated efforts of the Business Office staff. We would like to express our appreciation to all those who assisted in, and contributed to, the preparation of this report.

Respectfully submitted,

Independent auditors' report

Members of the Arizona State Legislature

The Governing Board of
Yavapai County Community College District

Report on the financial statements

We have audited the accompanying financial statements of the business-type activities and discretely presented component unit of the Yavapai County Community College District as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component unit, is based solely on the other auditors' report. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The other auditors did not audit the discretely presented component unit's financial statements in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and discretely presented component unit of the District as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

Other matters

Required supplementary information

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages 17 through 25, schedule of the District's proportionate share of the net pension liability on page 54, and schedule of District pension contributions on page 55 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory and statistical sections listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other reporting required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we will issue our report on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Lindsey A. Perry, CPA, CFE
Auditor General

December 11, 2020

Management's Discussion and Analysis

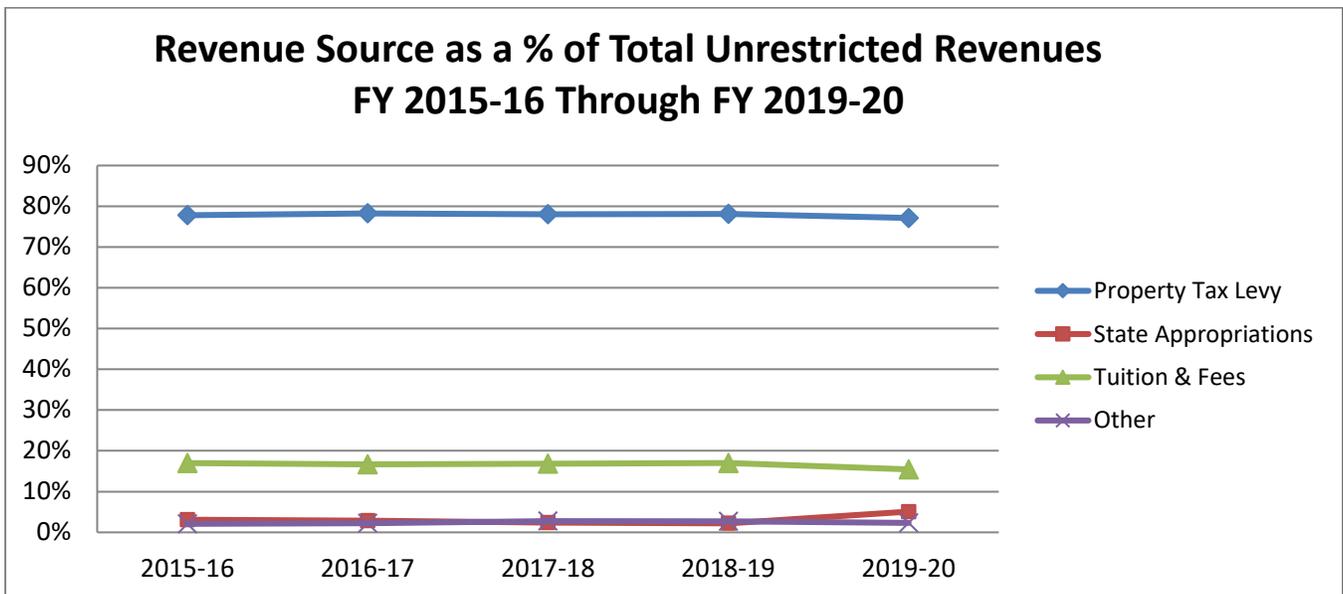

December 11, 2020,

This section of the Yavapai County Community College District (the "District"), Comprehensive Annual Financial Report (CAFR) presents management's discussion and analysis of the District's financial performance during the fiscal year ended June 30, 2020. This management's discussion and analysis is designed to focus on current activities, resulting change and current known facts. Please read it in conjunction with the Vice President of Finance and Administrative Services and Director of Business Services/Controller's letter of transmittal beginning on page 1 and the basic financial statements beginning on page 26.

The accompanying financial statements present the activities of the District and its component unit, the Yavapai College Foundation (Foundation). The Foundation is a legally separate, tax-exempt organization. Although the District does not control the timing or amount of receipts from the Foundation, the Foundation's restricted resources can only be used by, or for the benefit of, the District. Consequently, the Foundation is considered a component unit of the District and is discretely presented in the District's financial statements.

Financial Highlights

Consistent with its mission to provide effective learning environments, instruction is the primary function of the District. Major funding sources supporting all functions include property taxes and tuition and fees. The District exercises primary and secondary tax levy authority for generation of funds for operating, capital equipment and improvements, and debt retirement purposes. In FY 2019-20, the District received slightly less tuition & fees revenue due to the COVID-19 pandemic and received an additional one-time appropriation of \$1,761,300.

The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$145,581,295.

The District's total net position increased from the prior year by \$8,121,773. Net investment in capital assets increased by \$9,283,946 (6.5%). Restricted net position decreased by \$367,350 (37.5%) and unrestricted net position decreased by \$794,823 (12.0%).

The condensed financial information that follows highlights the main categories of the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position.

Current and Future Effects of COVID-19

In March of 2020 the District closed most operations at campuses and centers, transitioning to a virtual environment. In the interests of students' well-being, the college closed its residence halls and refunded prorated room and board payments. Revenues related to auxiliary services such as facility rentals, the Performance Arts Center, and the Family Enrichment Center declined as well. By May of 2020, the college received CARES Act Higher Education Emergency Relief Fund (HEERF) Institutional and Student Portion funds to support its students and offset institutional losses. There were immediate unexpected expenses such as personal protective equipment, janitorial supplies, and additional technology support costs to allow students and employees to work online. In total, the District was granted \$1,195,000 of Institutional Support and \$1,195,000 of Student Support funds. Student Support funds are distributed directly to students as emergency aid. A portion of these funds was spent during fiscal year 2019-20 to cover these additional expenses and to assist students. The remaining funds will be spent in fiscal year 2020-21.

The District has experienced an almost 10% decline in fall semester enrollment as a result of COVID-19. To off-set the decline in tuition and auxiliary services revenue the college has taken steps to reduce expenses by reducing part-time labor, not filling vacant full-time positions, and reducing non-labor budgets. The District expects the impact on enrollment to continue for the spring 2021 semester and plans to continue reducing expenditures to off-set lost revenue.

Overview of Financial Statements

The Statement of Net Position reflects the financial position of the District at June 30, 2020. It shows the various assets owned or controlled, deferred outflows of resources, related liabilities and other obligations, deferred inflows of resources, and the various categories of net position. Deferred outflows of resources represent consumption of net position that applies to a future reporting period(s) and so will not be recognized as outflows of resources (expense) until then. Deferred inflows of resources represent the acquisition of net position that applies to a future reporting period(s) and so will not be recognized as inflows of resources (revenue) until that time.

Net position is an accounting concept defined as the difference between 'assets and deferred outflows of resources' and 'liabilities and deferred inflows of resources'. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The condensed financial information below highlights the main categories of the Statement of Net Position. Assets are distinguished between capital and current or noncurrent assets. Liabilities are distinguished between long-term liabilities and other liabilities. Net position is divided into three categories reflecting the institutional equity in assets by broad characteristics. In addition to the District's capital assets, the District holds resources that have been restricted by external parties for specific programs or purposes. The remaining portion of net position is unrestricted and dedicated to the primary mission of the District.

Deferred Outflows of Resources	<u>4,297,881</u>	<u>4,515,413</u>
Liabilities:		
Other liabilities	6,259,775	5,582,858
Long-term liabilities	<u>42,481,772</u>	<u>46,578,373</u>
Total liabilities	<u>48,741,547</u>	<u>52,161,231</u>
Deferred Inflows of Resources	<u>1,880,126</u>	<u>3,310,978</u>
Net Position:		
Net investment in capital assets	152,382,909	143,098,963
Restricted net position	610,989	978,339
Unrestricted net position	<u>(7,412,603)</u>	<u>(6,617,780)</u>
Total net position	<u>\$145,581,295</u>	<u>\$137,459,522</u>

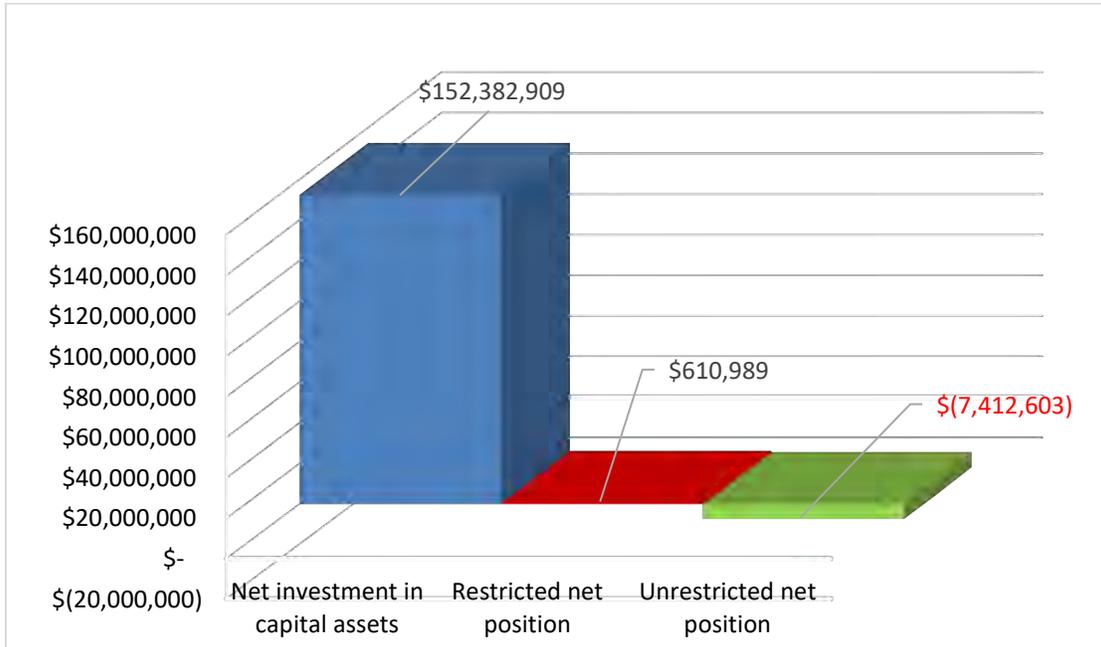

Current assets increased by \$233,369 due to increased receivables being off-set by less cash and cash equivalents at June 30, 2020. The increase in capital assets, net of depreciation, of \$3,244,374 was attributable to spending capital accumulation account monies and other funds budgeted for capital assets on building renovations, site improvements and equipment.

Deferred outflows and inflows of resources are predominantly comprised of activity relating to pensions. Deferred outflows and inflows of resources are changes in the net pension liability that will be recognized as pension expense in future years and contributions after the measurement date that will reduce the net pension liability in future years. Variances in these lines will arise from year to year due to the performance of investments, contribution changes to ASRS plans, composition of employer participants, and several other actuarial assumptions. Deferred outflows and inflows amounts are provided by the Arizona State Retirement System.

Other liabilities increased by \$676,917 as there were more general payables, construction related payables and accrued payroll recorded at June 30, 2020, compared to the prior year. The \$4,096,601 decrease in long-term liabilities was a result of scheduled principal payments made on general obligation bonds, pledged revenue obligations and revenue bonds off-set by an increase in net pension liability. There was a \$2,124,805 increase in net pension liability that primarily resulted from changes in significant actuarial assumptions and estimates used to determine the plan's liability such as discount rate, future raises, inflation and mortality rates.

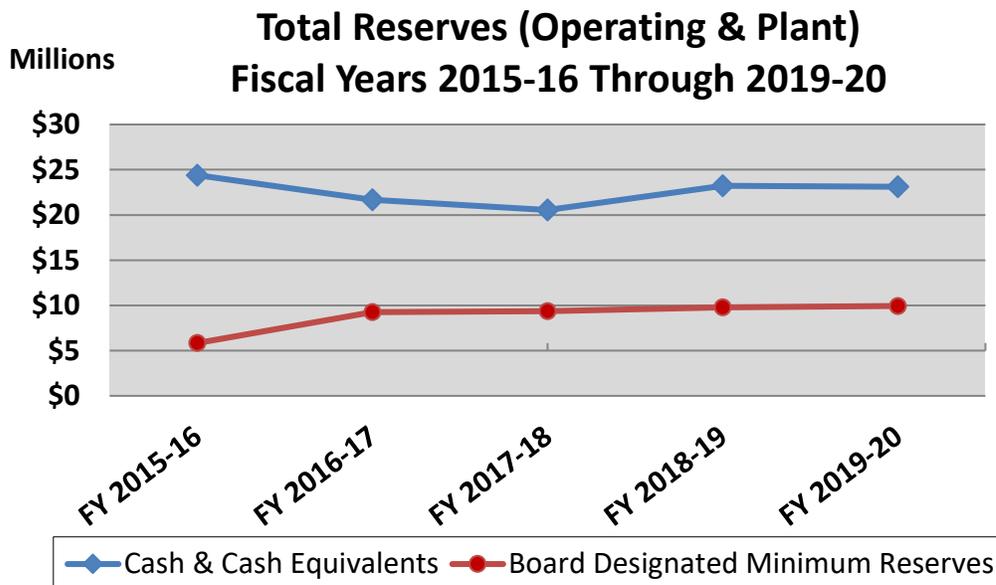

The District's net investment in capital assets increased by \$9,283,946 over the previous fiscal year. This increase was attributable to the addition of equity in the District's capital assets over the previous year and the reduction of debt acquired to pay for these assets. Restricted net position decreased by \$367,350 due to the use of secondary property tax balances. The decrease in unrestricted net position of \$794,823 was primarily attributed to an increase in net pension liability, off-set by a one-time state appropriation, vacancy savings, and unspent operating contingency budgets.

Net Position as of June 30, 2020

As noted earlier, net position reflects the financial position of the District. The largest portion of the District's net position reflects the investment in capital assets (e.g., land, buildings, improvements other than buildings, etc.), net of depreciation and less any related debt used to acquire those assets still outstanding. The District uses these assets to provide services to students; consequently, these assets are not available for future spending.

An additional portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of net position, which is unrestricted, is in a deficit due to the significant net pension liability required to be recorded beginning fiscal year 2015. Although the unrestricted net position is a deficit balance of \$(7,412,603) at June 30, 2020, the District continues to maintain sufficient cash reserves and has adequate resources to meet all current obligations. Cash reserves in excess of the District Governing Board's minimum requirements are primarily used to fund next year's capital projects. The District's cash reserves can be seen on the following chart.

The Statement of Revenues, Expenses, and Changes in Net Position reflects the results of operations for the fiscal year ended June 30, 2020. It shows the various revenues and expenses, both operating and non-operating, reconciling the beginning net position amount to the ending net position amount as presented on the Statement of Net Position.

The condensed financial information below highlights the main categories of the Statement of Revenues, Expenses, and Changes in Net Position.

Condensed Statement of Revenues, Expenses, and Changes in Net Position

	<u>Year Ended</u>	
	<u>6/30/2020</u>	<u>6/30/2019</u>
Revenues		
Operating:		
Tuition and fees, net of scholarship allowances	\$ 8,408,631	\$ 8,957,444
Other	2,308,839	2,549,798
Non-operating:		
Property taxes	50,705,820	50,561,375
Government grants	11,191,331	10,894,560
State aid	3,904,362	2,067,801
Private grants and gifts	1,611,282	1,444,067
Investment earnings	464,145	457,782
Gain on disposal of capital assets	7,185	1,331,212
Total revenues	<u>78,601,595</u>	<u>78,264,039</u>
Expenses		
Operating:		
Educational and general:		
Instruction	20,257,487	18,627,532
Public service	2,247,444	2,191,127
Academic support	4,959,894	4,602,601
Student services	8,359,344	7,430,277
Institutional support	11,447,171	10,067,807
Operation and maintenance of plant	7,347,099	6,742,118
Scholarships	5,790,516	5,950,319
Auxiliary enterprises	1,943,218	2,033,663
Depreciation	7,588,582	7,174,803
Total operating expenses	<u>69,940,755</u>	<u>64,820,247</u>
Non-operating:		
Interest expense on debt	570,657	780,289
Loss on defeasance of debt	<u>-</u>	<u>346,595</u>
Total expenses	<u>70,511,412</u>	<u>65,947,131</u>
Income before other revenues, expenses, gains, or losses	8,090,183	12,316,908
Capital revenues	<u>31,590</u>	<u>1,200,124</u>
Increase in net position	8,121,773	13,517,032
Net position, beginning of year	<u>137,459,522</u>	<u>123,942,490</u>
Net position, end of year	<u>\$145,581,295</u>	<u>\$137,459,522</u>

Revenues are separated into two categories -- operating and non-operating. For a description of the difference between operating and non-operating, please refer to the Summary of Significant Accounting Policies (Note 1).

The District shows an operating loss reflective of the fact that three of the four main revenue sources - property taxes, government grants and state aid -- are considered non-operating revenues.

Overall, revenues increased from the previous fiscal year by \$337,556. Higher property taxes due to new commercial and residential construction were almost fully off-set by the reduction of secondary taxes related to the District's general obligation bonds. Increased government grant revenue and a one-time appropriation of \$1,761,300 from the state were off-set by less tuition & fees and auxiliary services revenue primarily due to the COVID-19 pandemic. Excluding the District's \$1,331,212 capital gain on the sale of the District's portion of the Town of Prescott Valley Library building in the prior year, overall revenues would have increased by \$1,668,768.

Revenues by Source Fiscal Year 2020

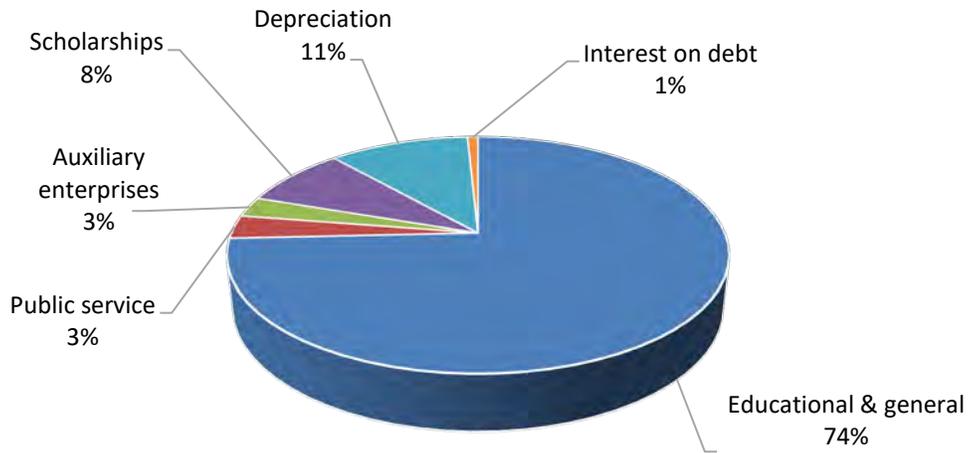

Depreciation expense is recorded in accordance with the adoption of the full accrual basis of accounting. The construction and acquisition of capital assets, although budgeted and tracked as an expenditure in the accounting system, is not reflected as an expense in these statements. Such transactions are reported as an asset with the systematic allocation of such costs expensed over the useful life of the asset constructed or acquired.

Overall, operating expenses increased \$5,120,508 from the previous fiscal year. More than \$2,932,000 or 57% of this increase was due to the District's pension expense compared to the prior year. Pension expense is actuarially determined by the pension plan. It can fluctuate widely from year to year based on the plan's assumptions and actual performance, and differs from the District's actual contributions.

The largest increase for a total of \$1,629,955 was in Instruction and was mainly due to pension expense, as described above, and annual salary increases. Institutional Support increased \$1,379,364 due to pension expense, annual salary increases, a new District-wide outreach coordinator position, and a new marketing position at the Verde campus. Student Services increased by \$929,067 due to pension expense, annual salary increases, a new athletics major gift officer position and a new sports information director position. Operation and Maintenance of Plant increased \$604,981 due to pension expense, annual salary increases, a residence hall demand/feasibility study, and unplanned COVID-19 related

expenses. Lastly, Depreciation increased 5.8% reflecting the capital asset additions related to the District's long-range Capital Improvement Plan and its continued commitment to effective asset management with the goal of having well-maintained assets for the lowest total cost of ownership.

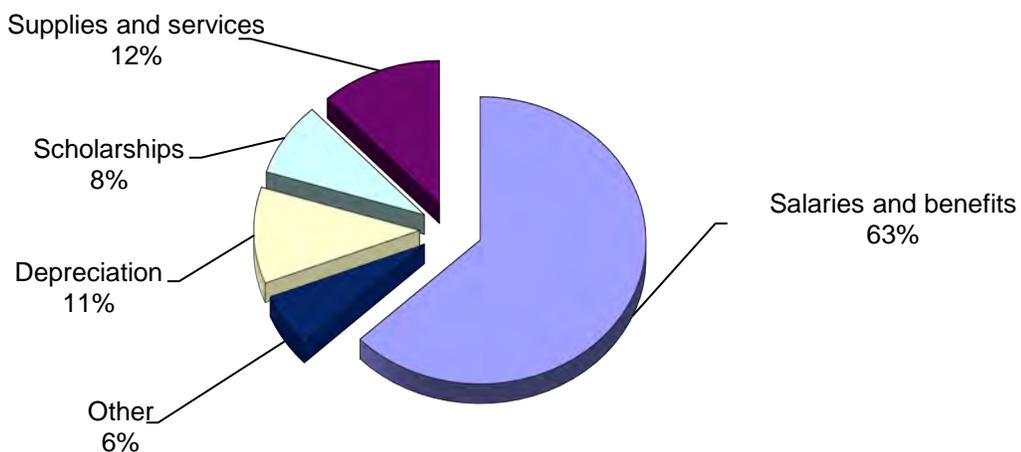

Expenses by Function Fiscal Year 2020

In addition to functional classification, a summary of the District's operating expenses by natural classification for the years ended June 30, 2020, and 2019 follows:

	FY 2020	FY 2019	% Change
Salaries and benefits	\$43,973,227	\$38,465,139	14.3%
Supplies and services	8,290,583	8,473,419	-2.2%
Scholarships	5,790,516	5,950,319	-2.7%
Depreciation	7,588,582	7,174,803	5.8%
Other	4,297,847	4,756,567	-9.6%
	\$69,940,755	\$64,820,247	7.9%

Expenses by Natural Classification Fiscal Year 2020

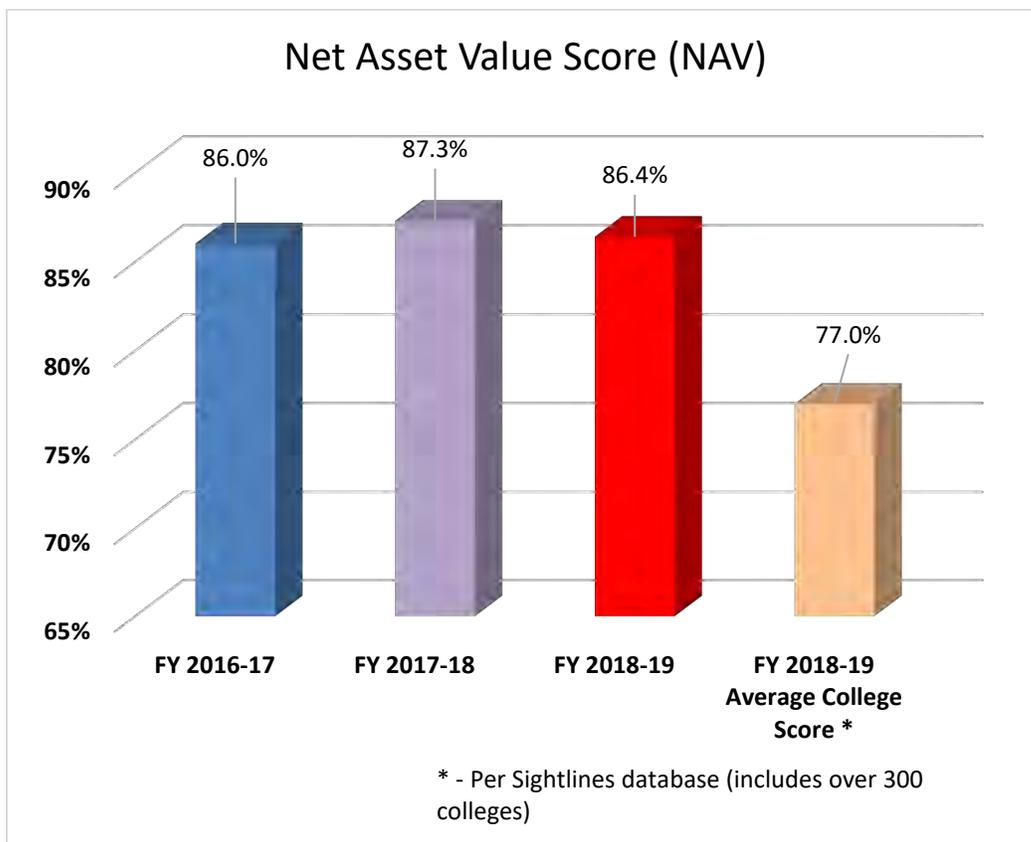

The Statement of Cash Flows reflects the cash inflows and outflows of cash and cash equivalents for the year ended June 30, 2020. It shows the various cash activities by type, reconciling the beginning cash and cash equivalents amount to the ending cash and cash equivalent amount – which is shown on the Statement of Net Position described above. In addition, this statement reconciles cash flows from operating activities to operating loss on the Statement of Revenues, Expenses, and Changes in Net Position described above.

Capital Assets and Debt Management

The renovation of building L on the Verde campus was completed by the beginning of the fall 2020 semester. In addition to connecting this building to the central plant, the space was renovated into the types of labs and classrooms needed to meet the emerging community Career & Technical Education needs in Healthcare and Advanced Manufacturing. The remodel improved the quality of instruction with state of the art science laboratories, medical skills labs, and manufacturing and engineering laboratories. These programs opened access to six degrees and certificates. The project was primarily funded with the District’s Future Capital Projects Accumulation monies.

Other important capital projects completed during the fiscal year included plumbing and fire safety upgrades in the residence halls, building 19 roof replacement on the Prescott campus, large marquee sign at the entrance of the Prescott campus, CTEC roof coating, fire alarm replacement at the Chino Valley Center and parking lot improvements at CTEC.

The District adheres to the philosophy that preventative maintenance will extend the useful life of the assets and lower the Total Costs of Ownership. Presented below is the Net Asset Value (NAV) index score for the District, provided by Sightlines, a third-party facilities benchmarking professional services firm. The NAV score represents the condition of the District’s buildings. The higher the score the better condition of the buildings. The District’s FY 2018-19 score places it in the top 10% of colleges and universities in Sightlines’ database.

The District re-invests in equipment to ensure employees have the tools needed to remain productive and students gain marketable skills relevant to the modern workforce. Equipment, along with all other capital assets (except land and construction in progress), is reported net of accumulated depreciation in accordance with the reporting standards issued by GASB. This has the effect of reducing the book value of capital assets. Depreciation totaled \$7,588,582 for the year and is shown as an operating expense on the Statement of Revenues, Expenses, and Changes in Net Position. Additional information on the District's capital assets can be found in Note 4 to the basic financial statements.

The District's general obligation (GO) bond debt issues are rated Aa2 and the pledged revenue obligations (PROs) are rated A1 by Moody's Investors Service and its GO bonds are rated AA- and its PROs are rated A by Standard & Pooors. These high quality ratings were affirmed over the last two fiscal years and are the result of the District's diverse tax base, history of operating surpluses and strong operating performance, conservative expense management and a low debt burden.

During fiscal year 2019-20, the District reduced its outstanding long-term debt by \$6,180,947. Long-term debt outstanding at June 30, 2020, is as follows:

Description	Original Amount	Maturity Ranges	Interest Rates	Outstanding Principal
General obligation bonds				
GO Refunding 2011	\$ 9,640,000	7/1/21	4.00%	\$ 495,000
GO Refunding 2012	28,450,000	7/1/21-22	3.00–4.00%	2,175,000
Pledged revenue obligations				
Series 2011	14,000,000	7/1/21-25	4.250–4.875%	4,975,000
Revenue bond				
Series 2013	5,000,000	7/1/21-28	2.45%	2,895,000

Additional information on the District's outstanding debt can be found in Note 5 to the basic financial statements.

Request for Information

This discussion and analysis is designed to provide a general overview of the finances for the Yavapai County Community College District to all those with an interest in such matters. Questions concerning any of the information provided in this Comprehensive Annual Financial Report or requests for additional financial information should be addressed to the Office of Business Services, Yavapai College, 1100 East Sheldon Street, Prescott, AZ 86301.

Decrease in compensated absences	(29,959)
Decrease in other liabilities (accrued retiree)	(10,500)
Decrease in deferred inflows of resources related to pensions	(1,430,852)
Net cash used for operating activities	\$ (50,972,029)

Noncash investing, capital, and noncapital financing activities:

Amortization of prepaid bond insurance costs

The District amortized \$7,924 of prepaid bond insurance costs.

Amortization of premium on bonds and deferred charges

The District amortized \$203,616 of bond premiums, \$12,331 of pledged revenue obligation premiums and (\$186,084) of deferred charges.

Gifts of depreciable assets

The District recorded the receipt of gifts of depreciable assets of \$3,090.

See accompanying notes to financial statements.

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

Note 1 - Summary of Significant Accounting Policies

Yavapai County Community College District's accounting policies conform to Generally Accepted Accounting Principles (GAAP) applicable to public institutions engaged only in business-type activities adopted by the Governmental Accounting Standards Board (GASB).

Reporting Entity

The District is a special-purpose government that a separately elected governing body governs. It is legally separate and fiscally independent of other state and local governments. The accompanying financial statements present the activities of the District (the primary government) and its discretely presented component unit, the Yavapai College Foundation.

The Yavapai College Foundation (the Foundation) is a legally separate, tax-exempt organization, formed in the State of Arizona in 1971. The Board of Directors for the Foundation is elected from the general membership at the annual meeting. The term of office for each board member is three years with overlapping terms. It acts primarily as a fund-raising organization that receives gifts and bequests, administers those resources, and disburses payments to or on behalf of the District for scholarships and capital contributions. Beginning in November 2006, the Foundation also began receiving revenue from and making specified payments for the District's Community Events Program which provides a variety of theatrical and musical productions for the community. Although the District does not control the timing or amount of receipts from the Foundation, the Foundation's restricted resources can be used only by, or for the benefit of, the District or its constituents. Consequently, the Foundation is considered a component unit of the District and is discretely presented in the District's financial statements.

For financial reporting purposes, the Foundation follows the Financial Accounting Standards Board standards for not-for-profit organizations. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information included in the District's financial report. Accordingly, those financial statements have been reported on separate pages following the District's respective counterpart financial statements. For financial reporting purposes, only the Foundation's statements of financial position and activities are included in the District's financial statements as required by GAAP for public colleges and universities. The Foundation has a June 30 year end.

During the year ended June 30, 2020, the Foundation gifted property and distributed funds in the amount of \$1,154,833 to or on behalf of the District for both restricted and unrestricted purposes. Complete financial statements for the Foundation can be obtained

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

from the Yavapai College Foundation, 1100 East Sheldon Street, Prescott, Arizona 86301.

Basis of Presentation and Accounting

The financial statements include a statement of net position; a statement of revenues, expenses, and changes in net position; and a statement of cash flows.

A statement of net position provides information about the District's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position at the end of the year. Assets and liabilities are classified as either current or noncurrent. Net position is classified according to external donor restrictions or availability of assets to satisfy the District's obligations. Net investment in capital assets represents the value of capital assets, net of accumulated depreciation, less any outstanding debt incurred to acquire or construct the assets. Nonexpendable restricted net position consists of District monies restricted for the purpose of funding the employee tuition and computer loan programs, the corpus of which cannot be expended. Expendable restricted net position represents grants, contracts, gifts, and other resources that have been externally restricted for specific purposes. Unrestricted net position consists of all other resources, including those that have been designated by management to be used for other than general operating purposes.

A statement of revenues, expenses, and changes in net position provides information about the District's financial activities during the year. Revenues and expenses are classified as either operating or nonoperating, and all changes in net position are reported, including capital contributions and additions to endowments. Operating revenues and expenses generally result from exchange transactions. Accordingly, revenues such as tuition, bookstore, and dormitory charges, in which each party receives and gives up essentially equal values, are considered operating revenues. Other revenues, such as property taxes, state appropriations, and government grants, result from transactions in which the parties do not exchange equal values and are considered nonoperating revenues. Operating expenses include the costs of sales and services, administrative expenses, and depreciation on capital assets. Other expenses, such as interest expense, are considered nonoperating expenses.

A statement of cash flows provides information about the District's sources and uses of cash and cash equivalents during the year. Increases and decreases in cash and cash equivalents are classified as either operating, noncapital financing, capital financing, or investing.

The financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. State appropriations are recognized as revenue in the year in which the appropriation is first made available for use. Grants and donations are recognized as revenue as soon as all eligibility requirements the provider imposed have been met. The District eliminates all internal activity.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Cash and Investments

For the statement of cash flows, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash and investments held by the County Treasurer. All investments are stated at fair value.

Capital Assets

Capital assets are reported at actual cost. Donated assets are reported at acquisition value.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the financial statements are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Land	\$5,000	None	n/a
Buildings	5,000	Straight line	40 years
Improvements other than buildings	5,000	Straight line	15 years
Equipment	5,000	Straight line	5 years
Intangibles	5,000	Straight line	30 years
Library books	1	Straight line	10 years

Deferred Outflows and Inflows of Resources

The statement of net position includes separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

expense in future periods. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will be recognized as a revenue in future periods.

Postemployment benefits

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Investment Earnings

Investment earnings is composed of interest, dividends, and net changes in the fair value of applicable investments.

Compensated Absences

Compensated absences payable consists of vacation leave and a calculated amount of sick leave employees earned based on services already rendered.

Employees may accumulate up to twice their annual entitlement amount of vacation. The payroll system stops accruing vacation hours once an employee reaches their limit. Annual leave balances remaining when employees separate from service are paid and therefore are accrued as a liability in the financial statements.

Employees may accumulate sick leave hours based upon employee class. Unused sick leave will carry over from year to year. Generally, sick leave benefits provide for ordinary sick pay and are cumulative, but employees forfeit them upon terminating employment. Because sick leave benefits do not vest with employees, a liability for sick leave benefits is not accrued in the financial statements. However, for employees who have at least 15 years of service with the District, and are eligible for retirement under the standards set by the Arizona State Retirement System, sick leave benefits do vest, and they may receive payment for up to 70 days of accumulated sick leave at \$60 a day. Accordingly, these benefits are accrued as a liability in the financial statements.

Scholarship Allowances

A scholarship allowance is the difference between the stated charge for goods and services the District provides and the amount that the student or third parties making

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

payments on the student's behalf pays. Accordingly, some types of student financial aid, such as Pell grants and scholarships the District awards, are considered scholarship allowances. These allowances are netted against tuition and fees and dormitory rental revenues in the statement of revenues, expenses, and changes in net position.

Note 2 - Deposits and Investments

Arizona Revised Statutes (A.R.S.) requires the District to deposit special tax levies for the District's maintenance or capital outlay with the County Treasurer. A.R.S. does not require the District to deposit other public monies in its custody with the County Treasurer; however, the District must act as a prudent person dealing with another's property when making investment decisions about those monies. A.R.S. requires collateral for deposits at 102 percent of all deposits not covered by federal depository insurance. A.R.S. does not include any requirements for credit risk, concentration of credit risk, interest rate risk, or foreign currency risk for the District's investments.

Deposits – At June 30, 2020, the carrying amount of the District's deposits was \$1,866,331, and the District's bank balance was \$2,857,608. The District does not have a formal policy with respect to custodial credit risk for deposits.

Investments – The District had total investments of \$20,795,167 at June 30, 2020, as follows:

External investment pool measured at fair value

County Treasurer's investment pool	<u>\$15,947,859</u>
Total investments measured at fair value	<u>\$15,947,859</u>

The District's investment in the County Treasurer's pool is valued using the District's proportionate participation in the pool because the pool's structure does not provide for shares. No oversight is provided for the County Treasurer's investment pool.

The District also had the following investments measured at amortized cost:

Wells Fargo Government Money Market Fund	<u>\$ 4,847,308</u>
Total investments measured at amortized cost	<u>\$ 4,847,308</u>

Credit risk – The District does not have a formal policy with respect to credit risk. At June 30, 2020, credit risk for the District's investments was as follows:

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

<u>Investment Type</u>	<u>Rating</u>	<u>Rating Agency</u>	<u>Amount</u>
County Treasurer's investment pool	Unrated	Not applicable	\$15,947,859
Wells Fargo Government Money Market Fund	AAAm	S&P	<u>4,847,308</u>
Total			<u>\$20,795,167</u>

Interest rate risk – The District does not have a formal policy with respect to interest rate risk. At June 30, 2020, the District had the following investments in debt securities:

<u>Investment Type</u>	<u>Amount</u>	<u>Weighted Average Maturity (Months)</u>
County Treasurer's investment pool	\$15,947,859	4.2
Wells Fargo Government Money Market Fund	<u>4,847,308</u>	1.3
Total	<u>\$20,795,167</u>	

A reconciliation of cash, deposits, and investments to amounts shown on the Statement of Net Position follows:

<u>Cash, Deposits, and Investments</u>	<u>Amount</u>	<u>Statement of Net Position</u>	<u>Amount</u>
Cash on hand	\$ 7,120	Cash and cash equivalents	<u>\$22,668,618</u>
Deposits	1,866,331	Total	<u>\$22,668,618</u>
Investments	<u>20,795,167</u>		
Total	<u>\$22,668,618</u>		

Note 3 – Receivables

A summary of receivables and the related allowances for uncollectibles follow:

<u>Account Name</u>	<u>Gross Receivable</u>	<u>Allowance for Uncollectibles</u>	<u>Net Receivable</u>
Accounts - current	\$ 1,211,724	\$ (895,701)	\$ 316,023
Government grants and contracts - current	1,216,768	-	1,216,768
Property taxes			
Current	1,245,479	(187,109)	1,058,370
Noncurrent	124,282	(26,610)	97,672

Property Taxes Receivable - The Yavapai County Treasurer is responsible for collecting property taxes for all governmental entities within the County. In August of each year, the County levies the property taxes due to the District. Two equal installments, payable in

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

October and March, become delinquent after the first business day in November and May. A lien assessed against real and personal property attaches on the first day of January preceding the assessment and levy. Delinquent taxes are subject to a penalty of 16% per annum.

Note 4 - Capital Assets

Capital asset activity for the year ended June 30, 2020, was as follows:

	<u>Balance July 1, 2019</u>	<u>Increases</u>	<u>Decreases</u>	<u>Reclassification</u>	<u>Balance June 30, 2020</u>
Capital assets not being depreciated:					
Land	\$ 5,628,526	\$ -	\$ -	\$ -	\$ 5,628,526

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

Note 5 - Long-Term Liabilities

Long-term liability and obligation activity for the year ended June 30, 2020, was as follows:

	<u>Balance July 1, 2019</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance June 30, 2020</u>	<u>Due Within One Year</u>
Long-term debt:					
General obligation bonds	\$ 7,150,000	\$ -	\$ 4,480,000	\$ 2,670,000	\$ 2,200,000
Premium on general obligation refunding	574,331	-	203,616	370,715	203,616
Pledged revenue obligations	6,135,000	-	1,160,000	4,975,000	1,200,000
Premium on pledged revenue obligations	73,988	-	12,331	61,657	12,331
Revenue bonds from direct placements	<u>3,220,000</u>	<u>-</u>	<u>325,000</u>	<u>2,895,000</u>	<u>330,000</u>
Total long-term debt	<u>17,153,319</u>	<u>-</u>	<u>6,180,947</u>	<u>10,972,372</u>	<u>3,945,947</u>
Net pension liability	27,460,621	2,124,805	-	29,585,426	-
Compensated absences payable	1,835,351	1,032,441	1,062,400	1,805,392	222,573
Other	<u>129,082</u>	<u>-</u>	<u>10,500</u>	<u>118,582</u>	<u>12,060</u>
Total long-term liabilities	<u>\$ 46,578,373</u>	<u>\$ 3,157,246</u>	<u>\$ 7,253,847</u>	<u>\$ 42,481,772</u>	<u>\$ 4,180,580</u>

The District also had an unused line of credit in the amount of \$ 2,000,000.

Bonds and Pledged Revenue Obligations – The District’s debt consists of various issues of general obligation bonds, pledged revenue obligations and revenue bonds from direct placements that are generally callable with interest payable semiannually. Debt proceeds pay primarily for acquiring or constructing capital facilities, remodeling existing facilities, furnishing buildings and facilities, and purchasing land adjacent to existing facilities. The District repays general obligation bonds from voter-approved property taxes. Pledged revenue obligations and revenue bonds are repaid from tuition, fees, rentals, and other charges to students, faculty, and others. The original amounts of outstanding general obligation bonds, pledged revenue obligations, and revenue bonds were \$38,090,000, \$14,000,000, and \$5,000,000, respectively.

In June 2012, the District issued \$28,450,000 of general obligation refunding bonds with an average interest rate of 2.06 percent to advance refund general obligation bonds. The refunded general obligation bonds were paid in full as of July 1, 2014. The general obligation refunding bonds of 2012 are subject to early redemption prior to their stated maturity dates. On October 30, 2018, the District used \$4,020,000 of proceeds from the sale of its Prescott Valley Civic Circle building to fund an irrevocable trust to defease a portion of its outstanding 2012 GO Refunding Bonds. Cash was invested in U.S. Government Securities that will be used to pay future debt service payments on the defeased issues. As a result, the refunded debt liability as of June 30, 2020, for those refunded bonds is considered to be defeased and the liability for those bonds is not included in the financial statements. At June 30, 2020, outstanding bonds totaling \$4,020,000 were considered defeased.

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

In February 2011, the District issued \$9,640,000 of general obligation refunding bonds to advance refund \$9,640,000 of general obligation bonds, Series 2001(A). The District defeased the Series 2001(A) bonds which were paid in full on July 1, 2011. The general obligation refunding bonds of 2011 are not subject to early redemption prior to their stated maturity dates.

The general obligation bond issues are subject to the federal tax code arbitrage requirements. Excess earnings resulting from arbitrage will be rebated to the federal government. The District does not have a current arbitrage liability. The District's general obligation bond legal debt limit is 15% of the secondary assessed value of real and personal property within Yavapai County. The District's total general obligation bond debt capacity was \$571,613,054 as of June 30, 2020. Of this amount, the District has \$2,670,000 in general obligation bond debt applicable to the debt limit, leaving a legal debt margin of \$568,943,054.

In April 2011, the District issued \$14,000,000 of pledged revenue obligations of which \$4,564,513 was used to prepay a capital lease with SunTrust Bank. The remaining \$9,435,487 was used to construct the Prescott Chiller Water Plant and Clarkdale Central Plant. Obligations maturing on or before July 1, 2021, are not subject to early redemption. Obligations maturing on or after July 1, 2022, are subject to early redemption.

On June 13, 2013, the District issued \$5,000,000 of revenue bonds from direct placements with a fixed interest rate of 2.45 percent to construct, renovate, furnish, and equip the residence halls on the Prescott Campus and to make related site improvements. Obligations maturing on or before July 1, 2023, are not subject to early redemption. Obligations maturing on or after July 1, 2024, are subject to early redemption.

The District has pledged future tuition, fees, dormitory rentals, bookstore income and other charges to students, faculty, and others to repay the April 2011 pledged revenue obligations and the June 2013 revenue bonds. The pledged revenue obligations and revenue bonds are payable solely from these revenue sources and are payable through 2025 and 2028, respectively. Annual principal and interest payments on the pledged revenue obligations and bonds are expected to require less than 16.8% of tuition, fees, dormitory rentals, bookstore, and other income. In the current year, total revenues of \$10,979,198 were pledged to cover the principal and interest paid of \$1,846,996.

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

Bonds and pledged revenue obligations outstanding at June 30, 2020, were as follows:

<u>Description</u>	<u>Original Amount Issued</u>	<u>Maturity Ranges</u>	<u>Interest Rates</u>	<u>Outstanding Principal</u>
General obligation bonds				
GO Refunding 2011	\$ 9,640,000	7/1/21	4.00%	\$ 495,000
GO Refunding 2012	28,450,000	7/1/21-7/1/22	3.00-4.00%	2,175,000
Pledged revenue obligations				
Series 2011	14,000,000	7/1/21-7/1/25	4.250-4.875%	4,975,000
Revenue bonds from direct placements				
Series 2013	5,000,000	7/1/21-7/1/28	2.45%	2,895,000

The following schedule details debt service requirements to maturity for the District's bonds payable and pledged revenue obligations at June 30, 2020:

Year Ending June 30,	<u>General Obligation Bonds</u>		<u>Pledged Revenue Obligations</u>		<u>Revenue Bonds from direct placements</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2021	\$ 2,200,000	\$89,750	\$ 1,200,000	\$ 235,256	\$ 330,000	\$ 70,928
2022	470,000	18,800	1,255,000	184,032	340,000	62,842
2023			800,000	122,850	350,000	54,512
2024			840,000	83,850	355,000	45,938
2025			880,000	42,900	365,000	37,240
2026 - 2028					<u>1,155,000</u>	<u>57,085</u>
Total	<u>\$ 2,670,000</u>	<u>\$108,550</u>	<u>\$ 4,975,000</u>	<u>\$ 668,888</u>	<u>\$2,895,000</u>	<u>\$ 328,545</u>

Note 6 - Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District carries commercial insurance for all such risks of loss, including workers' compensation, employees' health, and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

In addition, the District purchases health care insurance from the Yavapai Combined Trust (Trust), a public entity risk pool formed to provide health care benefits to employees of participating governmental units. The Trust is funded by irrevocable contributions from the District for employee coverage and from the District and employees for dependent coverage. The District's contributions are reported as expenses in the financial statements. The Trust provides coverage for claims up to \$250,000 for each insured's

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

health claims. The Trust purchases commercial insurance coverage for claims in excess of these limits. The commercial insurance is sufficient to cover the maximum plan limits so the District is not liable for claims in excess of coverage limits and the District cannot be assessed supplemental premiums. The Trust's assets are managed by a separate board of directors.

Note 7 - Pensions

District employees participate in the Arizona State Retirement System (ASRS) or one of three defined contribution plans which are described below. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at www.azasrs.gov.

Defined Benefit Plan

Plan description - The ASRS administers a cost-sharing multiple-employer defined benefit pension plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 2. The ASRS is a component unit of the State of Arizona.

Benefits provided - The ASRS provides retirement and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

	Retirement	
	<u>Initial membership date:</u>	
	<u>Before July 1, 2011</u>	<u>On or after July 1, 2011</u>
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years, age 62 5 years, age 50* any years, age 65	30 years, age 55 25 years, age 60 10 years, age 62 5 years, age 50* any years, age 65
Final average salary is based on	Highest 36 consecutive months of last 120 months	Highest 60 consecutive months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

*With actuarially reduced benefits.

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earnings. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Contributions - In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2020, statute required active ASRS members to contribute at the actuarially determined rate of 11.94 percent of the members' annual covered payroll, and statute required the District to contribute at the actuarially determined rate of 11.45 percent of the active members' annual covered payroll. In addition, the District was required by statute to contribute at the actuarially determined rate of 10.29 percent of annual covered payroll of retired members who worked for the District in positions that an employee who contributes to the ASRS would typically fill. The District's contributions to the pension plan for the year ended June 30, 2020, were \$2,630,912.

Pension liability - At June 30, 2020, the District reported a liability of \$29,585,426 for its proportionate share of the ASRS' net pension liability. The net pension liability was measured as of June 30, 2019. The total liability used to calculate the net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2018, to the measurement date of June 30, 2019.

The District's proportion of the net pension liability was based on the District's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2019. The District's proportion measured as of June 30, 2019, was .2033 percent which was an increase of .0064 from its proportions measured as of June 30, 2018.

Pension expense and deferred outflows/inflows of resources - For the year ended June 30, 2020, the District recognized pension expense for ASRS of \$3,360,644. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

	<u>Deferred outflows of resources</u>	<u>Deferred inflows of resources</u>
Differences between expected and actual experience	\$ 534,469	\$ 5,562
Changes of assumptions or other inputs	125,059	1,178,150
Net difference between projected and actual earnings on plan investments	-	664,978
Changes in proportion and differences between district contributions and proportionate share of contributions	635,274	31,436
District contributions subsequent to the measurement date	<u>2,630,912</u>	<u>-</u>
Total	<u>\$3,925,714</u>	<u>\$1,880,126</u>

The \$2,630,912 reported as deferred outflows of resources related to ASRS pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions will be recognized in expense as follows:

Year ending	
<u>June 30</u>	
2021	\$ (142,111)
2022	(493,608)
2023	(127,704)
2024	178,099

Actuarial assumptions - The significant actuarial assumptions used to measure the total pension liability are as follows:

Actuarial valuation date	June 30, 2018
Actuarial roll forward date	June 30, 2019
Actuarial cost method	Entry age normal
Investment rate of return	7.5%
Projected salary increases	2.7–7.2%
Inflation	2.3%
Permanent benefit increase	Included
Mortality rates	2017 SRA Scale U-MP

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

Actuarial assumptions used in the June 30, 2018, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on ASRS plan investments was determined to be 7.5 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset class</u>	<u>Target allocation</u>	<u>Long-term expected geometric real rate of return</u>
Equity	50%	6.09%
Credit	20%	5.36%
Interest rate sensitive bonds	10%	1.62%
Real estate	<u>20%</u>	5.85%
Total	<u>100%</u>	

Discount rate – The discount rate used to measure the ASRS total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board’s funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District’s proportionate share of the ASRS net pension liability to changes in the discount rate - The following table presents the District’s proportionate share of the net pension liability calculated using the discount rate of 7.5 percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5 percent) or 1 percentage point higher (8.5 percent) than the current rate:

	<u>1% Decrease (6.5%)</u>	<u>Current discount rate (7.5%)</u>	<u>1% Increase (8.5%)</u>
District’s proportionate share of Net pension liability	\$42,106,914	\$29,585,426	\$19,120,684

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

Plan fiduciary net position - Detailed information about the plan's fiduciary net position is available in the separately issued ASRS financial report.

Contributions payable - The District's accrued payroll and employee benefits included \$202,110 of outstanding pension contribution amounts payable to ASRS for the year ended June 30, 2020.

Defined Contribution Plans

Plan description - In accordance with A.R.S. §15-1451, defining the authority under which benefit terms are established or may be amended, District faculty, service professionals, and administrative staff have the option of participating in defined contribution pension plans instead of the Arizona State Retirement System. These plans are administered by independent insurance and annuity companies. Beginning in fiscal year 1998-99, the District offered defined contribution plans by Teachers Insurance Annuity Association/College Retirement Equities Fund (TIAA/CREF), Variable Annuity Life Insurance Company (VALIC), and VOYA Financial. Benefits under these plans depend solely on the contributed amounts and the returns earned on the investment of those contributions. Contributions made by employees vest immediately, and District contributions vest after three years of full-time employment. Employee and District contributions and associated returns earned on investments may be withdrawn starting upon termination of employment, death, or retirement. The distribution of employee and District contributions and associated investment earnings are made in accordance with the employee's contract with the applicable insurance and annuity companies.

Funding policy - The Arizona State Legislature allows the District to establish contribution rates each year that are at least as much as the ASRS contribution amounts. For the year ended June 30, 2020, the District and employees contributed at the rate of 11.94 percent of the member's annual covered payroll. Amounts collected from both employees and the District are remitted to the three plans on a bi-weekly basis.

Pension expense – For the year ended June 30, 2020, the District recognized pension expense for defined contribution plans of \$676,372. For the year ended June 30, 2020, forfeitures reduced the District's pension expense by \$13,872.

Pension contributions payable - The District's accrued payroll and employee benefits included \$51,953 of outstanding pension contribution amounts payable to TIAA/CREF, VALIC, and VOYA Financial for the year ended June 30, 2020.

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

Note 8 - Operating Expenses

The District's operating expenses are presented by functional classification in the Statement of Revenues, Expenses, and Changes in Net Position – Primary Government. The operating expenses by natural classification consist of the following:

Salaries and benefits	\$ 43,973,227
Contract services	3,597,578
Supplies and other services	2,831,576
Communications and utilities	1,861,429
Scholarships	5,790,516
Depreciation	7,588,582
Other	<u>4,297,847</u>
Total	<u>\$69,940,755</u>

A.R.S. §35-391, requires the disclosure of the amount of any reward, discount, incentive, or other financial consideration received resulting from the use of credit card payments by governmental entities. During the current fiscal year, the District received \$62,682 in rebates from the use of credit cards.

Note 9 - Contingencies

A former employee has filed a lawsuit against the District seeking reimbursement, on behalf of the federal government, of tuition payments the District received from the Veteran's Administration. There is a reasonable possibility that a loss may be incurred but an estimate cannot be made at this time. The District contests the liability and is vigorously defending the lawsuit.

Note 10 – Subsequent Event

Transwestern Pipeline Company (Transwestern), whose natural gas pipeline runs through Arizona, owns property that is centrally assessed by the Arizona Department of Revenue. Transwestern challenged property valuations dating back to 2015. After several years of litigation and appeals with the Arizona Department of Revenue, on October 28, 2020, a stipulated judgment was reached. According to the judgment, properties taxed to Transwestern since 2015 are to be re-assessed with a significantly reduced valuation. The District's portion of the estimated property tax refund to Transwestern as of June 30, 2020, is \$766,812. Since this amount was determined by the courts and not through a settlement, the District can defray payment for one year and levy these taxes in the following year. For fiscal year 2020-21, the value of the pipeline property will be reduced resulting in the District receiving approximately \$147,000 less in property taxes.

Nature of Activities and Summary of Significant Accounting Policies

Nature of Activities

The Yavapai College Foundation (the "Foundation") was formed in 1971 as an Arizona not-for-profit Corporation. The Foundation's mission and purpose is to support the programs and activities of Yavapai College (the "College"). The Foundation supports student scholarships, faculty development and programs that enrich both campus and community life.

The major activities of the Foundation include providing scholarships to College students, capital additions to the College, administrative and financial services to the Yavapai College Performing Arts Center ("YCPAC") program for the College and financial resources for many academic and career and technical programs offered at the College. Resources to fund these activities are provided mainly from investment income, contributions, grants, and rents.

The bylaws of the Foundation allow for the creation of auxiliaries when a group of people demonstrate a need and desire to support the Foundation's mission in a particular area of interest. There are three auxiliaries as follows:

- FRIENDS of Performing Arts – The purpose of this group is to support Yavapai College performing arts programs and students, including student scholarships.
- FRIENDS of the Family Enrichment Center – The purpose of this group is to support and raise funds for the Family Enrichment Center (FEC). The FEC offers quality learning experiences to a diverse group of children while providing invaluable teacher training to the College's early and elementary education students.
- FRIENDS of the Southwest Wine Center – The purpose of this group is to support the viticulture and enology program.

In addition, program expenses include activities relating to the following fund:

- Performing Arts Center – The Performing Arts Charitable Endowment (PACE), through its annual disbursements, makes it possible to continue to offer spectacular seasons of music, dance, and theater in the Yavapai College Performing Arts Center.

Basis of Accounting and Financial Statement Presentation

The financial statements of the Foundation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

Fair Value Measurements

Accounting Standards establish a framework for measuring fair value which provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under Accounting Standards are as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified term (contractual term), the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement, and usually reflect the Foundation's own assumptions that market participants would use in pricing the assets (i.e. real estate valuations, broker quotes).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments

Investments are recorded at fair value as determined by quoted prices in active markets or other valuation inputs. Investment income or loss is included in the change in net assets without donor restrictions, on the statement of activities, unless restricted by donor or law. Investment income or loss consists of interest and dividend income and realized and unrealized gains and losses, less external investment expenses.

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

The Foundation invests most of the endowments in an investment pool which is managed by an investment advisor to the Foundation. Investment return and investment fees within the investment pool are allocated monthly to the individual funds based on the relationship of the market value of each fund to the total market value of the pool as adjusted for additions to or distributions from those funds.

Endowment Funds

The Foundation's endowment funds consist of 160 funds established for a variety of purposes. The endowment funds include both donor-restricted endowment funds and funds designated by the Board of Directors as endowments. Net assets associated with these endowment funds, are classified, and reported based on the existence or absence of donor-imposed restrictions.

The Foundation follows Arizona's Management of Charitable Funds Act (MCFA) and its own governing documents. MCFA requires the preservation of endowment funds. When a donor's intent is not expressed, MCFA directs the Foundation to spend an amount that is prudent, consistent with the purposes of the funds, relevant economic factors, and the donor's intent that the funds continue in perpetuity.

The Foundation classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The donor-restricted endowment fund also includes accumulated earnings in the fund that are also classified as net assets with donor restrictions until those amounts are appropriated for the expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by MCFA.

In accordance with MCFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) the Foundation's other resources, and (7) the Foundation's investment policies.

Investment Return Objectives, Risk Parameters and Strategies. The Foundation has adopted investment and spending policies, approved by the Board of Directors, for endowment assets that attempt to provide a predictable stream of funding for programs supported by its endowment funds while also maintaining the purchasing power of those endowment assets over the long-term. Accordingly, the investment process seeks to achieve an after-cost total real rate of return, including investment income as well as

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

capital appreciation, which exceeds the annual distribution with acceptable levels of risk. The Foundation's primary objective is to obtain the best possible return on investments with the appropriate degree of risk and to meet the priorities of the Foundation and Yavapai College over time. Endowment assets are invested in a well-diversified asset mix that is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make an annual distribution of 4%, while growing the funds if possible. Therefore, the Foundation expects its endowment assets, over time, to produce results that exceed the price and yield results of a custom index made up of approximately 70% equities and 30% fixed income. Actual returns may vary from year to year. Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to not expose the fund to unacceptable levels of risk.

Spending Policy. The Foundation appropriates for distribution each year up to 4% of its endowment funds' average fair value of the prior 28 quarters through December 31 for any funds that are above the historic dollar value. The Foundation may elect, on a case by case basis, to approve an allocation expenditure in excess of 4% but not exceeding 7% for selected funds. In establishing this practice, the Foundation considers the long-term expected return on its investment assets, the nature and duration of the individual endowment funds, many of which must be maintained in perpetuity because of donor restrictions, and the possible effects of inflation. The Foundation expects the current spending practice to allow its endowment funds to grow over time as described above.

Investments

The following is a summary of the value of investments at June 30, 2020:

Fixed income	\$ 4,854,886
Equity funds	7,701,078
International equity funds	<u>4,873,983</u>
	<u>\$17,429,947</u>

The following schedule summarizes the investment return for the year ended June 30, 2020:

Interest and dividend income	\$ 407,320
Net realized gains	60,192
Net unrealized gains	233,005
Income distribution from perpetual trust	17,812
Investment fees	<u>(29,923)</u>
	<u>\$ 688,406</u>

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

The substantial changes in realized and unrealized gains and losses are more a reflection of market timing issues than a significant change in investment policies.

Fair Value of Financial Instruments

Investments with readily determinable fair values are measured at fair value in the statements of financial position as determined by quoted market prices in active markets (Level 1) or measured based on prices for identical assets in non-active markets (Level 3).

The following is a summary of financial instruments measured at fair value on a recurring basis at June 30, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Fixed income	\$ 4,854,886	\$ -	\$ -	\$ 4,854,886
Equity funds	7,701,078	-	-	7,701,078
International equity funds	<u>4,873,983</u>	<u>-</u>	<u>-</u>	<u>4,873,983</u>
Total investments	17,429,947	-	-	17,429,947
Beneficial interest in perpetual trust	<u>-</u>	<u>-</u>	<u>411,960</u>	<u>411,960</u>
	<u>\$17,429,947</u>	<u>\$ -</u>	<u>\$ 411,960</u>	<u>\$17,841,907</u>

Endowment Funds

Endowment funds include funds restricted in perpetuity by the donors, funds restricted for a specified period (term endowments) and a board designated fund.

Endowment net asset composition at June 30, 2020, are as follows:

	<u>Without Donor Restrictions</u>	<u>With Donor Restrictions</u>	<u>Total Endowment Funds</u>
Board designated fund	\$ 767,986	\$ -	\$ 767,986
Donor restricted funds:			
Permanently restricted funds	-	13,103,825	13,103,825
Term funds	<u>-</u>	<u>1,062,858</u>	<u>1,062,858</u>
	<u>\$ 767,986</u>	<u>\$14,166,683</u>	<u>\$14,934,669</u>

**YAVAPAI COUNTY COMMUNITY COLLEGE DISTRICT
(YAVAPAI COLLEGE)
Notes to Financial Statements
June 30, 2020**

Changes in endowment funds are as follows:

	Without Donor <u>Restrictions</u>	With Donor <u>Restrictions</u>	Total Endowment <u>Funds</u>
Balance, June 30, 2019	\$ 597,026	\$13,693,049	\$ 14,290,075

Source: Yavapai County Treasurer's Office and District records.

Note 1: Includes both primary and secondary taxes.

Note 2: Taxes levied for the fiscal year is the budgeted levy. The actual levy is generally lower when assessed because of a decrease in net assessed values due to taxpayer appeals.

Note 3: Amounts collected are on a cash basis.

Source: Yavapai County Assessor's Office.

Note 1: Overlapping rates are those of local and county governments that apply to property owners within the District.
Not all overlapping rates apply to all District property owners (e.g., the rates for fire districts apply only to the proportion of the District's owners whose property is located within the geographic boundaries of the fire district).

Note 2: Rates include primary and secondary.
